1 Dividend Stocks Dividend stocks are tried and true way to earn passive income You will have to do plenty of research to find good stocks and invest a significant amount of money to receive large dividend checks However if you consistently invest money into dividend stocks you can amass a nice residual income over time For any of these investment opportunities make sure you open an account at the best online brokerage and get rewards while doing it This is amazing for investing in dividend stocks because you can build your portfolio of say 30 stocks Then your investments will be auto allocated to your entire portfolio every deposit for FREE You can even auto rebalance Then your dividends can also be reinvested It's a fantastic platform and it was made for this
