Animals' Friend ,1896 **Animal Short Stories** B.G. Clement,Clement B.G. London, Ed.D.,2009-02-28 Language is power When animals take possession of words and especially begin with names they significantly move to the realm of freedom Just like slaves who have acquired manumission and can speak and write freely In this book of short stories the animals assume the characters of humans and therefore speak with authority of people in different life circumstances Other animals of the sane or different species adapt and adopt certain well defined stratagems in order to cope with the prolongation of their life spaces In this respect they serve as role models or prime examples of emulation ANIMAL SHORT STORIES should provide meaningful reading for children and young adults Clement B G London Ed D
