Bluntschli a fleeing soldier climbs through a Bulgarian lady's bedroom window triggering a series of events that push the characters towards realism and pragmatism The lady Raina and her fiancé Sergius naively view war and life as little more than a stage on which to make grand romantic gestures By the end of the play Raina is engaged to the infinitely practical Bluntschli and Sergius to Raina's servant the beautiful and grounded Louka George Bernard Shaw wrote the play primarily as a vehicle to promote realism and disabuse audiences of their romantic notions of heroism warfare and marriage

Arms and the Man Bernard Shaw, Murat Ukray, 2014-10-26 To the irreverent and which of us will claim entire exemption from that comfortable classification there is something very amusing in the attitude of the orthodox criticism toward Bernard Shaw He so obviously disregards all the canons and unities and other things which every well bred dramatist is bound to respect that his work is really unworthy of serious criticism orthodox Indeed he knows no more about the dramatic art than according to his own story in The Man of Destiny Napoleon at Tavergherna knew of the Art of War But both men were successes each in his way the latter won victories and the former gained audiences in the very teeth of the accepted theories of war and the theatre Shaw does not know that it is unpardonable sin to have his characters make long speeches at one another apparently thinking that this embargo applies only to long speeches which consist mainly of bombast and rhetoric There never was an author who

showed less predilection for a specific medium by which to accomplish his results He recognized early in his days many things awry in the world and he assumed the task of mundane reformation with a confident spirit It seems such a small job at twenty to set the times aright He began as an Essayist but who reads essays now a days he then turned novelist with no better success for no one would read such preposterous stuff as he chose to emit He only succeeded in proving that absolutely rational men and women although he has created few of the latter can be most extremely disagreeable to our conventional way of thinking
