my thoughts actions desires and everything defines me Paul is the one that came first with the weird idea of the vibe amplifier and even if me and Brian laughed of him when we heard his theory later on we saw that we are actually looking for the same thing in different other forms Paul was practicing a form of a modern art admiring beautiful ladies and thought all his life that the right woman carrying an amazing vibe when she is with you can make you have the greatest vibe that you could carry inside of your soul during this life time I was believing in my businesses More money i was making more happier i was Well until i realized that it was just an illusory path and the meaning of life or at least of my life is not to make money Brian was somewhere between me and Paul He wanted money ladies and everything could make him be happy even if he also realized the illusory meaning of it But he always wanted the best In fact we discussed a lot about the illusion of life and this chase for volatile reasons that would make us have an amazing vibe and we came up all the time with lots of weird ideas This is how we started to analyze define and redefine the paths that we should follow in life so that life itself should become a beautiful journey In the book The vibe amplifier we gonna talk about different ways of becoming happy but also ways of keeping that happiness inside of your inner soul So what if Paul s theory with the vibe amplifier is true What if connected to the present moment but also being helped by something or someone the beautiful vibe will be amplified and amazing beautiful feelings will overwhelm our souls What if this really works Should we pay attention to this theory Well if you are already a happy person you can ignore us But maybe if your reality is not the way you wanted and you dreamed so much about it you can come and join us on this journey of finding the real path of a beautiful life There will be many times when everything might look like a nonsense but we ve always considered that part of life We will try to do our best to find that path the real one and we ll ask you from the early beginning to forgive us if from time to time we will also guide you to what we love to define as pathless paths But you see life is a journey and we should not think so much as we do it at the final destination but enjoy the journey itself

[The Baltimore Apple](#) Garland Ladd,2001-05-14 Carleys unusual gift allowed her to detect unwholesome brain waves emanating from people within reasonable proximity even including lies told in her presence Moreover inanimate objects oftentimes created worrisome vibrations in her head suggesting that she stay away from them Wisely she always selectively used her special talent only as a defense mechanism never in a mean spirited or vindictive manner and nobody knew the extent of her mental perception not even her husband Circumstances required Carley to accompany her husband for an eight month stay in Baltimore Maryland where he was to receive eight months of intensive training to enhance his career The temporary relocation was to be a carefree happy time for Carley Instead it became a consuming life threatening experience when she encountered a person who had an aberrant mental condition A stalemate of telepathic powers ensued with Carley becoming the big winner and received rewards far greater than anything she could have imagined
