Orchestrating Warfighting Tim Bean,Edward Flint,James E. Kitchen,Paul Latawski,2024-09-10 Orchestrating Warfighting provides a detailed and wide ranging examination of the employment of corps and divisions from the First World War through to the early twenty first century Division and corps formations have been at the forefront of the British Army's prosecution of war since 1914 They constituted the major command and organisational elements that underpinned the conduct of large scale warfighting on land Divisions and corps were of central importance to the conduct of the First and Second World Wars the maintenance of a conventional deterrence posture during the Cold War and were also employed in major confrontations since 1945 including the Korean War and two Gulf Wars The British Army of the early twenty first century still retains two divisional formations alongside the British led Allied Rapid Reaction Corps within NATO Orchestrating Warfighting examines British Dominion and imperial corps and divisions taking part in the total wars of the first half of the twentieth century and smaller scale conflicts since 1945 It throws new light on questions of command generalship and the management of battles and campaigns across a diverse range of theatres Orchestrating Warfighting is of

interest to historians of the British Army operational military history and modern war *Swastika over the Acropolis* Craig Stockings, Eleanor Hancock, 2013-07-04 *Swastika over the Acropolis* is a new multi national account which provides a new and compelling interpretation of the Greek campaign of 1941 and its place in the history of World War II It overturns many previously accepted English language assumptions about the fighting in Greece in April 1941 including for example the impact usually ascribed to the Luftwaffe German armour and the conduct of the Greek Army Further *Swastika over the Acropolis* demonstrates that this last complete strategic victory by Nazi Germany in World War II is set against a British Dominion campaign mounted as a withdrawal not an attempt to save Greece from invasion and occupation At the same time on the German side the campaign revealed serious and systemic weaknesses in the planning and the conduct of large scale operations that would play a significant role in the regime's later defeats *The Imperial Army Project* Douglas E.

Delaney, 2018-01-25 How did British authorities manage to secure the commitment of large dominion and Indian armies that could plan fight shoot communicate and sustain themselves in concert with the British Army and with each other during the era of the two world wars What did the British want from the dominion and Indian armies and how did they go about trying to get it Douglas E Delaney seeks to answer these questions to understand whether the imperial army project was successful Answering these questions requires a long term perspective one that begins with efforts to fix the armies of the British Empire in the aftermath of their desultory performance in South Africa 1899 1903 and follows through to the high point of imperial military cooperation during the Second World War Based on multi archival research conducted in six different countries on four continents Delaney argues that the military compatibility of the British Empire armies was the product of a deliberate and enduring imperial army project one that aimed at standardizing and piecing together the armies of the empire while at the same time accommodating the burgeoning autonomy of the dominions and even India At its core this book is really about how a military coalition worked **Those Who Have the Courage** Matthew Wright, 2024-06-17T00:00:00Z

Those Who Have the Courage will be a valuable resource for anyone who is interested in the military and social history of New Zealand It is a comprehensive history of the Royal New Zealand Armoured Corps the Mounted Rifles and predecessor units Governor General Dame Cindy Kiro from the Foreword The product of painstaking multi year research by esteemed historian and author Matthew Wright this richly illustrated hardback is a must have for the history reader Part 1 covers the colonial cavalry that fought in the NZ Wars and Anglo Boer War then Part 2 moves to the Mounted Rifles distinguishing themselves in the First World War at the end of which the tank came into play Part 3 describes the Armoured Corps varied roles in the Second World War Part 4 details what Wright calls an armoured evolution through actions from the Korean War to Vietnam and Part 5 records action in East Timor and Afghanistan and modern challenges rounding out this readable story The appendices include rolls of honour lists of vehicles and organisational charts **Howard Kippenberger** Denis

