

"Dr. Hamilton has done his work well
and with a self-effacement as rare as
it is commendable. . . . He shows us
the man rather than the statesmen. . . .
A successful piece of portraiture."

Alexander Hamilton An Intimate Portrait:

Alexander Hamilton Noemie Emery,1982 Details the events relationships political battles and scandals that informed Hamilton s life and delineates the forces that motivated his obstinacy idealism and ambition Alexander Hamilton: The Formative Years Michael E. Newton,2015-07-01 Even though Alexander Hamilton was among the most important Founding Fathers less is known about his early life than that of any other major Founder Relatively few records have been found regarding Hamilton s birth childhood and origins in the West Indies Alexander Hamilton rarely dwelt upon his personal history and never recorded his life s story Most of Hamilton s correspondence prior to 1777 was lost during the American Revolution This has resulted in many gaps in Alexander Hamilton s biography which has given rise to much conjecture regarding the details of his life Relying on new research and extensive analysis of the existing literature Michael E Newton presents a more comprehensive and accurate account of Alexander Hamilton s formative years Despite being orphaned as a young boy and having his birth be the subject of the most humiliating criticism Alexander Hamilton used his intelligence determination and charisma to overcome his questionable origins and desperate situation As a mere child Hamilton went to work for a West Indian mercantile company Within a few short years Hamilton was managing the firm s St Croix operations Gaining the attention of the island s leading men Hamilton was sent to mainland North America for an education where he immediately fell in with the country s leading patriots After using his pen to defend the civil liberties of the Americans against British infringements Hamilton took up arms in the defense of those rights Earning distinction in the campaign of 1776 77 at the head of an artillery company Hamilton attracted the attention of General George Washington who made him his aide de camp Alexander Hamilton was soon writing some of Washington s most important correspondence advising the commander in chief on crucial military and political matters carrying out urgent missions conferring with French allies negotiating with the British and helping Washington manage his spy network As Washington later attested Hamilton had become his principal and most confidential aid After serving the commander in chief for four years Hamilton was given a field command and led the assault on Redoubt Ten at Yorktown the critical engagement in the decisive battle of the War for Independence By the age of just twenty five Alexander Hamilton had proven himself to be one of the most intelligent brave hard working and patriotic Americans Alexander Hamilton The Formative Years tells the dramatic story of how this poor immigrant emerged from obscurity and transformed himself into the most remarkable Founding Father In riveting detail Michael E Newton delivers a fresh and fascinating account of Alexander Hamilton s origins youth and indispensable services during the American Revolution The Jewish World of Alexander Hamilton Andrew Porwancher,2023-05-09 In his hit musical Hamilton Lin Manuel Miranda paints Founding Father Alexander Hamilton as the ultimate outsider the bastard orphan son of a whore who by sheer grit and smarts achieves political greatness leaving a permanent mark on the American landscape as the architect of its financial system In this book Andrew Porwancher argues that the first Secretary of the

Treasury and chief author of The Federalist Papers was even more of an outsider than previous biographers have noted Porwancher has uncovered evidence strongly suggesting that Hamilton was born and raised as a Jew at least until the age of 13 when his mother died The evidence is not definitive but it is compelling Porwancher s story begins in the 1750s in a colony in the Danish West Indies where Hamilton s mother Rachel Faucette married a merchant named Johann Michael Levine who sometimes went by the name of Lavien a Sephardic version of Levine Porwancher is convinced that Levine was Jewish and that Rachel born to a Christian family in the British Caribbean converted in order to marry him as was required by Danish law at the time Faucette s marriage with Levine was troubled leading her to flee to a nearby British Caribbean colony where she met the Scotsman James Hamilton who conceived with her the future Founding Father out of wedlock Assuming Faucette s conversion to Judaism before this birth Alexander Hamilton was thus born a Jew according to Jewish law What is more there is strong evidence that he was raised with a Jewish education as he attended a Jewish day school on the island colony of Nevis at least until the age of 13 the year of his mother s death It is noteworthy that he is not listed in the island s baptismal records although parish records from that era are fragmentary and thus cannot provide definitive conclusions At some point Hamilton began identifying as a Christian at least by the age of 17 when he arrived in New York Although as an adult he wrote copiously on seemingly every topic under the sun he maintained a studied silence about his West Indian and most likely Jewish origins This is understandable for without the pretence of a Christian background it is unlikely that the young Hamilton could have advanced socially and professionally in the British colonies to the north And yet as Porwancher argues Hamilton s connections to Jews and Judaism continued throughout his life During a long professional life as a practicing lawyer and public figure he defended Jewish rights Notably he spoke out against antisemitism and ensured that a Jew be appointed to the board of his alma mater Columbia University the first Jew on the board of any American college And although a nominal Christian Hamilton kept institutional Christianity at arms length throughout his life There is no record of him mentioning the church or taking communion Porwancher does not overstate his claims nor does he try to simplify the fact that the lines between Jewish and non Jewish identity were frequently blurred in the Caribbean world that into which Hamilton was born What this book does in the words of the author is add the relevance of Judaism to our already rich understanding of Hamilton

