Gazetteer of the Baltic States David Munro, 1996 **The Baltic States**, 1991 **The Baltic States** Külle Arjakas, 1991
Russia's European Agenda and the Baltic States Janina Šleivyte, 2009-12-16 This book analyses recent Russian European interaction including Russia's relations with the Baltic States it discusses the development of Russia's approach to the new security architecture in Europe resulting from the enlargement of both the EU and NATO and assesses the prospects for greater Russian engagement in European security frameworks **Foreign Relations of the United States** United States. Department of State, 1948 *The Baltic Countries* Mr. Julian Berengaut, Mr. Pietro Garibaldi, Mr. Dennis Jones, Ms. Françoise Le Gall, Ms. L. Effie Psalida, Mr. Jerald Alan Schiff, Mr. Richard E. Stern, Ms. Kerstin Westin, Mr. Augusto López-Claros, 1998-11-25
Are the three Baltic countries Latvia Estonia and Lithuania ready for accession to the European Union Have their economies overcome the problems of transition The answers to these questions and their implications for policy are provided in this collection of analyses Rather than a country by country description the volume provides a cross country perspective of developments from 1994 through mid 1997 The seven sections of this paper discuss recent macroeconomic and structural policies exchange rate regimes fiscal issues financial systems private sector development and accession to the European Union **Baltic-Black Sea Regionalisms** Olga Bogdanova, Andrey Makarychev, 2019-10-01 This edited volume focuses on various forms of regionalism and neighborhoods in the Baltic Black Sea area In the light of current reshaping of borderlands and new geopolitical and military confrontations in Europe's eastern margins such as the annexation of Crimea and the war in Donbas this book analyzes different types and modalities of regional integration and region making from a comparative perspective It conceptualizes cooperative and conflictual encounters as a series of networks and patchworks that differently link and relate major actors to each other and thus shape these interconnections as domains of inclusion and exclusion bordering and debordering securitization and desecuritization This peculiar combination of geopolitics ethnopolitics and biopolitics makes the Baltic Black Sea trans national region a source of inspiring policy practices and in the light of new security risks a matter of increased concern all over Europe The contributors from various disciplines cover topics such as cultural and civilizational spaces of belonging and identity politics the rise of right wing populism region building under the condition of multiple security pressures and the influence and regional strategies of different external powers including the EU Russia and Turkey on cross and trans regional relations in the area **Documents on British Foreign Policy, 1919-1939** Great Britain. Foreign Office, 1953 **Die Geschichte der baltischen Staaten** Georg von Rauch, 1974-01-01
Georg von Rauch 1904 1991 was a Baltic German historian specializing in Russia and the Baltic states Rauch was born in Pskov the son of Kornelius von Rauch who was serving in the Russian army in 1911 the family moved to Sangaste in southern Estonia then part of the Russian Empire Rauch graduated from the University of Tartu with a degree in history in 1927 leaving for Germany in 1939 He joined the staff of the University of Marburg where he taught Russian history in 1946

becoming a professor in 1953 In 1958 he accepted an offer from the University of Kiel where he became head of the Institute on East European History His pioneering history of the Soviet Union was translated into other languages and became a standard textbook His son was the anarchist Georg von Rauch killed by the police in 1971 Wikipedia

The Implementation and Enforcement of European Union Law in Small Member States Ivan Sammut,Jelena Agranovska,2021-03-11 The objective of this book is to examine how the legal order of Malta the EU s smallest Member State manages to cope with the obligations of the EU s *acquis communautaire* As far as the legal obligations are concerned size does not matter Smaller Member States have the same obligations as the largest yet they have to meet these same obligations with very fewer resources This book examines how the Maltese legal system manages to fulfil its obligations both in terms of the supremacy of EU law as well as how the substantive EU law is transposed and implemented It also explores how Maltese courts look at EU law and how they manage or not manage to enforce it within the context of national law It can serve as a model to demonstrate how EU law is being implemented in the smallest Member State and can serve as a basis to study the effectiveness of EU law into the domestic law of its Member States in general