Mclean, 2012-06-01 Thoughtful and meaty biography of Sir Howard Kippenberger New Zealand war hero and all round good

bloke Sir Howard Kippenberger is widely acknowledged as the ideal of a New Zealand citizen soldier and our foremost soldier scholar a country lawyer and provincial intellectual who became a national figure as New Zealanders made the transition from colonials to a forthright nationhood As a military leader editor and author he was one of the prime movers in that process His democratic style of leadership reflected the ethos of a new nation active competent and engaged in the world in its own right no longer a dependency of Britain A second generation New Zealander born in 1897 his military career was probably unique in that he was a 19 year old private soldier in one war and emerged in the next as the commander of choice of what was in effect a national army the 2nd NZ Division whenever the British born and trained Bernard Freyberg was absent Kip was never a regular officer a part time Territorial soldier in peacetime with no formal British staff training he stood in the line of the New Zealand self made man Hard boiled ordinary New Zealanders at war truly admired and respected him not only for his mastery of the business of fighting but because he was known for a very real and deep rapport with his soldiers and concern for their welfare he made men realise that here was one who thought more of them than of himself

Dance of the Peacocks James McNeish, 2013-03-01 The true story of five talented young men in exile in the time of Hitler and Mao Tse Tung Altogether they knew five wars three revolutions and in the case of Ian Milner accused in the Cold War of being a spy a slander Regarded by one critic as the best book published in New Zealand in the last twenty years this is a fascinating story based on letters diaries and interviews in several countries It is the story of a group of Rhodes scholars five young men James Bertram Geoffrey Cox Dan Davin Ian Milner John Mulgan caught up in the turmoil of their times Spain Hitler s Germany Greece and North Africa Eastern Europe China They left New Zealand in the thirties for the dreaming spires of Oxford War intervened Only one returned **Allies against the Rising Sun** Nicholas Evan

Sarantakes, 2009-10-27 In the annals of World War II the role of America s British allies in the Pacific Theater has been largely ignored Nicholas Sarantakes now revisits this seldom studied chapter to depict the delicate dance among uneasy partners in their fight against Japan offering the most detailed assessment ever published of the U S alliance with Great Britain Australia New Zealand and Canada Sarantakes examines Britain s motivations for participating in the invasion of Japan the roles envisioned by its Commonwealth nations and the United States decision to accept their participation He shows how the interests of all allies were served by maintaining the coalition even in the face of disputes between nations between civilian and military leaders and between individual services and that allied participation despite its diplomatic importance limited the efficiency of final operations against Japan Sarantakes describes how Churchill favored British led operations to revive the colonial empire while his generals argued that Britain would be further marginalized if it didn t fight alongside the United States in the assault on Japan s home islands Meanwhile Commonwealth partners preoccupied with their own security concerns saw an opportunity to support the mother country in service of their own separatist ambitions And even though the United States called the shots it welcomed allies to share the predicted casualties of an invasion

Sarantakes takes readers into the halls of both civil and military power in all five nations to show how policies and actions were debated contested and resolved He not only describes the participation of major heads of state but also brings in lesser known Commonwealth figures plus a cast of military leaders including General of the Army Douglas MacArthur and Fleet Admiral Chester Nimitz on the American side and Admiral of the Fleet Sir Andrew Cunningham and Field Marshal Sir Alan Brooke on the British He also paints vivid scenes of battle including the attack of the British Pacific Fleet on Japan and ground fighting on Okinawa Deftly blending diplomatic political and military history encompassing naval air and land forces Sarantakes s work reveals behind the scenes political factors in warfare alliances and explains why the Anglo America coalition survived World War II when it had collapsed after World War I **The Hood Battalion** Leonard

Sellers,1993-09-14 The Hood Battalion saw some of the fiercest fighting of the First World war particularly at Antwerp in the Gallipoli Campaign and then again on the West Front at the Ancre Gavrelle and Passchendaele The author lets the participants tell their own story having expended prodigious labour in unearthing the many first hand accounts of the Hood s exploits It is indeed a tale told by heroes **Paradise Reforged** James Belich,2002-02-28 Paradise Reforged picks up where Making Peoples left off taking the story of the New Zealanders from the 1880s to the end of the twentieth century It begins with the search for Better Britain and ends by analyzing the modern Maori resurgence the new Pakeha consciousness and the implications of a reinterpreted past for New Zealand s future Along the way the book deals with subjects ranging from sport and sex to childhood and popular culture Critics hailed Making Peoples as brilliant and the most ambitious book yet written on New Zealand s past Paradise Reforged its successor adopts a similarly incisive original sweep across the New Zealand historical landscape in confronting the myths of the past That some of its themes are uncomfortably close to the present makes the result all the more fascinating **An Army of Influence** Craig Stockings,Peter Dennis,2021-11-15 A

thought provoking analysis of the Australian Army s capacity to change with a particular focus on the Asia Pacific region

