Alcohol Programs For Higher Education:

Designing Alcohol and Other Drug Prevention Programs in Higher Education ,1997 Drug Prevention Programs in Higher Education , **College Drinking** George W. Dowdall,2023-07-03 Drinking is recognized as one of the most important problems confronting students on campus today with major impacts on health and safety This book answers crucial questions about why students drink examines its complex links to campus crime and sexual assault and offers new insights on how to address the issue It differs from other studies of college drinking by dispelling the myth that the problem is universal Dowdall s research reveals that the incidence of alcohol abuse varies enormously between colleges and in doing so identifies interventions and policies that have been effective and those that have failed His study is also unique in looking upstream at the broader cultural organizational and social forces that shape this behavior where most studies focus only on downstream behaviors well after students have selected their college and have started drinking Students and parents can take action to lower the risk of binge drinking by following the book s recommendations and consulting the data it provides about alcohol violations and crime at thousands of colleges For administrators and student affairs personnel it both defines and illuminates the issue and outlines effective interventions *An Act to Extend the Authorization of Programs Under the Higher Education Act of 1965, and for Other Purposes* United States,1998 *Occupational Alcoholism Programs Bibliography* National Clearinghouse for Alcohol Information,1980 Alcohol Education in Institutions of Higher Learning National Institute of Mental Health (U.S.),1964 **Drug Prevention Program for Students Enrolled in Higher Education** ,1987
