Best Laid Schemes:

Best laid schemes Meredith Nicholson, 2022-08-21 In *Best Laid Schemes* Meredith Nicholson presents a masterful exploration of human relationships and the intricate dance of fate through a narrative steeped in the tenets of early 20th century realism. This novel intricately weaves threads of ambition, romantic entanglement, and the often unpredictable consequences of one's actions, reflecting the social dynamics and psychological complexities of its era. Nicholson employs a rich descriptive prose style that immerses the reader in the lives of his characters, offering poignant observations on the nature of love and the fragility of life's plans. Meredith Nicholson, an influential American novelist and poet active during the early 1900s, drew on his own experiences in both politics and literature to craft a narrative that resonates with authenticity. His background in local politics and his acquaintance with the burgeoning cultural scenes of his time infuse the novel with a keen awareness of societal shifts and personal aspirations. Nicholson's keen insights into the human condition and social commentary are a hallmark of his work, positioning him as a notable voice in American literature. *Best Laid Schemes* is a compelling read for those who appreciate richly characterized narratives that delve into existential themes and the caprices of fortune. Readers seeking a thoughtful exploration of human motivation and interpersonal drama will find Nicholson's novel both engaging and enlightening, solidifying his place within the literary canon.

The Best Laid Schemes Robert Burns, 2021-07-13 The definitive selection of Robert Burns's best poetry and prose, including some newly discovered verses. There are more statues of Robert Burns in the United States than there are of any American poet. Scotland's favorite poet has been loved by generations of Americans, from Abraham Lincoln and Walt Whitman to Robert Frost, Maya Angelou, and Bob Dylan. Now this book makes Burns's greatest poetry more accessible to American readers than ever before. This is the only comprehensive selection of his work that has discreet line-by-line marginal glossing of the Scots' archaic and obscure words, allowing readers to understand and enjoy the poems without constantly having to turn to footnotes or a glossary. Newly edited from manuscripts and early printed texts, this definitive wide-ranging collection also introduces some recently discovered verses, and it is the only edition to present a substantial selection of Burns's important prose writings, including letters and key statements about his art. Edited and annotated by acclaimed Burns biographer Robert Crawford and textual expert Christopher MacLachlan, the book also includes a substantial introduction that puts the poet in biographical, historical, and cultural context. *The Best Laid Schemes* demonstrates like no other collection why Burns is considered one of the world's greatest poets of love and democracy, and why he continues to entertain, move, and intrigue readers two and a half centuries after his birth.