Becoming Aotearoa Michael Belgrave,2024-10-10 In the first major national history of Aotearoa New Zealand to be published for 20 years Professor Michael Belgrave advances the notion that New Zealand s two peoples tangata whenua and subsequent migrants have together built an open liberal society based on a series of social contracts Frayed though they may sometimes be these contracts have created a country that is distinct This engaging new look at our history examines how

How We Saw the War Ron Palenski,2011-09-05 A look at how New Zealanders at home experienced the Second World War **Monte Cassino** Peter Caddick-Adams,2013 Waged deep in the Italian mountains beneath a mediaeval monastery the battle of Monte Cassino was an astonishingly brutal encounter grinding up ten armies in conditions as bad as the Eastern Front at its worst This book provides a vivid account of how an array of men from across the globe fought the most lengthy and devastating engagement of the Italian campaign in an ancient monastery town **Corps Commanders** Douglas E. Delaney,2012-01-01 The five British and Canadian generals depicted in Corps Commanders were a surprisingly eclectic lot

one a consummate actor one a quiet gentleman one a master bureaucrat one a brainy sort with little will and the last a brain with will to spare And yet they all fit readily into British Commonwealth armies and fought their corps in similar fashion All three Canadians controlled British formations and served under British army commanders and the two Britons worked for and led Canadians as well Such inter army adjustments were relatively simple because they all spoke the same language a common method for solving military problems and communicating solutions Like all senior commanders in the British Commonwealth they learned the language of the staff colleges at Camberley and Quetta and so did the staff officers that served them This allowed a gunner from Montreal to understand a guardsman from London with ease no small advantage when coordinating coalition battles involving tens of thousands of troops In probing how these corps commanders fought Douglas E Delaney has produced an invaluable study for anyone interested in coalition warfare interoperability or how men managed large formations in war

Reader's Guide to Military History Charles Messenger, 2013-10-31 This book contains some 600 entries on a range of topics from ancient Chinese warfare to late 20th century intervention operations Designed for a wide variety of users it encompasses general reviews of aspects of military organization and science as well as specific wars and conflicts The book examines naval and air warfare as well as significant individuals including commanders theorists and war leaders Each entry includes a listing of additional publications on the topic accompanied by an article discussing these publications with reference to their particular emphases strengths and limitations

Sherman's Wife Julia Camoys Stonor, 2012-09-13 Sherman's Wife is Julia Camoys Stonor's blackly humorous childhood memoir Her mother Jeanne came from an impecunious Catholic aristocratic family and careened her way through the bedrooms of Mayfair Madrid and Rhode Island Her father was Sherman the half American 6th Baron Camoys whom Jeanne effectively blackmailed into marriage Jeanne insisted that she and Sherman spend their honeymoon with one of her lovers Hitler's foreign minister Joachim von Ribbentrop Once installed at the Stonor Park estate Jeanne set about acquiring money and power through any means possible including but not limited to theft sexual blackmail and murder In this frank and unflinching portrait of English upper class life in the 1940s Julia Camoys Stonor manages to evoke Mommie Dearest and Brideshead Revisited in equal measure

Flying Boats Alex Frame, 2007 Flying Boats My Father's War in the Mediterranean is an exciting and original blend of personal memoir and war history Alex Frame's father was a flying boat pilot in war and afterwards in peace and the roots of this book are the logbooks he kept over his 30 year career the first covering early flights in 1938 and the war years the second from 1950 to 1960 flying in Sydney and then Tahiti on the legendary Coral route around the Pacific Islands and the third the final years flying in the Pacific from 1960 to 1969 This book concentrates on the years of World War II and the star of the story is the Sunderland flying boat T9046 while under the command of Alex's father from November 1940 to June 1941 During this concentrated period of setbacks and disasters for the Commonwealth and British forces the crews of the large graceful flying boats were both saviours and victims in the struggle against Hitler's war machine Back cover
