Tracing and Documenting Nazi Victims Past and Present Henning Borggräfe, Christian Höschler, Isabel Panek, 2020-06-08 After World War II tracing and documenting Nazi victims emerged against the background of millions of missing persons and early compensation proceedings This was a process in which the Allies international aid

organizations and survivors themselves took part New archives documentation centers and tracing bureaus were founded amid the increasing Cold War divide They gathered documents on Nazi persecution and structured them in specialized collections to provide information on individual fates and their grave repercussions the loss of relatives the search for a new home physical or mental injuries existential problems social support and recognition but also continued exclusion or discrimination By doing so institutions involved in this work were inevitably confronted with contentious issues such as varying political mandates neutrality vs solidarity with those formerly persecuted data protection vs public interest and many more Over time tracing bureaus and archives changed methods and policies and even expanded their activities using historical documents for both research and public remembrance This is the first publication to explore this multifaceted history of tracing and documenting past and present The Holocaust and French Historical Culture, 1945-65 Johannes Heuman, 2015-09-22 Paris was home to one of the key European initiatives to document and commemorate the Holocaust the Centre de documentation juive contemporaine By analysing the earliest Holocaust narratives and their reception in France this study provides a new understanding of the institutional development of Holocaust remembrance in France after the War

Kristallnacht 1938 Alan E. Steinweis, 2009-11-15 On November 7 1938 a Jewish teenager Herschel Grynszpan fatally shot a German diplomat in Paris Within three days anti Jewish violence erupted throughout Germany initially incited by local Nazi officials and ultimately sanctioned by the decisions of Hitler and Goebbels at the pinnacle of the Third Reich As synagogues burned and Jews were beaten in the streets police stood aside Men women and children many neighbors of the victims participated enthusiastically in acts of violence rituals of humiliation and looting By the night of November 10 a nationwide antisemitic pogrom had inflicted massive destruction on synagogues Jewish schools and Jewish owned businesses During and after this spasm of violence and plunder 30 000 Jewish men were rounded up and sent to concentration camps where hundreds would perish in the following months Kristallnacht revealed to the world the intent and extent of Nazi Judeophobia However it was seen essentially as the work of the Nazi leadership Now Alan Steinweis counters that view in his vision of Kristallnacht as a veritable pogrom a popular cathartic convulsion of antisemitic violence that was manipulated from above but executed from below by large numbers of ordinary Germans rioting in the streets heckling and taunting Jews cheering Stormtroopers hostility and looting Jewish property on a massive scale Based on original research in the trials of the pogrom s perpetrators and the testimonies of its Jewish survivors Steinweis brings to light the evidence of mob action by all sectors of the civilian population Kristallnacht 1938 reveals the true depth and nature of popular antisemitism in Nazi Germany on the eve of the Holocaust *The German-Jewish Soldiers of the First World War in History and Memory* Tim Grady, 2011-01-01 Nearly one hundred thousand German Jews fought in World War I and some twelve thousand of these soldiers lost their lives in battle This book focuses on the multifaceted ways in which these soldiers have been remembered as well as forgotten from 1914 to the late 1970s By examining Germany s complex and continually evolving memory culture

Israeli Holocaust Research Boaz Cohen, 2013 An exploration of the development of Holocaust research in Israel this book ranges from the consolidation of Holocaust research as an academic subject in the late 1940s to the establishment of Yad Vashem and beyond Research on the story of historiography is often a work on books on the final products that fill academic bookshelves yet in Israeli Holocaust Research Boaz Cohen illustrates that the evolution of holocaust research in Israel has a more human element to it Drawing on knowledge gained through seven years of work in ten major archives in Israel the author reveals a previously unseen picture of the development of Israeli Holocaust research from below and of the social and cultural forces influencing its character In doing so a new facet to the picture emerges of the story beyond the archive and the people who see Holocaust research as their mission and responsibility This book will be a fascinating addition to the study of Holocaust research and will be of particular interest to students of history historiography and Jewish studies