Alexander Hamilton Lisa DeCarolis, 2002-12-15 Surveys the life of Alexander Hamilton a founding father later becoming the first Secretary of the Treasury

Alexander Hamilton and the Persistence of Myth Stephen F. Knott, 2002 Knott observes that Thomas Jefferson and his followers and later Andrew Jackson and his adherents tended to view Hamilton and his principles as un American While his policies generated mistrust in the South and the West where he is still seen as the founding plutocrat Hamilton was revered in New England and parts of the mid Atlantic states Hamilton s image as a champion of American nationalism caused his reputation to soar during the Civil War at least in the North However in the wake of Gilded Age excesses progressive and populist political leaders branded Hamilton as the

patron saint of Wall Street and his reputation began to disintegrate BOOK JACKET The Intimate Portrait Stephen Lloyd, Kim Sloan, 2008 Published to accompany the exhibition held at the Scottish National Portrait Gallery Edinburgh from 25 October 2008 to 1 February 2009 and at the British Museum from 5 March to 31 May 2009 T p verso *Discovering Hamilton* Michael E. Newton, 2019-07-11 For over two centuries Alexander Hamilton's birth, youth and family background have been shrouded in mystery For the first time ever Michael E Newton has conducted a systematic examination of the primary source material to discover the truth about Alexander Hamilton's early life In the greatest and most significant collection of original Hamilton discoveries to be made in decades Newton separates fact from fiction to create a new portrait of the tempestuous early years of America's most remarkable and enigmatic Founding Father and the people that comprised his world An icon in life and a legend in death Alexander Hamilton continues to fascinate *Discovering Hamilton* answers some of the most important and intriguing questions about Hamilton's biography and introduces abundant new material about the lives of Alexander Hamilton his family, friends and colleagues *The Hypomaniac Edge* John D. Gartner, 2008-06-23 Why is America so rich and powerful The answer lies in our genes according to psychologist John Gartner Hypomania a genetically based mild form of mania endows many of us with unusual energy, creativity, enthusiasm and a propensity for taking risks America has an extraordinarily high number of hypomanics grandiose types who leap on every wacky idea that occurs to them utterly convinced it will change the world Market bubbles and ill considered messianic crusades can be the downside But there is an enormous upside in terms of spectacular entrepreneurial zeal, drive for innovation and material success Americans may have a lot of crazy ideas but some of them lead to brilliant inventions Why is America so hypomaniac It is populated primarily by immigrants This self selection process is the boldest natural experiment ever conducted Those who had the will, optimism and daring to take the leap into the unknown have passed those traits on to their descendants Bringing his audacious and persuasive thesis to life Gartner offers case histories of some famous Americans who represent this phenomenon of hypomania These are the real stories you never learned in school about some of those men who made America Columbus who discovered the continent thought he was the messiah John Winthrop who settled and defined it believed Americans were God's new chosen people Alexander Hamilton the indispensable founder who envisioned America's economic future self destructed because of pride and impulsive behavior Andrew Carnegie who began America's industrial revolution was sure that he was destined personally to speed up human evolution and bring world peace The Mayer and Selznick families helped create the peculiarly American art form of the Hollywood film but familial bipolar disorders led to the fall of their empires Craig Venter decoded the human genome yet his arrogance made him despised by most of his scientific colleagues even as he spurred them on to make great discoveries While these men are extraordinary examples Gartner argues that many Americans have inherited the genes that have made them the most successful citizens in the world
 The Naked Socialist Paul B. Skousen, 2014-05-26 *The Naked Socialist* is the real story of socialism Complete easy to read

