## Alexander Hamilton A Profile:

Alexander Hamilton Jacob Ernest Cooke,1967 *Hamilton . Alexander Hamilton. A Profile. D. by Jacob Cooke* Jacob Cooke,1967 Sex and Sexuality in Early America Merril D. Smith,1998-09 Sex and sexuality have always been the subject of much attention both scholarly and popular Yet accounts of the early years of the United States tend to overlook the importance of their influence on the shaping of American culture This book addresses this neglected topic with original research covering a wide spectrum from sexual behavior to sexual perceptions and imagery and more The Founders and Finance Thomas K. McCraw,2012-10-08 In 1776 the U S owed huge sums to foreign creditors and its own citizens but lacking the power to tax had no means to repay them This is the first book to tell the story of how foreign born financial specialists the immigrant founders Hamilton and Gallatin solved the fiscal crisis and set the nation on a path to long term economic prosperity **Character for Life** Don Hawkinson,2005 An in depth study of famous American men and women who exhibited tremendous character in their respective eras Meet Scripture guided reformers like David Brainard and Sojourner Truth Don Hawkinson has crafted an amazing book that records the true character and nature of early Americans from the political religious and social justice arenas includes well known figures like George Washington to more obscure great Americans like John Witherspoon and Benjamin Rush Each profile runs 6 12 pages and provides readers students with concise information for reports and presentations *Soldier-statesmen of the Constitution* Robert K. Wright,Morris J. MacGregor,1987 *Alexander Hamilton* Charles a Conant,2020-07-06 The life of Alexander Hamilton is an essential chapter in the story of the formation of the American Union Hamilton s work was of that constructive sort which is vital for laying the foundations of new states Whether the Union would have been formed under the Constitution and would have been consolidated into a powerful nation instead of a loose confederation of sovereign states without the great services of Hamilton is one of those problems about which speculation is futile It is certain that the conditions of the time presented a rare opportunity for such a man as Hamilton and that without some directing and organizing genius like his the consolidation of the Union must have been delayed and have been accomplished with much travail **To Provide for the General Welfare** Theodore Sky,2008-09 Traces the course of the constitutional controversy over the spending power and the role of that power in driving an expansion in federal activity and authority from 1787 forward **Chief Justice Profiles** Philip Secor,2013-09-11 This book is a companion to my two previous works in this series on American leaders Presidential Profiles 2008 and Vice Presidential Profiles 2013 It provides short biographies of the seventeen men who have served as Chief Justice of the United States Supreme Court As such they have had the unchecked power to invalidate laws of Congress and State governments as well as acts of Presidents Because these men have always been largely removed from public view and yet so important to the development of our country I have called them our hidden leaders In each biographical sketch the reader will learn about the childhood family life educational background and career of the Chief Justice Vice Presidential Profiles

Philip Secor,2013-04-19 This book is a companion to my Presidential Profiles published in 2008 It provides short biographies on each of the thirty three vice presidents who never became president Most readers are familiar with those like John Adams and Thomas Jefferson who did rise to the presidency and so I have decided to write about those less well known Because most of these vice presidents are virtually forgotten today and yet were very prominent and important figures in their time I have subtitled the book Our Forgotten Leaders In each biographical sketch the reader will learn about the childhood and youth of the subject his educational background his marriage and family life his career before becoming vice president his vicepresidency and his life after leaving office

Magill,2013-09-13 Each volume of the Dictionary of World Biography contains 250 entries on the lives of the individuals who shaped their times and left their mark on world history This is not a who s who Instead each entry provides an in depth essay on the life and career of the individual concerned Essays commence with a quick reference section that provides basic facts on the individual s life and achievements The extended biography places the life and works of the individual within an historical context and the summary at the end of each essay provides a synopsis of the individual s place in history All entries conclude with a fully annotated bibliography      **Presidential Profiles** Philip Secor,2008-09 Presidential Profiles is a book that displays bright and colorful verbal pictures of the forty two men who have led our country from George Washington to George W Bush Unlike many works about the presidents this one is neither a large tome nor a complex study of presidential policies or historical themes arranged by more or less useful analytical categories Philip Secor and acclaimed author and historian has provided here a useful comparative reference for the beginning student and at the same time a good read for the history buff

Although there are few footnotes and no extensive bibliography there are a few books suggested for further reading on each president Each profile seeks to answer four general questions 1 What kind of person was is he in terms of appearance temperament personal habits and idiosyncracies 2 What was his childhood and early life like and what did he do before becoming president 3 What did he accomplish as president 4 What did he do after leaving office and what was the manner of his death Throughout special emphasis is placed on personal and social relationships