Department of State Publication ,1980 *Baltic Postcolonialism* Violeta Kelertas,2006 Emerging from the ruins of the former Soviet Union the literature of the Baltic states of Lithuania Latvia and Estonia is analyzed from the fruitful perspective of postcolonialism a theoretical approach whose application to former second world countries is in its initial stages This groundbreaking volume brings scholars working in the West together with those who were previously muffled behind the Iron Curtain They gauge the impact of colonization on the culture of the Baltic states and demonstrate the relevance of concepts first elaborated by a wide range of critics from Frantz Fanon to Homi Bhabha Examining literary texts and the situation of the intellectual reveals Baltic concerns with identity and integrity the rewriting of previously blotted out or distorted history and a search for meaning in societies struggling to establish their place in the world after decades and perhaps millennia of oppression The volume dips into the late Tsarist period then goes more deeply into Soviet deportations to the Gulag while the main focus is on works of the turning point in the late 1980s and 1990s Postcolonial concepts like mimicry subjectivity and the Other provide a new discourse that yields fresh insights into the colonized countries culture and their poignant attempts to fight to adapt and to survive This book will be of interest to literary critics Baltic scholars historians and political scientists of Eastern Europe linguists anthropologists psychologists sociologists working in the area of postcommunism and anyone interested in learning more about these ancient and vibrant cultures

Applications of Paleoenvironmental Techniques in Estuarine Studies Kaarina Weckström, Krystyna M. Saunders, Peter A. Gell, C. Gregory Skilbeck, 2017-02-13 The aim of this edited volume is to introduce the scientific community to paleoenvironmental studies of estuaries to highlight the types of information that can be obtained from such studies and to promote the use of paleoenvironmental studies in estuarine management Readers will learn about the application of different paleoecological approaches used in estuaries that develop our understanding of their response to natural and human influences Particular attention is given to the essential steps required for undertaking a paleoecological study in

particular with regard to site selection core extraction and chronological techniques followed by the range of indicators that can be used A series of case studies are discussed in the book to demonstrate how paleoecological studies can be used to address key questions and to sustainably manage these important coastal environments in the future This book will appeal to professional scientists interested in estuarine studies and or paleoenvironmental research as well as estuarine managers who are interested in the incorporation of paleoenvironmental research into their management programs

Statehood and the Law of Self-Determination David Raic,2002-09-01 Although most international lawyers assumed that the distribution of the land surface of the earth between States was more or less final after the end of decolonization recent practice has disproved this assumption Eritrea separated from Ethiopia and new States were created out of the former Soviet Union the former Yugoslavia and the former Czechoslovakia There is no reason to believe that these events form the end of the creation of new States Numerous communities within existing States claim a right to full separate statehood on the basis of their entitlement to an alleged right to self determination However in most cases the international community rejected such claims to statehood even if the territorial entity satisfied the traditional criteria for statehood On the other hand in other cases including some of those mentioned above the international community acknowledged the statehood of entities which clearly failed to meet these criteria In the light of the above mentioned developments this book examines the modern law of statehood and in particular the role of the law of self determination in the process of the formation of States in international law The study shows that the law of statehood has changed considerably since the establishment of the United Nations It is argued that the law of self determination is particularly relevant for explaining the international community s position regarding the general recognition or the general denial of statehood of different territorial entities under contemporary international law

The Timber Economy in the Baltic Sea (1600-1939) Luciano Segreto,2024-10-22 This monograph puts a focus on the fundamental role of timber in the European industrialization process This ties into analyzing the early stages of globalization which often solely revolves around the flow of capital While this is also discussed in this book the author paints a more complex picture of international trade and particularly the relationships between the countries producing commodities and the consumer countries Throughout the chapters readers will get an understanding of the organization behind the timber value chain from the forests of Central Eastern Europe the main Scandinavian countries and Russia to the main consumer markets in Western Europe The examined time frame is between the end of the 17th century and World War 2 During that time a fascinating nexus of economic technological and financial structures evolved that tied the forests areas to the consumption centres with the help of Baltic merchants It is a fascinating story that ties together historical information for readers interested in economic history and traditional use of forest products

Implementing the Precautionary Principle Nicolas de Sadeleer,2012-05-04 From fisheries to persistent organic pollutants to climate change itself no other environmental principle in environmental law has produced as much controversy as the precautionary principle Unlike a

preventive approach in which action is taken provided that the threats to the environment are tangible with a precautionary approach authorities are prepared to tackle risks for which there is no definitive proof that the damage will materialize The ramifications of this increasingly apparent approach are profound and cut across all areas of risk assessment and management environmental law policy and regulation in every major sector However to date little thought has been dedicated to the implementation of the precautionary principle in a wide array of environmental circumstances This authoritative handbook addresses the legal aspects of how the precautionary principle is implemented in different sectors and examines its successes failures strengths and weaknesses Sectors and subjects covered include chemicals GMOs marine pollution fisheries and nature conservation and the book draws on cases in the EU in the USA and Nordic countries where the use of precaution has been gathering momentum Ultimately the book provides an indispensable appraisal of the question increasingly important in the era of human induced climate change of whether the precautionary principle is relevant indeed essential to avert major environmental and health risks and how and when it can be used successfully Published with MARIE CURIE ACTIONS
