Of the three standard schools the Italian is the most frankly melodious When at its best Italian vocal melody ravishes the senses When not at its best it merely tickles the ear and offends common sense A da was a turning point in Italian music Before Verdi composed A da Italian opera despite its many beauties was largely a thing of temperament inspirationally but often also carelessly set forth Now Italian opera composers no longer accept any libretto thrust at them They think out their scores more carefully they produce works in which due attention is paid to both vocal and orchestral effect The older composers still represented in the repertoire are Rossini Bellini Donizetti and Verdi The last named however also reaches well over into the modern school of Italian opera whose foremost living exponent is Puccini Although Rameau 1683 1764 whose *Castor and Pollux* held the stage until supplanted by Gluck's works was a native of France French opera had for its founder the Italian Lully and one of its chief exponents was the German Meyerbeer Two foreigners therefore have had a large share in developing the school It boasts however many distinguished natives Hal vy Auber Gounod Bizet Massenet In the French school of opera the instrumental support of the voice is far richer and the combination of vocal and instrumental effect more discriminating than in the old school of Italian opera A first cousin of Italian opera the French nevertheless is more carefully thought out sometimes even too calculated but in general less florid and never indifferent to the librettist and the significance of the lines he has written and the situations he has evoked Massenet is in the truest sense the most recent representative of the school of Meyerbeer and Gounod for Bizet's *Carmen* is unique and Dussy's *Pell as et M lisande* a wholly separate manifestation of French art for the lyric stage The German school of opera is distinguished by a seriousness of purpose that discards all effort at vocal display for itself alone and strives in a score well balanced as between voice and orchestra to express more forcibly than could the spoken work the drama that has been set to music      The Gentleman's and London Magazine ,1741      Play Index ,1927      **Catalog of Copyright Entries** Library of Congress.
