Liberty and Justice for All

Ronald Cedric White, 2002-01-01 In the century between the Emancipation Proclamation of Abraham Lincoln and the I Have a Dream speech of Martin Luther King Jr America sought both to rebuff and to redeem the promise of liberty and justice for all The story of slavery and the bloody civil war that abolished it has been told but the story of the struggle for liberty and justice by and for African Americans in the half century following the end of Reconstruction has been largely overlooked In this highly readable narrative distinguished historian Ronald C White Jr portrays the people their ideas and their ongoing struggle for racial reform in the United States from 1877 1925 a vital prelude to the modern civil rights movement and Martin Luther King Jr

We As Freemen

Medley, Keith Medley, 2012-03-21 We as freemen still believe that we were right and our cause is sacred Statement of the Comit 1 2 des Citoyens 1896 2004 FINALIST AMERICAN BAR ASSOCIATION'S SILVER GAVEL BOOK AWARD An excellent complement to the scholarly works of Charles A Lofgren Otto H Olsen and Brook Thomas this remarkable read is recommended for public and academic library collections Library Journal In June 1892 a thirty year old shoemaker named Homer Plessy bought a first class railway ticket from his native New Orleans to Covington north of Lake Pontchartrain The two hour trip had hardly begun when Plessy was arrested and removed from the train Though Homer Plessy was born a free man of color and enjoyed relative equality while growing up in Reconstruction era New Orleans by 1890 he could no longer ride in the same carriage with white passengers Plessy's act of civil disobedience was designed to test the constitutionality of the Separate Car Act one of the many Jim Crow laws that threatened the freedoms gained by blacks after the Civil War This largely forgotten case mandated separate but equal treatment and established segregation as the law of the land It would be fifty eight years before this ruling was reversed by Brown v Board of Education Keith Weldon Medley brings to life the players in this landmark trial from the crusading black columnist

Rodolphe Desdunes and the other members of the Comité des Citoyens to Albion W. Tourgée the outspoken writer who represented Plessy to John Ferguson a reformist carpetbagger who nonetheless felt that he had to judge Plessy guilty

A Refugee from His Race Carolyn L. Karcher, 2016-02-10 During one of the darkest periods of U.S. history when white supremacy was entrenching itself throughout the nation the white writer jurist activist Albion W. Tourgée 1838-1905 forged an extraordinary alliance with African Americans Acclaimed by blacks as one of the best friends of the Afro-American people this country has ever produced and reviled by white Southerners as a race traitor Tourgée offers an ideal lens through which to reexamine the often caricatured relations between progressive whites and African Americans He collaborated closely with African Americans in founding an interracial civil rights organization eighteen years before the inception of the NAACP in campaigning against lynching alongside Ida B. Wells and Cleveland Gazette editor Harry C. Smith and in challenging the ideology of segregation as lead counsel for people of color in the 1896 Plessy v. Ferguson case Here Carolyn L. Karcher provides the first in-depth account of this collaboration Drawing on Tourgée's vast correspondence with African American intellectuals activists and ordinary folk on African American newspapers and on his newspaper column A Bystander's Notes in which he quoted and replied to letters from his correspondents the book also captures the lively dialogue about race that Tourgée and his contemporaries carried on The American Bookseller, 1879 The Civil War and Reconstruction Stanley Harrold, 2007-11-28 This new volume deals with two momentous and interrelated events in American history the American Civil War and Reconstruction and offers students a collection of essential documentary sources for these periods Provides students with over 60 documents on the American Civil War and Reconstruction Includes presidential addresses official reports songs poems and a variety of eyewitness testimony concerning significant events ranging from 1833-1879 Contains an informative introduction focused on the kinds of materials available and how historians use them Each chapter ends with questions designed to help students engage with the material and to highlight key issues of historical debate *A Contested Terrain* AnneMarie Brosnan, 2025-03-04 A testament to the resilience and determination of Black North Carolinians to achieve educational equality This book examines the educational experiences of Black North Carolinians during the American Civil War and Reconstruction period 1861-1877 By highlighting the collaborative efforts that led to the growing network of schools for the formerly enslaved people it argues that schooling the Freedpeople was a contested terrain fraught with conflicting visions of Black freedom and the role education should play Although Black men and women emerged as the driving force behind the educational endeavors of this period their work was facilitated by Northern aid and missionary societies the federally mandated Freedmen's Bureau and over 1,400 teachers from various regional and racial backgrounds Yet the educational landscape was far from uniform and the individuals and organizations involved had their distinct visions regarding the nature and purpose of Freedpeople's education Through the use of qualitative and quantitative research

