Baltimore A Not Too Serious History:

Baltimore Letitia Stockett,1997-06-24 A charming and anecdotal account of Baltimore history as fresh today as it was when first published in 1928 A teacher of English and English History at the Friends School in Baltimore Letitia Stockett was inspired to write her whimsical history of the city when a friend told her that nothing much had been done in the way of a history of Baltimore since J Thomas Scharf s The Chronicles of Baltimore 1874 Rising to the challenge she spent all of her spare time on the book telling curious friends and family merely that she had work to do Baltimore A Not Too Serious History was the result a charming and anecdotal account of the city s history that is as fresh today as it was when first published in 1928 Would you know Baltimore Then put deliberately out of your mind the fact that the town makes more straw hats than any other city in the world Aesthetically speaking that is a fearsome thought Forget too that Baltimore is the centre of the oyster packing industry Worse far worse than a straw hat is a packed oyster Baltimoreans ought to know better In truth they do they export the tinned bivalve to the unsuspecting unsophisticated Westerner These two enterprises are worthy and profitable but a knowledge of these facts will not help you understand this city any more truly than the study of those long lists of products once diligently conned in school gave you an inkling of Tunis Singapore and Wilkes Barre from Baltimore A Not too Serious History **The Amiable Baltimoreans** Francis F. Beirne,1984-10 Informative amusing and sometimes discomfiting it offers an incomparable look into the city s past and revealing insight into the way it seemed to one informed observer thirty years ago **Maryland, a Guide to the Old Line State**, Best Books on,1940 compiled by workers of the Writers Program of the Work Projects Administration in the State of Maryland Sponsored by Herbert R O Conor governor of Maryland **The First American Political Conventions** Stan M. Haynes,2014-01-10 For almost two centuries Americans have relied upon political conventions to provide the nation with new leadership The modern convention a four day carefully choreographed prime time television event designed to portray the party and its candidate in the most favorable light continues many of the traditions and rules developed during the first conventions in the mid 19th century This study analyzes the birth of the convention process in the 1830s and follows its development over 40 years chronicling each of the presidential elections between 1832 and 1872 the leading candidates and an analysis of the key issues and memorable speeches and events on the convention floor Other topics include back room deal making dark horse candidacies meeting halls parades rallies and other accompanying hoopla This volume reveals the origins of a quintessentially American spectacle and sheds new light on an understudied aspect of the nation s political past Outdoor Sculpture in Baltimore Cindy Kelly,2011-06-10 Tells the stories behind Baltimore s monuments From the twentieth century sculpture of the Inner Harbor s Baltimore Renaissance to the nineteenth century splendor of Mount Vernon Place this work invites us to see Baltimore in a fresh perspective **An Index of the Source Records of Maryland** Eleanor Phillips Passano,1967 The major part of this work is an alphabetically arranged and cross indexed list of some 20 000 Maryland families with references to the sources

