Alexander Pope The Genius Of Sense:

Alexander Pope David B. Morris, **The Imaginative World of Alexander Pope** Leopold Damrosch Jr.,2023-04-28 This title is part of UC Press s Voices Revived program which commemorates University of California Press s mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1987 **The Temporality of Taste in Eighteenth-Century British Writing** James Noggle,2012-02-09 This book discusses the disruptive power of the concept of taste in the works of a number of important British writers including poets such as Alexander Pope and Joseph Warton philosophical historians such as David Hume and Anna Barbauld and novelists such as Frances Burney and William Beckford *Pope* Brean S. Hammond,2014-09-19 This collection of essays represents some of the best critical thinking on Pope in recent years Professor Hammond examines the main issues in the debate in particular why Pope s writing has been so resistant to modern methodologies such as deconstruction The essays focus on particular poems or themes and exemplify different theoretical perspectives both traditional and modern The editor s notes clarify the differences that exist and what those differences can teach the student about theory in practice *The Enduring Legacy* G. S. Rousseau,Pat Rogers,1988-10-27 This comprehensive 1988 survey of the poet s life and work appeared during the 300th anniversary of Alexander Pope s birth in 1688 *Alexander Pope* Yasmine Gooneratne,1976-09-16 Although Pope s reputation as a poet has never been higher among scholars and academics changes in our attitudes to the writing of poetry and to traditional literary values and fashions in versification have created barriers between his genius and the general reader Pope s poetry has to struggle against the assumptions that verse two centuries ago filled with allusions to forgotten myths and contemporary personalities can have little to say that is relevant Professor Gooneratne s study effectively shows how these barriers can be surmounted by the reader allowing Pope s work to make its impact upon the imagination in its own way as the expression of a powerful poetic personality which developed over forty years of continuous authorship Every major poem in the Pope canon is fully and critically discussed related to social circumstances that governed its composition and considered both as an example of generic writing and as an expression of personal feelings and convictions Through detailed analysis of Pope s diction and poetic technique Professor Gooneratne shows how his best and most deeply felt verse expresses the living values of the Age of Enlightenment and demonstrates how a good writer can simultaneously extend and criticise the standards of his society **The Works of Alexander Pope** Alexander Pope,1882 **The Facts on File Companion to British Poetry** Virginia Brackett,2008 Presents a comprehensive A to Z reference with approximately 400 entries providing facts about British poets and their poetry from the seventeenth and eighteenth centuries *Space of a Garden - Space of Culture* Grzegorz Gazda,Mariusz Golab,2020-10-27 The book presents the phenomenon of the garden and its various cultural features It compares historical aspects of the

garden with its contemporary models and focuses on various cultural traditions and different ways of presentation of this problem in the context of world literature problems of visual arts questions of architecture ecology universal aspects of language as well as philosophical problems of axiology and aesthetics All those contexts combine to form a picture of a phenomenon that could be called the metaphor of the garden containing a universal anthropological image of space in which dynamic re evaluation of rhetorical models take place and the order of Nature complements cultural models of human understanding of reality

The Art of the Critic: The enlightenment Harold Bloom,1985 **The Works of Alexander Pope. Including ... Unpublished Letters and Other New Materials. Collected in Part by the Late Rt. Hon. J.W. Croker. With Introduction and Notes by ... Whitwell Elwin [and W.J. Courthope. The Life of Pope. By W.J. Courthope.] ... With Portraits and Other Illustrations** Alexander Pope,1871 **Authoring the Self** Scott Hess,2005-01-01 Drawing upon historicist and cultural studies approaches to literature this book argues that the Romantic construction of the self emerged out of the growth of commercial print culture and the expansion and fragmentation of the reading public beginning in eighteenth century Britain Arguing for continuity between eighteenth century literature and the rise of Romanticism this groundbreaking book traces the influence of new print market conditions on the development of the Romantic poetic self
