How To Become A Paralegal, How To Be Highly

Successful As A Paralegal, And How To Earn Revenue As A Paralegal Dr. Harrison Sachs, 2020-02-04 This essay sheds light on how to become a paralegal explicates how to be highly successful as a paralegal and elucidates how to earn revenue as a paralegal While becoming a paralegal may seem be an eminently cumbersome expensive time consuming and daunting undertaking it is viably possible to become a paralegal Much to the relief of prospective paralegals it is possible to become a paralegal in a time span of less than half of a decade and the journey to become a paralegal is not as lengthy as the journey to pursue certain other occupations such as the occupations of a medical doctor or attorney The pathway that a prospective paralegal can follow to become a paralegal is fraught with challenges that are not a cinch to surmount It can be arduous to fulfill the duties of a paralegal Paralegal skills are highly desirable skills to possess As of February of 2020 only an infinitesimal fraction of one percent of the global population are employed as paralegals In the US for instance less than 431 000 are employed as paralegals even though the us population is comprised of over 328 000 000 people as of February of 2020 As of February of 2020 less than 132% of people in the US are employed as paralegals This means that out of 762 random people in the US about only one person at most would be employed as a paralegal as of February of 2020 As of February of 2020 it was estimated that there were more medical doctors and attorneys in the US than paralegals even though it takes far more years to fulfill the ample mandatory requirements to become a medical doctor or attorney than it takes to fulfill the mandatory requirements to become a paralegal As of February of 2020 there are no mandatory requirements that need to be fulfilled for a person to become a paralegal As of February of 2020 the economy is unequivocally in dire need of more paralegals especially since they work alongside to attorneys to assist them with handling cases For instance corporate paralegals work with attorneys to handle contractual issues such as shareholder agreements stock option plans and employee contracts and litigation paralegals work with attorneys that take on cases through the civil trial system Gobler n d Some attorneys even depend on paralegals to assist them with handling cases throughout all of the phases of a case while other attorneys depend on paralegals to assist them with handling only a particular phase of a case Gobler n d Paralegals can play an integral role in streamlining the process of handling cases at law firms in contexts in which the paralegals are able to profusely assist attorneys with handling multiple phases of cases Paralegals are able to fulfill a versatile role at law firms Paralegals fulfill a vast variety of job functions that extend beyond the ambit of them conducting research The job functions of a paralegal are multitudinous and are of eminent importance for a paralegal to perform Paralegals can handle broad range of administrative and research duties under the supervision of attorneys For example during the course of a day they may organize and maintain legal files or draft documents deliver or retrieve documents from the courthouse and conduct intensive legal research Gobler n d In addition to fulfilling the aforementioned job functions paralegals also investigate the background facts of cases organize evidence and documents for attorneys to review

accompany lawyers to court and manage schedules with witnesses and experts Gobler n d The responsibilities of a paralegal are multitudinous The responsibilities of a paralegal can vastly vary from paralegal to paralegal The specific responsibilities of a paralegal can vary greatly depending on the department office or law firm in which a paralegal works Gobler n d Law firms frequently delegate work to paralegals and have become less dependent on hiring more attorneys to conduct research for their cases in the 21st century Without paralegals law firms would need to more attorneys to handle their caseloads Law firms are able to significantly reduce their labor costs by hiring additional paralegals to fulfill research duties in lieu of hiring additional attorneys to fulfill research duties Law firms are able to operate more cost effectively by hiring additional paralegals

2008-2009 (Clothbound), United States Attorneys Bulletin, 1994 **Legal Whores** Thomas A. Binford, 2002 This book is a synopsis of the legal industry basic how to for the individual that can t afford an attorney The how to advice is directed to the more mundane everyday type litigation w c might confront a person on a daily basis Forms advice might vary a little with the specific jurisdiction timely publishing of this manual but the premise foundation remain the same As a whole attorneys lawyers or judges are known by the connotation of LEGAL WHORES in this book It is a deservedly appropriate title for this vocation Before proceeding please be advised that these are real non fiction accounts of what the legal fraternity does to extract money from the public There literally are no limits bounds as to what the judicial fraternity will do to acquire

wealth in whatever form Two of the main attributes used to extract money from his clients are the client's greed emotions The lawyer tells his client that they will win the case the client will probably get a zillion dollars The typical person in these United States salivates at the prospect of getting unearned moneys from the sweat of someone else This is easy prey for the attorney Then there is the emotional scenario where the client is involved in a situation that incurs his emotional wrath confrontational issues involving neighbors family business The attorney convinces his client that he can get the best of the opposition in court therefore let's get 'em Whether the merits of the case warrant litigation not is purely incidental to the attorney's desire to line his pockets with the client's cash Most litigation requires little cost to the litigant for resolution via mediation arbitration limited litigation However this sort of resolution puts little money in the pockets of the legal fraternity Use psychology prey on the client's greed or emotional behavioral attributes to extract the maximum amount of fees from the clients for the attorney's efforts as defined by the attorney
