age of ten Julie began writing her memoirs but it wasn't until August 1893 at fourteen that Julie began her diary in earnest no neat leather bound volume with lock and key but just untidy notes scribbled in old exercise books often in pencil the presentation as spontaneous as its contents Her extraordinary diary newly translated here by an expert on Impressionism reveals a vivid depiction of a vital period in France's cultural history seen through the youthful and precocious eyes of the youngest member of what was surely the most prominent artistic family of the time
