MacGuffin functions in Hitchcock's works There is also a chapter on his notion of pure cinema which moves from the idea of purity as an anthropological concept to consider purity in relation to current debates regarding so called hybrid media and Hitchcock's relevance to these issues in respect of his dissatisfaction with the advent of sound to the cinema world Broadly speaking the book uses Hitchcock's films to illustrate ideas in the social sciences and philosophy and uses those same ideas to illustrate aspects of Hitchcock's films The Publishers' Trade List Annual, 1990 **Boße: Die drei ???, 100 Seiten**
