Services for young people Great Britain: Parliament: House of Commons: Education Committee, 2011-06-23 In this report the Education Committee warns that extending the National Citizen Service NCS offer to all 600 000 16 year olds could have a price tag in excess of 350 million each year even if only 50% of young people take part This would make it more costly than the entirety of youth services currently provided by local authorities Instead the Committee calls for the NCS to be retained but become a form of accreditation for existing schemes which meet the Government's objectives The report criticises the Government's failure yet to outline a youth policy or strategic vision for the sector It says that youth services are suffering disproportionate cuts and that the Government should be prepared to take action to ensure that local authorities meet their statutory obligations The Committee finds that evidence on the effectiveness of youth services is lacking and calls for more effort by government and service providers to help guide local authorities on where best to spend scarce resources Youth services cannot be immune from public spending cuts and the sector must make better use of non public forms of funding including charitable philanthropic and private sources *Berlin for Young People* Michael Bienert, 2010-09-01 Berlin for Young People is the ultimate guide for young and youthful Berlin visitors and even for Berliners The book explains everything you need to know about Berlin's fascinating history and guides your exploration of the city by foot bike boat bus balloon riksha segway and subway You'll discover flea markets bars and bunkers learn about museums for currywurst hemp and the GDR and relax on a beach in mid city or at a pool on a ship Includes numerous phone numbers addresses maps and a chapter on Potsdam Children and young people's cultural worlds Sara Bragg, Mary Jane Kehily, 2013 Growing up in an increasingly media saturated commercial and globalized world children and young people in contemporary society encounter and must creatively adapt to a range of cultural phenomena Offering a critical introduction to childhood in the digital age Children and Young People's Cultural Worlds challenges common concepts and concerns about childhood innocence held by many adults It examines the diversity of childhood experiences and relationships the distinctiveness of children's worlds and explores topics such as the consequences of age and the experience of living in different cultural contexts Utilizing contributions from scholars in a variety of different fields it is interdisciplinary and international in scope Including resources for teachers and students such as learning outcomes activities and additional readings and commentary this well written and beautifully presented book will be a valuable resource to anyone interested in new perspectives on childhood in the digital age *The Children of Berlin* Sharon Maas, 2023-06-22 I will never forgive you You had a choice You could have listened to your mother your brother your father but you chose to listen to those monsters And that choice remains with you Forever Leah and Magda are like sisters In their block of flats in Berlin they have only ever had each other to rely on Each other and Magda's brother Markus Nothing could have torn them apart Until Hitler gains power Leah could never imagine either of her best friends supporting the Nazis Because Leah is Jewish And she has heard the whispers of what's been happening to her

**Jews in Nazi Berlin** Beate Meyer, Hermann Simon, Chana Schütz, 2009-12-15 Though many of the details of Jewish life under Hitler are familiar historical accounts rarely afford us a real sense of what it was like for Jews and their families to live in the shadow of Nazi Germany s oppressive racial laws and growing violence With *Jews in Nazi Berlin* those individual lives and the constant struggle they required come fully into focus and the result is an unprecedented and deeply moving portrait of a people Drawing on a remarkably rich archive that includes photographs objects official documents and personal papers the editors of *Jews in Nazi Berlin* have assembled a multifaceted picture of Jewish daily life in the Nazi capital during the height of the regime s power The book s essays and images are divided into thematic sections each representing a different aspect of the experience of Jews in Berlin covering such topics as emigration the yellow star Zionism deportation betrayal survival and more To supplement and importantly to humanize the comprehensive documentary evidence the editors draw on an extensive series of interviews with survivors of the Nazi persecution who present gripping first person accounts of the innovation subterfuge resilience and luck required to negotiate the increasing brutality of the regime A stunning reconstruction of a storied community as it faced destruction *Jews in Nazi Berlin* renders that loss with a startling immediacy that will make it an essential part of our continuing attempts to understand World War II and the Holocaust

**Berlin, Alexanderplatz** Gisa Weszkalnys, 2010-05-01 A benchmark study in the changing field of urban anthropology *Berlin Alexanderplatz* is an ethnographic examination of the rapid transformation of the unified Berlin Through a captivating account of the controversy around this symbolic public square in East Berlin the book raises acute questions about expertise

citizenship government and belonging Based on ethnographic fieldwork in the city administration bureaus developers offices citizen groups and in Alexanderplatz itself the author advances a richly innovative analysis of the multiplicity of place She reveals how Alexanderplatz is assembled through the encounters between planners citizen activists social workers artists and ordinary Berliners in processes of popular participation and personal narratives in plans timetables documents and files and in the distribution of pipes tram tracks and street lights Alexanderplatz emerges as a socialist spatial exemplar a future under construction an object of grievance and a vision of robust public space This book is both a critical contribution to the anthropology of contemporary modernity and a radical intervention in current cross disciplinary debates on the city

*Destination Image - Do Berlin's tourist authorities have to consider cultural segmentation when developing marketing strategies relating to the place's image in an era that refers to the global tourist?* Wassim El Kadhi, 2008-10-13 Inhaltsangabe  
Abstract Destination image is considered as the key in attracting tourists This thesis purported to scrutinise whether Berlin's tourist authorities have to consider cultural segmentation when developing marketing strategies relating to the place's image As an exploratory study it examined Berlin's image among youths from Arab Islamic and Protestant European countries and confronted them In an era that is subjected to globalisation and refers to the global tourist it is vindicated to pose this question Various scholars are convinced that the world tourism market may be treated as a homogenous one due to globalisation However the literature also provides some opposing bearings and discusses them It further gives some background information on Berlin as a tourist destination addresses destination image concerning influential cultural factors and the implications of globalisation on consumer behaviour Finally it studies the Arab Islamic and Protestant European youth cultures in the light of globalisation and possible modifying effects In response to the objectives of this study primary research was conducted It involved both quantitative and qualitative data collection methods Field and online surveys enabled the researcher to collect 239 completed questionnaires 103 Arab Islamic and 136 Protestant European youths Besides semi structured interviews and focus group discussions were carried out at EF Language School Bournemouth Following the completion of the survey obtained data was entered into SPSS Frequencies and means were calculated for each variable and several ANOVA tests and cross tabulations conducted in order to stress destination image's specificity in terms of cultural background Research findings revealed significant differences between the groups regarding their perception of Berlin Arab Islamic youths had a more negative stance towards Berlin than their counterparts Not only did divergences occur between the groups but also within the groups Thus destination image is culture specific and may also vary across countries sharing similar cultural backgrounds Overall despite the effects of globalisation cultural market segmentation still remains a vital element for a tourist place such as Berlin where the image management is concerned The thesis provides recommendations for Berlin congruent with the outcomes and concludes with the provision of recommendations for further
