We Are Everywhere Notes From Nowhere, 2003-10-17 We Are Everywhere is a whirlwind collection of writings images and ideas for direct action by people on the frontlines of the global anticapitalist movement This is a movement of untold stories because those from below are not those who get to write history even though we are the ones making it We Are Everywhere wrenches our history from the grasp of the powerful and returns it to the streets fields and neighbourhoods where it was made

LITERATURE AS A SITE OF ACTIVISM: A SELECT STUDY OF WOMEN WRITING IN INDIA G. Sathya, 2018-03-05 In the study Literature as a Site of Activism A Select Study of Women Writing in India an attempt is made to bring the well known contemporary women writers who are very much part of the mainstream society These women writers use their fictional as well as their non fictional writings to exhibit their activist concern They use their writings to criticize certain social happenings Though the writers hail from different parts of our country the issues raised by them in their writings unify them Their concern over various issues is discussed in a particular sense here

The Routledge Encyclopedia of Indian Writing in English Manju Jaidka, Tej N. Dhar, 2023-09-29 Today Indian writing in English is a field of study that cannot be overlooked Whereas at the turn of the 20th century writers from India who chose to write in English were either unheeded or underrated with time the literary world has been forced to recognize and accept their contribution to the corpus of world literatures in English Showcasing the burgeoning field of Indian English writing this encyclopedia documents the poets novelists essayists and dramatists of Indian origin since the pre independence era and their dedicated works Written by internationally

recognized scholars this comprehensive reference book explores the history and development of Indian writers their major contributions and the critical reception accorded to them The Routledge Encyclopedia of Indian Writing in English will be a valuable resource to students teachers and academics navigating the vast area of contemporary world literature *Fault Lines of International Legitimacy* Hilary Charlesworth, Jean-Marc Coicaud, 2010-02-25 *Fault Lines of International Legitimacy* deals with the following questions What are the features and functions of legitimacy in the international realm How does international legitimacy as exemplified in particular by multilateral norms organizations and policies change over time What role does the international distribution of power and its evolution have in the establishment and transformation of legitimacy paradigms To what extent do democratic values account for the growing importance of legitimacy and the increasing difficulty of achieving it at the international and the national level One of the central messages of the book is that although the search for international legitimacy is an elusive endeavor there is no alternative to it if we want to respond to the intertwined demands of justice and security and make them an integral and strategic part of international relations

Globalizing Dissent Ranjan Ghosh, Antonia Navarro-Tejero, 2009-01-13 Arundhati Roy is not only an accomplished novelist but equally gifted in unraveling the politics of globalization the power and ideology of corporate culture fundamentalism terrorism and other issues gripping today's world This volume featuring prominent scholars from throughout the world examines Roy beyond the aesthetic parameters of her fiction focusing also on her creative activism and struggles in global politics The chapters travel to and fro between her non-fictional works engaging activism on the streets and global forums and its underlying roots in her novel Roy is examined as a novelist non-fiction writer journalist activist feminist screenwriter ideologist and architect This volume presents Roy's interlocking network of the ideas attitudes and ideologies that emerge from the contemporary social and the political world **Universal's Guide to LL.B. Entrance Examination**

Manish Arora, Capabilities and Social Justice John M. Alexander, 2016-12-05 The capability approach to social justice construes a person's well-being in terms of the substantive freedoms people value John Alexander engages with the rapidly growing body of literature on the capability approach in economics inequality poverty measurement and development studies Critically assessing Sen and Nussbaum's work in normative economics social ethics and political philosophy Alexander develops a unified vision of the capability approach embodying the ideal of creating the greatest possible condition for the realization of basic capabilities for all He then assesses this vision as a political theory arguing that capabilities are necessary but not sufficient for overcoming conditions of domination The book calls for a more intimate relationship between individual liberty and the freedom of the political community as a whole Burying the Past Nigel Biggar, 2003-05-22 No one can deny how September 11 2001 has altered our understandings of Peace and Justice and Civil Conflict Those have become words with startling new life in our vocabularies Yet making peace and doing justice must remain challenges that are among the highest callings of humanity especially in a terror heightened world Nigel Biggar Christian ethicist and editor of this now

more than ever must read *Choice* volume newly expanded and updated addresses head on the concept of a redemptive burying of the past urging that the events of that infamous date be approached as a transnational model of conflict and suggesting wisely and calmly that justice can be even the better understood if we should undertake the very important task of locating the sources of hostility valid or not toward the West *Burying the Past* asks these important questions How do newly democratic nations put to rest the conflicts of the past Is granting forgiveness a politically viable choice for those in power Should justice be restorative or retributive Beginning with a conceptual approach to justice and forgiveness and moving to an examination of reconciliation on the political and on the psychological level the collection examines the quality of peace as it has been forged in the civil conflicts in Rwanda South Africa Chile Guatemala and Northern Ireland There are times in history when making peace and doing justice seem almost impossible in the face of horrendous events Those responses are understandably human But it is in times just like these when humanity can and must rise to its possibilities and to its higher purposes in order to continue considering itself just and humane