no jargon well documented and gives a fascinating look at the raw decay of culture and economy now at work in America It also provides a beautifully described explanation of the lasting principles of prosperity and constitutional freedoms that must be restored relatively quickly The Naked Socialist strips away the fakery the false hopes the hollow dreams and the meaningless promises that socialists have foisted on countless millions not just for the present but over thousands of years With clear brief and step by step examples and anecdotes the author explains what socialism is where it came from how it works how to recognize it and why it always destroys its host nation You will learn that the Seven Pillars of Socialism are not at all new but a phenomenon that first appeared more than 6 000 years ago and why socialism managed to mushroom in nations and cultures right up into today s current events The Naked Socialist is divided into five parts 1 Gaining an understanding of what socialism is 2 How it has appeared in human history 3 The miracle that stopped socialism 4 The corruption of that miracle and 5 The steps to return that miracle to America and the rest of the world today Included throughout the book are several questions to teach test and emphasize important points so that students of freedom may see where this nation needs to move to regain its lost liberties The Naked Socialist fulfills an urgent need to answer such questions as How much of the U S Constitution has been replaced with socialism What is socialism and why does it eventually ruin everything it touches How did the Founding Fathers specifically make socialism illegal How did socialism destroy Rome the ancient Inca Jamestown and Plymouth Are these same patterns of demise at work today Which U S presidents socialized America and what steps did they take to do it Are these reversible How is socialism hurting other nations around the globe What are the best examples of socialism in action today What are the Seven Pillars of Socialism How can people learn to recognize socialism in their midst or learn if they re thinking like a socialist What are the 46 goals of socialism What will it take to eradicate socialism once and for all The study of freedom breathes hope and encouragement into all things it sheds light into the dark corners of deception and conspiracy showing that truth is the only authentic transparency Once socialism is stripped naked those badly needed answers to restore freedom will materialize for everyone s benefit Find those answers plus hope and courage in the pages of The Naked Socialist Reviews The Naked Socialist is going to be explosive When people know what Paul Skousen is talking about and really get to the heart of socialism The Naked Socialist is going to go VIRAL George Jarkey Host of the nationally syndicated The George Jarkey Radio Show The Naked Socialist is an amazing book that provides clarity to what is going on in the socialist world and why Americans do not seem to get socialism Howard Stephenson Utah State Senator President of the Utah Taxpayers Association and Host of Red Meat Radio The Naked Socialist is one of those books that is both an interesting read as well as a useful reference book Paul Skousen s research is insightful and thorough spanning many civilizations and continents He not only strips socialism of its clothing he also provides us with great ideas for fighting this scourge This is a MUST READ for anyone who wants to know how our country arrived where it is today Stefan Bartelski Radio Host of the Patriot Come Lately Show The Naked Socialist

connects the ancient order of oppression with the modern order of oppression The Naked Socialist is a fabulous book and we need to get everyone to read it NOW Morgan Philpot Host of Philpot Radio and former member of the Utah House of Representatives As a retired University Professor I have spent many hours over the years doing research The Naked Socialist will be a gold mine for anyone presently researching the Socialist inroads in America It is the most complete and heavily documented work I have ever read yet can be read straight through as an intriguing historical novel James C Bowers Sc D Author of The Naked Truth The Naked Communist Revisited Reader's Guide to American History Peter J. Parish,2013-06-17 There are so many books on so many aspects of the history of the United States offering such a wide variety of interpretations that students teachers scholars and librarians often need help and advice on how to find what they want The Reader's Guide to American History is designed to meet that need by adopting a new and constructive approach to the appreciation of this rich historiography Each of the 600 entries on topics in political social and economic history describes and evaluates some 6 to 12 books on the topic providing guidance to the reader on everything from broad surveys and interpretive works to specialized monographs The entries are devoted to events and individuals as well as broader themes and are written by a team of well over 200 contributors all scholars of American history **Alexander Hamilton** Teri Kanefield,2017-03-07 Award winning author Teri Kanefield's biography of Alexander Hamilton for young readers is the first in the Making of America series The America that Alexander Hamilton knew was largely agricultural and built on slave labor He envisioned something else a multi racial urbanized capitalistic America with a strong central government He believed that such an America would be a land of opportunity for the poor and the newcomers But Hamilton's vision put him at odds with his archrivals who envisioned a pastoral America of small towns where governments were local states would control their own destiny and the federal government would remain small and weak The disputes that arose during America's first decades continued through American history to our present day Over time because of the systems Hamilton set up and the ideas he left his vision won out Here is the story that epitomizes the American dream a poor immigrant who made good in America In the end Hamilton rose from poverty through his intelligence and ability and did more to shape our country than any of his contemporaries Related subjects and concepts discussed in the book include Law and Legal Concepts Due Process Bill of Rights Freedom of Speech and the Press Originalism Nonoriginalism theories of constitutional interpretation Government Checks and Balances Democracy Electoral College Republic Financial Concepts Capitalism Credit Inflation Interest Mercantilism Securities Stocks and Bonds Tariffs Taxes Miscellaneous Demagogues Dueling Pastoralism Includes archival images About the Series The Making of America series traces the constitutional history of the United States through overlapping biographies of American men and women The debates that raged when our nation was founded have been argued ever since How should the Constitution be interpreted What is the meaning and where are the limits of personal liberty What is the proper role of the federal government Who should be included in we the people Each biography in the

