Dunhuang Manuscript Culture Imre Galambos,2020-12-07 Dunhuang Manuscript Culture explores the world of Chinese manuscripts from ninth tenth century Dunhuang an oasis city along the network of pre modern routes known today collectively as the Silk Roads The manuscripts have been discovered in 1900 in a sealed off side chamber of a Buddhist cave temple where they had lain undisturbed for for almost nine hundred years The discovery comprised tens of thousands of texts written in over twenty different languages and scripts including Chinese Tibetan Old Uighur Khotanese Sogdian and Sanskrit This study centres around four groups of manuscripts from the mid ninth to the late tenth centuries a period when the region was an independent kingdom ruled by local families The central argument is that the manuscripts attest to the unique cultural diversity of the region during this period exhibiting alongside obvious Chinese elements the heavy influence of Central Asian cultures As a result it was much less Chinese than commonly portrayed in modern scholarship The book makes a contribution to the study of cultural and linguistic interaction along the Silk Roads Candida Höfer Candida Höfer,Doreen Mende,Markus Heinzelmann,2009 For Candida Höfer projects are works in multiple parts that have a planned additional course or which are completed once they reach a definitive state Projects Done refers to fourteen completed projects from between 1968 and 2008 The fifteenth project is the presentation itself which the artist has developed in collaboration with the architects Kuehn Malvezzi Candida Höfer presents her work in unfamiliar formats catalogue raisonné small format views of the series Zoologische Gärten 1993 Die Brücke von Calais 2000 or On Kawara 2006 07 or large format images such as Tränen in Deutschland 1979 and the slide project 80 Pictures which is presented on a black background Flipper is a collage of black and white photographs of pinball machines spread across eight pages Liverpool an early work from 1968 presents low key whole page black and white pictures A further focus is Höfer's pictures of exhibition spaces created by the architects Kuehn Malvezzi English and German text *Imai Toshimitsu* Gian Carlo Calza,Toshimitsu Imai,1998 Monographie approfondie analysant 50 ans de travail de l'artiste japonais *Index of Patents Issued from the United States Patent and Trademark Office* ,1993 *The American Experience in World War II: The atomic bomb in history and memory* Walter L. [The Thought War](#) Barak Kushner,2007-04-30 A major contribution both to the study of Japan and propaganda in the twentieth century Barak Kushner meticulously and convincingly reveals the full scope of what was assumed to not have existed namely an organized multifaceted and disturbingly resilient system of Japanese propaganda Based on an impressive array of primary sources many only recently uncovered The Thought War provides a fascinating assessment of the complex and often contradictory processes of Japanese propaganda in an imperial context Michael Baskett professor of film studies University of Kansas Barak Kushner has written a first rate study of propaganda in Japan during the Second World War In a work of painstaking research he takes his readers into the heart of wartime Japan building a compelling argument that Japanese propaganda was sophisticated and effective in rallying the population and after the war seamlessly redirecting it to aid the transformation of Imperial Japan into the post war democracy of today The Thought War is a superbly competent piece of research that floods light into a place where only generalization supposition and stereotype had existed before Nicholas J Cull University of Southern California editor Propaganda and Mass Persuasion A Historical Encyclopedia 1500 present The Thought War is a unique and remarkable study Barak Kushner reveals that Japanese propaganda during World War II was astonishingly sophisticated diverse and effective What s more the methods messages and makers of wartime propaganda proved just as successful at shaping public opinion in the wake of Japan s defeat as they earlier had been in mobilizing the nation for war Kushner s insights on Japan s path from empire through war and into postwar reconstruction are provocative compelling and thoroughly convincing William M Tsutsui chair of the Department of Asian Studies University of Kansas The Thought War is the first book in English to examine the full extent of Japan s wartime propaganda Based on a wide range of archival material and sources in Japanese Chinese and English it explores the

propaganda programs of the Japanese government from 1931 to 1945 demonstrating the true scope of imperial propaganda and its pervasive influence an influence that is still felt today Contrary to popular postwar rhetoric it was not emperor worship or military authoritarianism that led an entire nation to war Rather it was the creation of a powerful image of Japan as the leader of modern Asia and the belief that the Japanese could and would guide Asia to a new glorious period of reform that appealed to imperial subjects Kushner analyzes the role of the police and military in defining socially acceptable belief and behavior by using their influence to root out malcontents His research is the first of its kind to treat propaganda as a profession in wartime Japan He shows that the leadership was not confined to the crude tools of sloganeering and government sponsored demonstrations but was able instead to appropriate the expertise of the nation s advertising firms to sell the image of Japan as Asia s leader and modernizer In his exploration of the propaganda war in popular culture and the entertainment industry Kushner discloses how entertainers sought to bolster their careers by adopting as their own pro war messages that then filtered down into society and took hold Japanese propaganda frequently conflicted with Chinese and American visions of empire and Kushner reveals the reactions of these two nations to Japan s efforts and the meaning of their responses
