Copyright Office, 1947 Includes Part 1A Books Part 1B Pamphlets Serials and Contributions to Periodicals and Part 2 Periodicals Part 2 Periodicals incorporates Part 2 Volume 41 1946 New Series **AB Bookman's Weekly**, 1998 **The Betrayal** Kim Christian Priemel, 2018-05-17 At the end of World War II the Allies faced a threefold challenge how to punish perpetrators of appalling crimes for which the categories of genocide and crimes against humanity had to be coined how to explain that these had been committed by Germany of all nations and how to reform Germans The Allied answer to this conundrum was the application of historical reasoning to legal procedure In the thirteen Nuremberg trials held between 1945 and 1949 and in corresponding cases elsewhere a concerted effort was made to punish key perpetrators while at the same time providing a complex analysis of the Nazi state and German history Building on a long debate about Germany's divergence from a presumed Western path of development Allied prosecutors sketched a historical trajectory which had led Germany to betray the Western model Historical reasoning both accounted for the moral breakdown of a civilised nation and rendered plausible arguments that this had indeed been a collective failure rather than one of a small criminal clique The prosecutors therefore carefully laid out how institutions such as private enterprise academic science the military or bureaucracy which looked ostensibly similar to their opposite numbers in the Allied nations had been corrupted in Germany even before Hitler's rise to power While the argument depending on individual protagonists subject matters and contexts met with uneven success in court it offered a final twist which was of obvious appeal in the Cold War to come if Germany had lost its way it could still be brought back into the Western fold The first comprehensive study of the Nuremberg trials *The Betrayal* thus also explores how history underpins transitional trials as we encounter them in today's courtrooms from Arusha to The Hague *The Publishers Weekly*, 1968 **Huxford's Old Book Value Guide** Bob Huxford, 1991 Nearly 25 000 titles with current values fill this hardbound book Much more than just a typical price guide the book is a directory with scores of actual buyers listed by the subject matter they are searching for as well as dealers offering the books at listed prices It will put you in touch with a person interested in buying or selling the books you have piled on your bookshelves **Schubert, Müller, and Die Schöne Müllerin** Susan Youens, 1997-02-06 The collaboration of Schubert and the poet Wilhelm Müller produced some of the best loved of nineteenth century lieder in particular the song cycle *Die sch ne Müllerin* Professor Youens shows us how this archetypal tale of love and rejection which has its origins in medieval romance Minnesong and popular German legend is reflected in the poet's own experience the realms of art and life intertwining Professor Youens considers other poets explorations of the theme of a miller maid and her suitors and looks at other musical settings of Müller's mill poems But above all she examines Müller's permutation of the literary legends as an exploration of erotic obsession delusion frenzy disillusionment and death and the way in which Schubert crucially altered Müller's vision when the poetic cycle became a musical text [Fighter, Worker, and Family Man](#)

Sebastian Huebel, 2021-12-06 *Fighter Worker and Family Man* explores how German Jewish men tried to maintain their understandings of masculinity under Nazi rule

Crisis in Sri Lanka and the World Asoka Bandarage, 2023-05-22 This book provides a broad picture of Sri Lanka's ongoing political and economic crisis as the culmination of several centuries of colonial and neo colonial developments The book presents the Sri Lankan crisis as an exemplification of a broader global existential crisis facing more and more debt trapped countries especially in the post colonial Global South The book's in depth case study raises important questions pertaining to sovereignty and political and economic democracy in Sri Lanka and the world at large The book also explores the emergence of the crisis in the context of the accelerating geopolitical conflict between China and the USA in the Indian Ocean It ponders if the debt crisis economic collapse and political destabilization in Sri Lanka were intentionally precipitated to the advantage of the Quadrilateral Alliance USA India Australia and Japan Moving beyond geopolitical rivalry the book juxtaposes Sri Lanka's political economic crisis with the broader ecological crisis of climate change and sea level rise The book concludes with a consideration of the ethical dilemmas behind the debt and survival crisis in Sri Lanka and across the world It points out a range of social movements and initiatives in Sri Lanka and the Global South which subscribe to collective and ecological alternatives and a Middle Path of sustainability and social justice

Schlüteriana III Kevin E. Kandt, 2015-11-06 This third volume of the new serial publication *Schlüteriana* continues the commemoration of the 300th anniversary of Schlotter's death and is dedicated solely to the funerary monuments created by the sculptor his school and followers in Berlin and the Brandenburg region of north eastern Germany The single text presented here is subtitled Part Two Germany and serves as the second installment of a comprehensive in depth survey focused on this highly important genre in the sculptor's oeuvre It completes the examination initiated by Part One Poland published in *Schlüteriana II* which dealt with Schlotter's tomb art created during his earlier sojourn in Polish territories The primary aim of this current publishing project is to bring about a more complete overall understanding of the artist's production from both his Polish and German years In these two articles we have concentrated on his funerary sculpture by providing in an essay catalogue format greatly enhanced by an exhaustive photographic documentation of each object discussed a fundamental description of monuments closely associated with the artist and his circle including comparative analysis based upon key examples from European Baroque art Certain sepulchral monuments created by the sculptor and his assistants in Berlin may already be somewhat better known to the lay public and art historians however those works from his Polish years have thus far still been somewhat neglected and inadequately received into the realm of Schlotter's total output This two part study which attempts to present all the works together along with supplemental commentary on pertinent historical social and iconographic contexts of the times when this art was created will hopefully begin to enrich our understanding of the inter relationships they share and contribute to a fuller reconstruction of Andreas Schlotter's artistic

development throughout his entire career Schl teriana III is being published in remembrance not only of Schl ter s death in 1714 but also as a tribute to a Berlin scholar who spent many years of her career deeply involved with research into the master s greatest work of architecture the Berlin Stadtschloss Her kindness and generosity in the free exchange of information led to many stimulating discussions about the artist which still after more than two decades inspire this author s own studies until today
