Algerian Reflections On Arab Crises:

Algerian Reflections on Arab Crises Ali el-Kenz, 1991 Algeria's leading social scientist has written a series of perceptive and highly critical essays dissecting the numerous dilemmas associated with the development of Arab state and society in the modern period with particular focus on the Algerian experience this brief monograph is a model of serious social science scholarship by one of the few Arab intellectuals capable of applying a broad range of Marxist socialist and liberal theories of social change The introduction by Clement Henry Moore provides a fine background to the monograph itself Highly recommended to students and scholars alike John P Entelis MESA Bulletin 1992

History of Islamic Philosophy Seyyed Hossein Nasr, 1996 Islamic Philosophy has often been treated as mainly of historical interest belonging to the history of ideas rather than to philosophy This volume challenges this belief The Routledge History of Philosophy is made up entirely of essays by a distinguished list of writers They provide detailed discussions of the most important thinkers and the key concepts in Islamic philosophy from earliest times to the present day

Democracy and Civil Society in Arab Political Thought Michaelle L. Browers, 2006-10-13 This book provides a significant and unique contribution to the emerging literature of comparative political thought Michaelle L Browers offers compelling evidence with extensive analysis and references that a rigorous debate is taking place in Arabic concerning the value of democracy and civil society Exploring the globalization of ideas of democracy and civil society Browers addresses the question of what occurs when concepts cross the boundaries of cultures or languages She analyzes the historical concept of democracy in Arab and Islamic political thought the transformations that have occurred over the past several decades resulting from Arab forays into an international discussion of civil society and what these transformations tell us about the status of ideological and conceptual debates in the region The book's value however lies in its main premise despite the dearth of actual democratic practices in the Arab world intellectual elites of the region have vigorously debated reform concepts for decades Browers emphasizes that current conflicts involving the Middle East are less about Islam against the west and its secular allies in the region and more about diverse sectors of Arab society grappling with how to reform overreaching and unjust states Browers shows that the seeds of democratic reform in the region were well planted prior to the war on Iraq and the Greater Middle East Initiative

peerless is the result of a project of the Department of Politics and the Kevorkian Center for Near Eastern Studies at New York University Volume I contains contributions by Augustus Richard Norton Raymond A Hinnebusch Laurie Brand Muhammad Muslih Mustafa Kamil al Sayyid Ghanim al Najjar and Neil Hicks Eva Bellin Jill Crystal Saad al Din Ibrahim and Alan Richards **Contemporary Arab Thought** Ibrahim M. Abu-Rabi,2003-11-20 Contemporary Arab Thought is a multifaceted book encompassing a constellation of social political religious and ideological ideas that have evolved over the past two hundred years ideas that represent the leading positions of the social classes in modern and contemporary Arab societies Distinguished Islamic scholar Ibrahim Abu Rabi addresses such questions as the Shari ah human rights civil society secularism and globalisation This is complimented by a focused discussion on the writings of key Arab thinkers who represent established trends of thought in the Arab world including Muhammad Abid al Jabiri Adallah Laroui Muhammad al Ghazali Rashid al Ghannoushi Qutatnine Zurayk Mahdi Amil and many others Before 1967 some Arab countries launched hopeful programmes of modernisation After the 1967 defeat with Israel many of these hopes were dashed This book retraces the Arab world s aborted modernity of recent decades Abu Rabi explores the development of contemporary Arab thought against the historical background of the rise of modern Islamism and the impact of the West on the modern Arab world

