Things reminds us that some of the century s most imaginative minds G K Chesterton T S Eliot C S Lewis Dorothy Sayers and
Evelyn Waugh were profoundly at odds with the secularist spirit of the age seeing progressive enlightenment as ushering in
not a millennium of perfect freedom but a Waste Land whose inhabitants Waugh s vile bodies Eliot s hollow men Lewis s men
without chests can find refuge from their boredom and anomie only in the ceaseless acquisition of things or in the consoling
illusions of pseudo religions distracted from distraction by distraction as Eliot memorably put it How does one explain the
desolation of a world which though richly endowed with material comforts is mentally and spiritually impoverished The
essayists here are united as were their subjects by a need to try to answer this question Modern man s poverty of spirit
visible alike in so much of his art and architecture his literature and philosophy and political science reflects his loss of any
good reasons for living his loss of the Permanent Things The Christian writers whose work is eloquently interpreted in this
book repay our attention for at least two reasons First is their ability to sharpen our awareness of what by any previous
civilized standards must be called the abnormal condition of modern man For all the writers treated in this book it was never
enough to simply capture the spiritual aridity of modern life It was also necessary to speak of a moral order that may yet be
restored by the expressive power and beauty of the written word BOOK JACKET Title Summary field provided by Blackwell
