Aberbach,2005 Presents a collection of essay that provide an examination of the Executive branch in American government explaining how the Constitution created the executive branch and discusses how the executive interacts with the other two branches of government at the federal and state level How are We Doing? Gayle L. Gifford,2005 Ah simplicity That s not a word usually voiced in the same breath as board evaluation Or conciseness and clarity and cogency Yet all four aptly describe Gayle Gifford s book How Are We Doing A 1 Hour Guide to Evaluating Your Performance as a Nonprofit Board Until now almost all books dealing with board evaluation have had an air of unreality about them The perplexing graphs the matrix boxes the overlong questionnaires It took only a thumbing through to render a judgment My board s going to use this Get real Enter Gayle Gifford Inhale the fresh air See the ground break Watch the clutter clear Gifford has pioneered an elegantly simple and enjoyable yes enjoyable way for nonprofit boards to evaluate and improve its overall performance It all comes down to answering a host of straightforward questions questions that as Graham Greene would say get to the heart of the matter Here is a sampling Have we set a goal for the good we want to do How well do we know our community s needs Do we know if our programs are having an impact Do we ask the right financial questions Do we govern and resist the temptation to manage Do we recruit the board members we need Have we decided the board s role in fundraising It doesn t matter whether the setting is formal as in a special board meeting or casual the chairperson s living room It doesn t matter whether you have 75 board members or seven It doesn t matter whether yours is an established institution or a grassroots start up All that matters is that the questions are answered candidly and the responses discussed It doesn t get any easier than that It s all so refreshing the thought of an invigorating discussion taking place without pretense or pedantry during which board members reflect on their job gain a fuller understanding of their organization explore their strengths and shortcomings grow more cohesive sense new potential and come away genuinely energized by the process and far better equipped to govern Gifford has done nothing less than transform the way boards will evaluate themselves from this day forward Oh the simplicity of it all **Lost Generations** J. Arthur Rath,2006-01-01 During the Depression years J Arthur Rath spent his early childhood shuttled between relatives and foster parents in Hawai i and on the mainland while his single mother Hualani struggled to make a living After the attack on Pearl Harbor his grandparents sent him to the Big Island and Konawaena School where he heard the Kamehameha Schools boy choir at a school assembly The performance made a deep impression on Rath and a year later in 1944 he entered Kamehameha as an eighth grade boarder Thus began Rath s love affair with an institution that he credits with turning his life around with giving him and other disadvantaged children of native ancestry Hawai i s lost generations the confidence and support necessary to make something of themselves This is the

story of that love affair It is also the story of Rath s recent battle together with other alumni for the integrity of his beloved Kamehameha against the school s trustees and their organization the powerful Bishop Estate Intelligent and impressionable Rath spent an idyllic four years at Kamehameha In a lively talk story manner he reminisces about campus life and his classmates many of whom became lifelong friends and influential members of the Hawaiian community Don Ho Nona Beamer Oswald Stender Tom Hugo William Fernandez Years later Rath a successful retired businessman would call on these same friends to hold Kamehameha s trustees accountable for their mismanagement of Bishop Estate s vast financial holdings and ultimately their failure to carry out founder Princess Bernice Pauahi Bishop s mandate to educate Hawaiian children Rath draws on his many personal ties to the school and the estate to provide surprising revelations on the trustees and the Bishop Estate Scandal which made headlines daily throughout the mid 1990s **BOOK JACKET** **Understanding the**

Fundamentals of the U.S. Presidential Election System Alexander S. Belenky, 2012-04-25 This is the first book on the U S presidential election system to analyze the basic principles underlying the design of the existing system and those at the heart of competing proposals for improving the system The book discusses how the use of some election rules embedded in the U S Constitution and in the Presidential Succession Act may cause skewed or weird election outcomes and election stalemates The book argues that the act may not cover some rare though possible situations which the Twentieth Amendment authorizes Congress to address Also the book questions the constitutionality of the National Popular Vote Plan to introduce a direct popular presidential election de facto without amending the Constitution and addresses the plan s Achilles Heel In particular the book shows that the plan may violate the Equal Protection Clause from the Fourteenth Amendment of the Constitution Numerical examples are provided to show that the counterintuitive claims of the NPV originators and proponents that the plan will encourage presidential candidates to chase every vote in every state do not have any grounds Finally the book proposes a plan for improving the election system by combining at the national level the one state one vote principle embedded in the Constitution and the one person one vote principle Under this plan no state loses its current Electoral College benefits while all the states gain more attention of presidential candidates **Congressional Record**