series tells the story of an American leader who helped shape the United States of today The Making of America Series Alexander Hamilton 1 Andrew Jackson 2 Abraham Lincoln 3 Susan B Anthony 4 Franklin D Roosevelt 5 Thurgood Marshall 6

The Northeastern Dictionary of Women's Biography Jennifer S. Uglow,1999 The most comprehensive reference book of its kind with more than 60 new entries in this third edition *Encyclopedia of Lesbian Histories and Cultures* Bonnie Zimmerman,2013-08-21 Volume one of this two volume set focuses on lesbian history and culture beginning in 1869 when the study of homosexuality was said to have begun with the establishment of sexology It is intended as a reference for students and scholars in many fields as well as the general public **Classics in the Modern World** Lorna Hardwick,Stephen Harrison,2013-10 Classics in the Modern World explores the features and implications of a democratic turn in modern perceptions of the ancient world Exploring the relationship between Greek and Roman ways of thinking and modern definitions of democratic practices and approaches it enables a wider re evaluation of the role of classics in the modern world Pastel Portraits Katharine Baetjer,Marjorie Shelley,2011 American Families Past and Present Susan M. Ross,2006 Bringing together essays by twenty one distinguished scholars who have helped shape the field of family sociology in the last decade this interdisciplinary anthology examines variation within family experience especially as it has evolved across racial ethnic social gender and generational lines The essays place historical and institutional frameworks at the center of the discussion In depth chapter introductions along with critical questions to spark class discussion make this an ideal text for courses focusing on family composition trends and controversies in the United States **The Majesty of God's Law: Its Coming to America** , The Majesty of God s Law is a study of the history and development of the only system of law which was revealed by God himself That is why it is called God s Law The Psalmist described the supreme excellence of God s law when he said The law of the Lord is perfect converting the soul the testimony of the Lord is sure making wise the simple The statutes of the Lord are right rejoicing the heart the commandment of the Lord is pure enlightening the eyes Psalms 19 7 8 The entire code of God s law is carefully enunciated in the five chapters of this book Under this judicial system there are only about a hundred statutes required to govern a community state a nation and the world But this is only possible when these laws are in the hands of the wise and virtuous judges In order to make the system work the people must be taught the law and then they must enter into a solemn covenant to honor and sustain the precepts When Moses gave this law to the ancient Israelites he said it could make them most peaceful prosperous and powerful people in the World However it was revealed to Moses that the people of the age would violate its precepts He then learned that it would not be until the latter days that this law would be lived the way it was originally designed The American Founding Fathers picked up on that promise because it appeared to them that it would be in this choice land where this great promise would one day be fulfilled Nevertheless they recognized that the Constitution was the indispensable foundation for such an inspired system of prosperity justice and peace When they saw the Constitution would gradually unravel they knew that this character of liberty

would have to be restored in all its pristine power by some future generation And they knew this would have to occur before God s law could be inaugurated Someday God s law is coming to America It could come rapidly after a period of cleansing and reform even in our day And since Moses said it would eventually transpire there needs to be a generation of Americans trained and motivated to put it into effect Dr Skousen has prepared this present study in hopes that it might be of assistance
