New York Times bestselling writer BRIAN BUCCELLATO JENNIFER YOUNG As the Hansen family reels from tragedy Cash resorts to drastic measures in search of answers *Cannibal #3* Brian Buccellato,2016-12-07 Danny a stranger in town gets the attention of the townsfolk Also a new cannibal emerges **Our Cannibals, Ourselves** Priscilla L. Walton,2010-10-01 Why does Western culture remain fascinated with and saturated by cannibalism Moving from the idea of the dangerous Other Priscilla L Walton s *Our Cannibals Ourselves* shows us how modern day cannibalism has been recaptured as in the vampire story resurrected into the human blood stream and mutated into the theory of germs through AIDS Ebola and the like At the same time it has expanded to encompass the workings of entire economic systems such as in consumer cannibalism *Our Cannibals Ourselves* is an interdisciplinary study of cannibalism in contemporary culture It demonstrates how what we take for today s ordinary culture is imaginatively and historically rooted in very powerful processes of the encounter between our own and different often threatening cultures from around the world Walton shows that the taboo on cannibalism is heavily reinforced only partly out of fear of cannibals themselves instead cannibalism is evoked in order to use fear for other purposes including the sale of fear entertainment Ranging from literature to popular journalism film television and discourses on disease *Our Cannibals Ourselves* provides an all encompassing insightful meditation on what happens to popular culture when it goes global **Cannibal Fictions** Jeff Berglund,2006-08-15 Objects of fear and fascination cannibals have long signified an elemental otherness an existence outside the bounds of normalcy In the American imagination the figure of the cannibal has evolved tellingly over time as Jeff Berglund shows in this study encompassing a strikingly eclectic collection of cultural literary and cinematic texts *Cannibal Fictions* brings together two discrete periods in U S history the years between the Civil War and World War I the high water mark in America s imperial presence and the post Vietnam era when the nation was beginning to seriously question its own global agenda Berglund shows how P T Barnum in a traveling exhibit featuring so called Fiji cannibals served up an alien other for popular consumption while Edgar Rice Burroughs in his *Tarzan of the Apes* series tapped into similar anxieties about the eruption of foreign elements into a homogeneous culture Turning to the last decades of the twentieth century Berglund considers how treatments of cannibalism variously perpetuated or subverted racist sexist and homophobic ideologies rooted in earlier times Fannie Flagg s novel *Fried Green Tomatoes* invokes cannibalism to new effect offering an explicit critique of racial gender and sexual politics an element to a large extent suppressed in the movie adaptation Recurring motifs in contemporary Native American writing suggest how Western expansion has cannibalistically laid the seeds of its own destruction And James Dobson s recent efforts to link the pro life agenda to allegations of cannibalism in China testify still further to the currency and pervasiveness of this powerful trope By highlighting practices that preclude the many from becoming one these representations of cannibalism Berglund argues call into question the comforting national narrative of e pluribus unum **Cannibal #1** Brian Buccellato,2016-10-05 A BRAND NEW SERIES From New York Times bestselling writer BRIAN BUCCELLATO JENNIFER YOUNG CANNIBAL is

about the denizens of a small Everglades town desperately trying to hold onto their everyday lives at the dawn of a cannibal pandemic With no cure in sight the region has become split over what to do with the victims though for Cash and Grady Hansen the answer is simple Kill them But all of that changes when the virus begins to infect people they love *Practising Angels* Michael Mayo,1986 [Cannibalism in High Medieval English Literature](#) H. Blurton,2016-09-23 This book reads the surprisingly widespread representations of cannibals and cannibalism in medieval English literature as political metaphors that were central to England's ongoing process of articulating cultural and national identity **She Rises Like the Sun** Janine Canan,1989 **Cannibal Encounters** Philip P. Contemporary American Poetry Lloyd M. Davis,1985 Lists over 5 200 titles of books published by American poets between 1973 and 1983 **Taming Cannibals** Patrick Brantlinger,2011-09-16 In *Taming Cannibals* Patrick Brantlinger unravels contradictions embedded in the racist and imperialist ideology of the British Empire For many Victorians the idea of taming cannibals or civilizing savages was oxymoronic civilization was a goal that the nonwhite peoples of the world could

not attain or at best could only approximate yet the civilizing mission was viewed as the ultimate justification for imperialism. Similarly the supposedly unshakeable certainty of Anglo Saxon racial superiority was routinely undercut by widespread fears about racial degeneration through contact with lesser races or concerns that Anglo Saxons might be superseded by something superior an even fitter or higher race or species. Brantlinger traces the development of those fears through close readings of a wide range of texts including Robinson Crusoe by Daniel Defoe, Fiji and the Fijians by Thomas Williams, Daily Life and Origin of the Tasmanians by James Bonwick, The Descent of Man by Charles Darwin, Heart of Darkness by Joseph Conrad, Culture and Anarchy by Matthew Arnold, She by H Rider Haggard and The War of the Worlds by H G Wells. Throughout the wide ranging capacious and rich Taming Cannibals Brantlinger combines the study of literature with sociopolitical history and postcolonial theory in novel ways. *San Francisco Review of Books*, 1982. *American Book Publishing Record Cumulative, 1950-1977: Title index*. Death by Cannibal Peter Davidson, 2015-02-03. Peter Davidson the author of Homicide Miami the true crime story that inspired the film Pain and Gain compiles the true stories of some of America's most notorious cannibal murderers. They violated one of civilized society's most sacred taboos and they're anathema even in the twisted world of serial murder. Most frighteningly the cannibal killer hides behind a mask of normalcy as documented in the vivid profiles of American murderers who ate their victims. Drawn from revealing interviews with family members, authorities and the killers themselves, *Death by Cannibal* exposes the secrets behind the most fiendish compulsion of them all. Gary Heidnik the financial wizard whose Philadelphia home was a dungeon of sexual slavery, torture and diabolical feasts. Albert Fentress a mild mannered schoolteacher who lured a teenage boy into the inescapable darkness of his secret obsessions. John Weber a country boy who found an outlet for his sick fantasies when he ate his teenage sister in law for dinner. Nathaniel Bar Jonah a gourmand and aspiring chef who allegedly shared the remains of his prey with unsuspecting friends. Marc Sappington a high school dropout who aimed to outdo his idol Jeffrey Dahmer by embarking on a three day feeding frenzy. But where does gruesome desire end and true crime begin? The book includes new details on the unprecedented case of Cannibal Cop Gilberto Valle the former NYPD officer who used online forums to describe his fantasies of kidnapping up to a hundred women and of eating girl meat. Includes photographs.
