Memoir of a Retired Teacher By Praxedes Solina Victoriano Teacher Praxedes Solina Victoriano wrote Memoir of a Retired Teacher to reach the attention of parents school administrators and government authorities about the problems prevailing in US classrooms Praxedes hopes that if the above mentioned sectors work together teachers will be able to teach more effectively resulting in a higher quality of education especially in the public secondary schools The main purpose of writing this book is to help teachers maximize the learning process in their classrooms      *Research in Education* ,1969      **Memoir of a Retired Teacher** Edes C. Solina, 2011-09-07 In Memoir of a Retired Teacher author Edes Solina shares her concern that there is a real problem in education today American children are performing at levels significantly below the skill levels of many countries in mathematics and science exams College instructors are asking why such a large number of high school graduates are not prepared for college work in these and other subject areas The United States has the best quality of college or higher education in the whole world but the quality of education in high school is below acceptable levels for college entrance She believes the root cause of the substandard performance of American students is the serious disruption caused by discipline problems taking place in the classroom today Teachers need help in finding positive methods for turning the tide before its too late She believes that the schools need to allow the teachers to focus every minute of the class period on teaching and learning activities without the constant disruption from the rampant discipline problems plaguing their classrooms Memoir of a Retired Teacher is Solinas life story in three parts in the first part she looks back on the final days of her teaching career in the second part she remembers her teaching experiences and in the final part she recounts her lifes journey      *Teachers' Guide to Child Development* Arch Oliver Heck, California.
