Alarms And Discursions:

Alarms and Discursions Gilbert Keith Chesterton, 1927 If Mr Chesterton had been permitted to have his own way this handful of papers would have been sent out under the title of Gargoyles Perhaps the publisher foresaw horror upon the faces of really unimaginative readers when once brought face to face with a monster title so it was changed to Alarms and discursions as indefinite and capable of possibilities as one could wish Fragments of futile journalism or fleeting impressions Mr Chesterton calls his essays This row of shapeless and ungainly monsters does not consist of separate idols cut out capriciously in lonely valleys or various islands These monsters are meant for the gargoyles of a definite cathedral I have to carve the gargoyles because I can carve nothing else I leave to others the angels and the arches and the spires Forty essays in which excellent common sense and brilliantly phrased wisdom mingle with sheer nonsense **Alarms and Discursions** G. Chesterton, 2017-11-28 Excerpt from Alarms and Discursions That far more serious problem I had posed to call this book Gargoyles traces of such an intention can still be detected i fear in the second essay Some time ago I tried to write an unobtrusive sociological essay called What Is Wrong Somehow or other it turned into a tremendous philippic called What s Wrong with the World with a photo graph of myself outside a photograph I swear I had never seen before and am far from anxious to see again Such things arise from the dul ness and languor of authors as compared with the hope and romantic ardour of publishers In this case the publisher provided the title and if he had provided the book too I dare say it About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

Alarms and Discursions G. K. Chesterton, 2021-02-06 But about this time the island was caught in a swarm of pirates and the shepherds had to turn themselves into rude warriors and seamen and at first they were utterly broken down in blood and shame and the pirates might have taken the jewel flung up for ever from their sacred fount And then after years of horror and humiliation they gained a little and began to conquer because they did not mind defeat And the pride of the pirates went sick within them after a few unexpected foils and at last the invasion rolled back into the empty seas and the island was delivered And for some reason after this men began to talk quite differently about the temple and the sun Some indeed said You must not touch the temple it is classical it is perfect since it admits no imperfections But the others answered In that it differs from the sun that shines on the evil and the good and on mud and monsters everywhere The temple is of the noon it is made of white marble clouds and sapphire sky But the sun is not always of the noon The sun dies daily every night he is crucified in blood and fire Now the priest had taught and fought through all the war and his hair had grown white but his eyes had grown young

And he said I was wrong and they are right The sun the symbol of our father gives life to all those earthly things that are full of ugliness and energy All the exaggerations are right if they exaggerate the right thing Let us point to heaven with tusks and horns and fins and trunks and tails so long as they all point to heaven The ugly animals praise God as much as the beautiful The frog's eyes stand out of his head because he is staring at heaven The giraffe's neck is long because he is stretching towards heaven The donkey has ears to hear let him hear And under the new inspiration they planned a gorgeous cathedral in the Gothic manner with all the animals of the earth crawling over it and all the possible ugly things making up one common beauty because they all appealed to the god The columns of the temple were carved like the necks of giraffes the dome was like an ugly tortoise and the highest pinnacle was a monkey standing on his head with his tail pointing at the sun And yet the whole was beautiful because it was lifted up in one living and religious gesture as a man lifts his hands in prayer