Environmental Ethics Bob Jickling, Heila Lotz-Sisitka, Lausanne Olvitt, Rob O'Donoghue, Ingrid Schudel, Dylan McGarry, Blair Niblett, 2021-12-07 This well constructed and highly original sourcebook integrates educational materials for teaching environmental ethics with theoretical reflections The book is set to contribute immensely to its aim of taking ethics out of philosophy departments and putting it into the streets into villages and on the Earth to make ethics an everyday activity not something left to experts and specialists Context based activities are presented in almost every chapter While it acknowledges foundational theories in environmental ethics and the work that they continue to do it wholeheartedly embraces a growing body of literature that emphasises contextual process oriented and place based approaches to ethical reflection deliberation and action It walks on the ground and isn't afraid to get a little dirty or to seek joy in earthly relationships And it ultimately breaks with much Western academic tradition by framing ethics in a storied world thus making room to move beyond Euro American perspectives in environmental issues This work will be of interest to school teachers and other non formal and informal educators teacher educators college instructors university professors and other professionals who wish to bring environmental ethics to the forefront of their pedagogical practices

Environmental Education, Ethics & Action Bob Jickling, 2006 This book objectively challenges the link between ethics and our everyday activities It takes ethics out of philosophy departments and puts it squarely onto the streets into the villages towns and cities and connects ethics to all life on Earth The book's primary audience is teacher trainers college instructors university professors and others responsible for professional development in education It is also aimed at environmental educators who want to take their teaching more deeply into the questions that lie at the heart of sustainable living Pub desc

Aesthetics Akinwumi Adesokan, 2011-10-21 What happens when social and political processes such as globalization shape cultural production Drawing on a range of writers and filmmakers from Africa and elsewhere Akin Adesokan explores the forces at work in the production and circulation of culture in a globalized world He tackles problems such as artistic representation in the era of decolonization the uneven development of aesthetics across the world and the impact of location and commodity culture on genres with a distinctive approach that exposes the global processes transforming cultural forms

Mother Mary Comes to Me Arundhati Roy, 2025-09-01 Arundhati Roy's first work of memoir this is a soaring account both intimate and inspiring of how the author became the person and the writer she is shaped by circumstance but above all by her complex relationship to the extraordinary singular mother she describes as my shelter and my storm Born out of the onrush of memories and feelings provoked by her mother Mary's death this is the astonishing often disturbing and surprisingly funny memoir of the Arundhati Roy's life from childhood to the present from Kerala to Delhi With the scale sweep and depth of her novels *The God of Small Things* and *The Ministry of Utmost Happiness* and the passion political clarity and warmth of her essays this book is an ode to freedom a tribute to thorny love and savage grace a memoir like no other Any depiction of smoking in this book is for representational purposes only Penguin Random House India does not promote or endorse tobacco use **Postcolonial Literatures of Climate Change**, 2022-07-04 *Postcolonial Literatures of Climate Change* investigates the evolving nature of postcolonial literary criticism in response to global regional and local environmental transformations brought about by climate change It builds upon and extends previous studies in postcolonial ecocriticism to demonstrate how the growing awareness of human caused global warming has begun to permeate literary

consciousness praxis and analysis The breadth of the volume s coverage the diversity of its focal locations cultures genres and texts serves as a salient reminder that while climate change is global its impacts vary effecting peoples from place to place unequally and often in accordance with their particular historical experience of colonialism and neo colonialism as well as their ongoing marginalisations Demonstrating the urgency of invoking novel epistemological approaches combining the scientific and the imaginative this book is a must read for those concerned about the present and potential impacts of climate change on formerly colonised areas of the world The comprehensive and illuminating Introduction offers a crucial history and current state of postcolonial ecocriticism as it has been and is addressing climate crises Helen Tiffin University of Wollongong The broad focus on the polar regions the Pacific and the Caribbean with added essays on environmental justice activism in India and Egypt opens up rich terrain for examination under the rubric of postcolonial and ecocritical analysis not only expanding recent studies in this field but also enabling new comparisons and conceptual linkages Helen Gilbert Royal Holloway University of London The subject is topical and vital and will become even more so as the problem of how to reconcile the demands of climate change with the effects on regions and individual nations already damaged by the economic effects of colonisation and the subsequent inequalities resulting from neo colonialism continues to grow Gareth Griffiths Em Prof University of Western Australia
