This study claims that scholars need to examine all twenty seven English illustrated editions of Wilde s and Beardsley s Salom to understand whether Beardsley s compositions do or do not illustrate Wilde s words For the last one hundred years scholars have addressed the aesthetic function of Beardsley s compositions whether or not Beardsley s compositions illustrate Wilde s words and each scholar sees something different Beardsley s compositions are irrelevant to Wilde s words Beardsley s compositions are relevant to Wilde s words Beardsley s compositions are both irrelevant and relevant What is at issue here is that this traditional dance of signification scholars interpretations of the aesthetic function of Beardsley s compositions relies upon an interpretive strategy that disavows the history of textual transmissions To put this another way what scholars see depends upon the particular English illustrated edition s they read Beardsley s compositions are physical objects conditioned by a physical setting i e the components of total book design Yet for many the visible appears invisible The motivation for this study arises from previously unexamined phenomena the genesis and textual transmission of Beardsley s compositions for Salom 1894 1994 As historical textual scholarship this study uses the methodologies central to descriptive bibliography the English illustrated editions of Wilde s and Beardsley s Salom are treated as socially constructed physical objects Binding format and paper are a few of the signifying systems described Specifically this investigation draws upon the model presented by Philip Gaskell in *A New Introduction to Bibliography* The necessary tasks include transcribing the title page analyzing the format examining the appearance of the binding detailing the kind of paper used and noting other information such as titles As the centenary of Wilde s and Beardsley s Salom commences this is the opportune time to trace the publishing history of Beardsley s compositions to update existing descriptive bibliographies and to turn to an empirical method for a socialized model of literary production **The Best of Aubrey Beardsley** R.A. equips the reader to choose between them Art with a capital A turns out to be an invention of German Romantic philosophers who endowed their creation with the attributes of genius originality rule breaking and self expression directed by the spirit of the age Recovering the problems that these attributes were devised to solve dispels many of the obscurities and contradictions that accompany them What artists have always sought is excellence and they become artists in so far as they achieve it Quality was the supreme value in Renaissance Italy and in early Greece it offered mortals glimpses of the divine Today art historians avoid references to beauty or Quality since neither is objective or definable the boundaries beyond which scholars dare not roam In reality subject and object are united and dissolved in the Quality event which forms the bow wave of culture leaving patterns of value and meaning in its wake

Peirce, Duane Hamilton Hurd, 1879 Under Review Anthony Powell, 1991 **Grotesque and Performance in the Art of Aubrey Beardsley** Evangelia Stead, 2024-10-11 If I am not grotesque I am nothing This insightful study illuminates previously unexplored aspects of Aubrey Beardsley's relationship to the grotesque and his use of media particularly his manipulation of the periodical press For the first time and with keen intelligence Evangelia Stead fully reveals the aesthetic importance of Beardsley's Bon Mots vignettes as well as the relationship between Darwinism his innovative foetus motif and Decadence itself Beautifully illustrated throughout the book calls on histories of culture and aesthetics to show how the artist reworked traditional imagery and manipulated it beyond recognition revealing for instance the influence of cathedral grotesques on Beardsley's own grotesque performances Stead also demonstrates his major impact on Italian French American and German creative minds through the periodical press Rich in original thought and detailed comparative analysis this book is an invigorating and enlightening read for scholars of Aubrey Beardsley as well as for anyone interested in nineteenth century visual culture art history art criticism print culture illustration grotesque iconography and cultural history *Decadent Subjects* Charles Bernheimer, 2002-07-01 An illuminating exploration of fin de siècle decadence by a well known authority in the areas of European literature culture and psychoanalysis Pre Raphaelite Studies The influential writer and scholar Charles Bernheimer described decadence as a stimulant that bends thought out of shape deforming traditional conceptual molds In this posthumously published work Bernheimer succeeds in making a critical concept out of this perennially fashionable rarely understood term This remarkable collection of essays shows the contradictions of the phenomenon which is both a condition and a state of mind In seeking to show why people have failed to give a satisfactory account of the term decadence Bernheimer argues that we often mistakenly take decadence to represent something concrete that we see as some sort of agent His salutary response is to return to those authors and artists whose work constitutes the topos of decadence rereading key late nineteenth century authors such as Nietzsche Zola Hardy Wilde Moreau and Freud to rediscover the very dynamics of the decadent Through careful analysis of the literature art and music of the fin de siècle including a riveting discussion of the many faces of Salome Bernheimer leaves us with a fascinating and