and locations of the records in which they appear In addition there is a research record guide arranged by county and type of record and it identifies all genealogical manuscripts books and articles known to exist up to 1940 when this book was first published Included are church and county courthouse records deeds marriages rent rolls wills land records tombstone inscriptions censuses directories and other data sources **Sisters of Fortune** Jehanne Wake,2012-02-28 The first American heiresses took Britain by storm in 1816 two generations before the great late Victorian beauties Marianne Louisa Emily and Bess Caton were descended from the first settlers in Maryland and brought up in Baltimore by their grandfather Charles Carroll one of the Signers of the Declaration of Independence **The WPA Guide to Maryland** Federal Writers' Project,2013-10-23 During the 1930s in the United States the Works Progress Administration developed the Federal Writers' Project to support writers and artists while making a national effort to document the country's shared history and culture The American Guide series consists of individual guides to each of the states Little known authors many of whom would later become celebrated literary figures were commissioned to write these important books John Steinbeck Saul Bellow Zora Neale Hurston and Ralph Ellison are among the more than 6 000 writers editors historians and researchers who documented this celebration of local histories Photographs drawings driving tours detailed descriptions of towns and rich cultural details exhibit each state's unique flavor The WPA Guide to Maryland has some of the most thorough driving tours in the series From the Allegheny Plateau to the Chesapeake Bay and the Atlantic Coast the guide details Maryland's diverse geography The essays on the state's two major cities Baltimore and Annapolis are especially engaging Known as the Old Line State for its pivotal role in the American Revolution Maryland's rich history is also extensively detailed in the guide Fighting to Breathe Nicole Fabricant,2022-12-13 Industrial toxic emissions on the South Baltimore Peninsula are among the highest in the nation Because of the concentration of factories and other chemical industries in their neighborhoods residents face elevated rates of lung cancer and other respiratory illnesses in addition to heart attacks strokes and cardiovascular disease all of which can lead to premature death Fighting to Breathe follows a dynamic and creative group of high school students who decided to fight back against the race and class based health disparities and inequality in their city For more than a decade student organizers stood up to unequal land use practices and the proposed construction of an incinerator and instead initiated new waste management strategies As a Baltimore resident and activist scholar Nicole Fabricant documents how these young organizers came to envision design and create a more just and sustainable Baltimore Guilford Ann G. Giroux,2015-08-17 Discover the rich and unique history of Guilford Maryland through the lens of vintage images some never before seen Guilford which debuted in 1913 as a collaboration of the Roland Park Company and the acclaimed Olmsted Brothers became a model for suburban developments nationally Carved from the country estate of Baltimore Sun founder Arunah Shepherdson Abell Guilford was a pastoral retreat for Baltimore's social elite Its aesthetics combine that of an English country village with modern construction and design to coincide with the American mania for English architecture

and town planning The area has been generously endowed with English style greens squares and signature Olmsted Brothers places creating one of the country s most parklike developments Part of a shining new suburban Baltimore the prominent neighborhood was developed concurrently with Wyman Park Johns Hopkins University and the Baltimore Museum of Art Now a National Register Historic District Guilford remains a showcase example of the American garden city movement

The Ghosts of Johns Hopkins Antero Pietila,2018-11-02 Johns Hopkins destroyed his private papers so thoroughly that no credible biography exists of the Baltimore Quaker titan One of America s richest men and the largest single shareholder of the Baltimore Ohio Railroad Hopkins was also one of the city s defining developers In The Ghosts of Johns Hopkins Antero Pietila weaves together a biography of the man with a portrait of how the institutions he founded have shaped the racial legacy of an industrial city from its heyday to its decline and revitalization From the destruction of neighborhoods to make way for the mercantile buildings that dominated Baltimore s downtown through much of the 19th century to the role that the president of Johns Hopkins University played in government sponsored Negro Removal that unleashed the migration patterns that created Baltimore s existing racial patchwork Pietila tells the story of how one man s wealth shaped and reshaped the life of a city long after his lifetime

Baltimore's Lexington Market Patricia Schultheis,2007-02 Lexington Market was established in 1782 by Revolutionary War hero John Eager Howard who donated a plot of land in Baltimore s western precincts for a public market Accessible to farmers from the outlying countryside Howard s Hill Market as it was known became an instant success Undeterred by the lack of a proper market house farmers set up plank stalls and began selling fresh meat eggs and vegetables to the burgeoning city s population Almost as soon as a market house was built in 1803 petitions circulated to expand it a process that continued throughout the 19th century until the market included three block long sheds with hundreds of stalls spilling down neighboring streets Far from signaling Lexington Market s end a disastrous fire in 1949 provided an opportunity for a modern facility with refrigeration and stoves enabling each stall keeper to bake roast or steam according to his own unique recipe With the addition of an arcade the market has continued to reinvent itself while maintaining a place in Baltimore s heart for 225 years