methods this book offers new insights into the reasons why Black and white Northerners and Southerners elected to become teachers By examining their diverse motivations and experiences it argues that attitudes toward Freedpeople s education were complex and fluid defying neat characterization Despite mounting obstacles and opposition to their work Black North Carolinians unrelenting quest for education ultimately gave rise to free public schooling for both races the professionalization of Black teachers and an extensive network of Historically Black Colleges and Universities

The Plessy Case Charles A. Lofgren,1988-09-08 In 1896 the U S Supreme Court case Plessy v Ferguson upheld equal but separate accommodations for the white and colored races on all passenger railways within the state of Louisiana In this account with implications for present day America Lofgren traces the roots of this landmark case in the post Civil War South and pinpoints its moorings in the era s constitutional legal and intellectual doctrines After reviewing de facto racial separation and the shift by southern states to legislated transportation segregation he shows that the Fourteenth Amendment became a ready vehicle for legitimating classification by race At the same time scientists and social scientists were proclaiming black racial inferiority and lower courts were embracing separate but equal in ordinary law suits Within this context a group of New Orleans blacks launched a judicial challenge to Louisiana s 1890 Separate Car Law and carried the case to the Supreme Court where the resulting opinions by Justices Henry Billings Brown and John Marshall Harlan pitted legal doctrines and expert opinion about race against the idea of a color blind Constitution Throughout his account Lofgren probes the intellectual premises that shaped this important episode in the history of law and race in America an episode that still raises troubling questions about racial classification and citizenship revealing its dynamics and place in the continuum of legal change

From the Grassroots to the Supreme Court Peter F. Lau,2004-12-07 Combines legal and historical analysis to address the implications of Brown v Board of Education showing that the resolution of racial segregation in schools transformed the lives of ordinary citizens in broader ways than has previously been ass

Well-Nigh Reconstructed Brinsley Matthews,2010-12-15 In 1882 William Simpson Pearson writing under the pseudonym Brinsley Matthews published Well Nigh Reconstructed a thinly disguised autobiographical novel excoriating the enormous societal changes that had beset the former Confederacy during Reconstruction Pearson s work was especially notable in that the author was a onetime Radical Republican and supporter of Ulysses S Grant s bid for the presidency A product of Pearson s perception that

northern Reconstruction policies had devastated his native North Carolina the book set in motion a genre of politically motivated novels that would culminate near the turn of the twentieth century with Thomas Nelson Page's *Red Rock* and later Thomas Dixon Jr.'s infamous *The Clansman*. Though set in Virginia and Alabama it is clear that *Well Nigh Reconstructed* drew heavily on Pearson's own experiences and that it was conceived as a direct response to *A Fool's Errand*, a pro Reconstruction novel by fellow North Carolinian Albion Tourgée. Echoing Pearson's own disillusionment with the Radical Republicans the novel's protagonist Archie Moran comes to see Radical Reconstruction as an attempt to turn the South into a carbon copy of the North and through a series of encounters involving corrupt carpetbaggers, greedy politicians and the Klan trials of the late 1870s Moran grows weary of politics altogether and resigns his Republican Party affiliation. For Pearson and his doppelgänger Moran Reconstruction became a vast breeding ground for corruption. Featuring an extensive introduction by historian Paul D. Yandle who sets the political and regional scene of Reconstruction North Carolina this reissue of *Well Nigh Reconstructed* will shed new light on the ways in which sectionalism, regionalism and the embrace of white supremacy tended to undermine the recently reconstituted Union among Appalachian residents.