Revolutionaries and Reformers Barry Rubin,2012-02-01 Islamist movements seeking power today are faced with difficult choices regarding strategy ranging from armed struggle to electoral efforts An emerging alternative consists of a rethinking of Islamist politics where the goal of a totally Islamic polity would be abandoned in favor of some form of Islamic oriented society In this reformulation Islamist politics would function as a pressure group to make society more Islamic reinforcing the walls of semi separate internal communities and reinterpreting Islam in more liberal ways The September 11 2001 terror attack on the United States however demonstrates that the radical approach remains attractive to many Islamists Addressing these issues the contributors look at the countries where Islamist movements have been most important Case studies of revolutionary and reformist groups are followed by chapters discussing future alternatives for Islamist politics presenting arguments both advocating and critical of a potential liberal reformist interest group Islamism Civil society in the Middle East. 2 (2001) Augustus Richard Norton,2001 Leading scholars assembled by the Civil Society in the Middle East program provide lucid informed essays on the quality of political life weighing the role of civil society and assessing the prospects for political reform in the Middle East **Religious Radicalism in the Greater Middle East** Efraim Inbar,Bruce Maddy-Weitzman,2013-01-11 This collection offers a political analysis of religious radicalism in the Greater Middle East comprising the Middle East Central Asia and North Africa The contributors present various conceptual perspectives including international relations Middle East studies and political sociology *Civil Society in the Middle East, Volume 1* Norton,2022-04-11 Launched in 1992 the Civil Society in the Middle East program has brought together dozens of leading scholars to analyze political life through an exploration of civil society within the states of the region This is the first of two

Islamic Activists Deina Ali Abdelkader, 2011-03-04 In the hysteria surrounding Political Islam it is difficult to find analysis that doesn't justify the existence of Islamic leaders or react to the West's fear of extremists In *Islamic Activists* Deina Ali Abdelkader shows us what Islamic leaders and activists believe and what they think about just governance Explaining and comparing Islamist ideas including those about leadership justice and minority rights Abdelkader explains how these have been represented in the writings of important historical and contemporary Islamists In doing so Abdelkader reveals that democracy is not the sole preserve of those who support Enlightenment values offering the reader a chance to understand the populist non violent side of Islamic activism The book includes an examination of the ideas of the leaders of the populist Islamist movements in Egypt Tunisia and Morocco

Social Justice in Islam Deina Abdelkader, 2000-01-01 Western theoretical approaches of modernization development social progress and interaction have failed to understand the dynamics of the Islamic revival Deina Abdelkader in this seminal work argues that questions of social justice are indelibly tied to the phenomenon of contemporary Islamic resurgence as the quest for social justice is in fact motivated by the Shari'ah hence an integral part of Islamic life and weltanschauung Using the two tools of maqasid and maslahah and through the examination of the dialectical link between fiqh and reality the author shows their indispensability as important methodological tools for the study of the social sciences and indeed of social phenomena

Globalization and the Politics of Development in the Middle East Clement M. Henry, Robert Springborg, 2001-09-13 At the beginning of the twenty first century countries in the Middle East and North Africa contend with the threats and opportunities of economic globalization the driving force of change in the contemporary world As the authors confirm in their straightforward and at times irreverent analysis of the regions response to these challenges it is globalization which is the key to an understanding of economic reform Through an investigation of the structures of state and civil society including financial systems they also demonstrate that there is a direct correlation between economic performance and democratization In other words the more liberal the polity the more effective is its economy in responding to globalization With its interesting and incisive approach to the politics and economics of the Middle East and North Africa this will be an essential purchase for students and policy makers and anyone trying to come to grips with economic globalization generally

Between Ballots and Bullets William B. Quandt, 2001-09-19 In the Arab world as elsewhere authoritarian regimes have come under pressure for change As yet however democracy has not taken root as an alternative form of governance This book on Algeria looks at both the erosion of the authoritarian model and the difficulties

of making a transition to democracy Within the past decade Algeria experienced one of the most promising experiments of opening up the political system and allowing a remarkable degree of freedom That initial effort failed however when elections were won by an Islamist party that was unacceptable to the military and it was followed by an explosion of political violence that in recent years has cost at least 75 000 lives Despite this deep crisis there are reasons to believe that Algeria may emerge from its turmoil with a consensus on the need to respect pluralism and to accept the basic rules of democratic politics Blending theoretical insights with an analysis of the Algerian case this book demonstrates that democratization is likely to be a difficult process in the Middle East but that the prospects for eventual success are not as gloomy as often asserted by those who see an incompatibility between democracy and Islam
