involved in a scandalous affair and ultimately died in a duel defending his honor *The Many Faces of Alexander Hamilton* Douglas Ambrose, Robert W. T. Martin, 2006-04-01 This anthology presents a variety of scholarly perspectives on the nation's most enigmatic Founding Father Revolutionary War officer co author of the Federalist Papers our first Treasury Secretary Thomas Jefferson's nemesis and victim of a fatal duel with Aaron Burr Alexander Hamilton's legacy is complex multifaceted and difficult to pin down On the one hand Hamilton was the quintessential Founding Father playing a central role in every key debate and event in the Revolutionary and Early Republic eras On the other hand he has received far less popular and scholarly attention than his brethren Was Hamilton a closet monarchist or a sincere republican A victim of partisan politics or one of its most active promoters A lackey for British interests or a foreign policy mastermind *The Many Faces of Alexander Hamilton* addresses these and other perennial questions Leading Hamilton scholars both historians and political scientists alike present fresh evidence and new sometimes competing interpretations of the man his thought and the legacy he has had on America and the world **Founding Fathers** Melvin Eustace Bradford, 1994 Originally published A worthy company Marlborough N H Plymouth Rock Foundation 1982 **The Founding Fathers** Richard B. Bernstein, 2015 This concise and elegant contribution to the Very Short Introduction series reintroduces the history that shaped the founding fathers the history that they made and what history has made of them The book provides a context within which to explore the world of Washington Franklin Jefferson Adams and Hamilton as well as their complex and still controversial achievements and legacies Benjamin Banneker Myra Weatherly, 2006 Biography of the African American man who as a self taught mathematician and astronomer helped survey the site of the Nation's Capitol and published several popular almanacs **The Writing and Ratification of the U.S. Constitution** Russell R. Wheeler, 1986 *Alexander Hamilton* Russell Roberts, 2007-09 Alexander Hamilton is one of the most important of America's Founding Fathers yet he and his contributions are often overlooked Hard driving cocky and irritating at times he was also brilliant prophetic and generous He lived a remarkable life from his stint as George Washington's key aide during the American Revolution to his role as the first Treasury Secretary of the United States It was also a life cut tragically short in a duel with Aaron Burr that has created more questions than answers Amazing frustrating fascinating and controversial all at the same time that was Alexander Hamilton *Phillis Wheatley* Robin S. Doak, 2005-07 The story of a young girl bought as a slave by a Boston family who learned to write and later became a poet Words of the Founding Fathers Steve Coffman, 2012-08-02 This collection gathers quotations passages and documents attributed to America's six essential founders Topics include liberty religion revolution republican government the constitution education commerce class war and peace and the disenfranchised slaves Native Americans and women Each quotation is sourced and quoted fully enough for the reader to discern its historical and philosophical context Soldiers and Statesmen Monte D. Wright, Lawrence J. Paszek, 1973 **Empire of Liberty** Gordon S. Wood, 2009-10-28 The Oxford History of the United States is by far the most respected multi volume history of our nation

The series includes three Pulitzer Prize winners two New York Times bestsellers and winners of the Bancroft and Parkman Prizes Now in the newest volume in the series one of America's most esteemed historians Gordon S Wood offers a brilliant account of the early American Republic ranging from 1789 and the beginning of the national government to the end of the War of 1812 As Wood reveals the period was marked by tumultuous change in all aspects of American life in politics society economy and culture The men who founded the new government had high hopes for the future but few of their hopes and dreams worked out quite as they expected They hated political parties but parties nonetheless emerged Some wanted the United States to become a great fiscal military state like those of Britain and France others wanted the country to remain a rural agricultural state very different from the European states Instead by 1815 the United States became something neither group anticipated Many leaders expected American culture to flourish and surpass that of Europe instead it became popularized and vulgarized The leaders also hope to see the end of slavery instead despite the release of many slaves and the end of slavery in the North slavery was stronger in 1815 than it had been in 1789 Many wanted to avoid entanglements with Europe but instead the country became involved in Europe's wars and ended up waging another war with the former mother country Still with a new generation emerging by 1815 most Americans were confident and optimistic about the future of their country Named a New York Times Notable Book *Empire of Liberty* offers a marvelous account of this pivotal era when America took its first unsteady steps as a new and rapidly expanding nation [The Essential Book of Business and Life Quotations](#) ,2023-01-17 An up to date book of quotations for executives academics and anyone who wants to spice speeches and business presentations or simply reflect on some of the best things ever said on topics linked to business and management life in general From Aristotle to Mark Zuckerberg and from Action to Work this book is a formidable source of witty remarks and inspiration for all Best of its kind and fully sourced the book also covers modern topics such as Bitcoins Digitalization Sustainability or Fake News and includes a large number of quotations never published before
