**Subject Catalog, 1978** Library of Congress, 1978      **Weekly Record**, 1978      The Wanderer in African American Literature Gena E. Chandler-Smith, 2024-01-12

The Wanderer in African American Literature highlights an enduring feature of African American letters From the slave narrative to Afrofuturism the literature is populated driven and emboldened by wanderers who know no bounds Gena E Chandler argues that wanderers and the theme of wandering push the limits of narrative forms and challenge assumptions about the African American experience The slave narratives of Olaudah Equiano and Harriet Jacobs echo eighteenth and nineteenth century literary traditions and chronicle journeys toward freedom and faith Equiano traces his changing identity integrating his native African culture with his adopted European one Jacobs addresses the gender restrictions she faces as a slave and then a free woman whose progress in life remains uncertain and ongoing La ngston Hughes and Nella Larsen chronicle real and imagined journeys during the Harlem Renaissance and the Great Migration Hughes s autobiography I Wonder as I Wander 1956 traces his global travels in the 1930s highlighting his unique identity as a black American Larsen s novel Quicksand 1928 follows its biracial heroine as she travels throughout the United States and to Denmark while navigating matters of race and gender The protagonist of Richard Wright s The Outsider 1953 seeks individual freedom and a new identity but is constrained within the boundaries of an American nation and a Western ideal that continuously views the black subject as outside and distinct from the modern project of advancement and freedom In James Baldwin s Giovanni s Room 1956 the white protagonist flees America for France yet cannot escape difficult questions about sexuality and race Finally John Edgar Wideman s The Cattle Killing 1996 tells the story of two wanderers an itinerant preacher spreading God s word during the Great Awakening and a twentieth century writer on a journey of self discovery about his identity and vocation The former experiences a crisis of his Christian faith and the latter endures a crisis of faith in his literary abilities Tying these diverse threads together Chandler demonstrates the power of the black narrative to assimilate and redeploy the literary trope of wanderlust exchanging its premise of rootless drifting for something altogether more mobilizing
