**Rites of Spontaneity** Augusto Ferraiuolo, 2019-10-11 A room in a pub Some musicians facing each other They play well known traditional Irish tunes on flutes tin whistles and fiddles Every musician plays the melodic line adding her own variations and grace notes Some musicians are just listening others are cracking jokes The crowd nearby is composed of friends occasional patrons a regular audience and curious tourists Some seem not to care some come closer to listen or perhaps even participate This is called a session From an anthropological point of view sessions are not just a musical environment They are a combination of social interactions suggesting specific dynamics between community subjects and cultural items A scene like that can be found the world over from Dublin to Boston and Rome During the last forty years the practices and the appreciation of this particular music and of this particular setting have moved decisively from local arenas into the global marketplace A transnational perspective is therefore necessary As such this book will appeal to a very wide range of readers from musicians and aficionados to scholars and students

**Making Music at the Bottom of the World in Southland, Aotearoa/New Zealand** Sally

Bodkin-Allen, 2020-01-21 This volume brings together a number of perspectives on the musical landscape of Invercargill a city at the bottom of Aotearoa New Zealand Invercargill is in many ways unique it is relatively isolated its access to liquor is controlled by a licensing trust and it is home to the longest serving mayor in Aotearoa The musicking that occurs within Invercargill is surprisingly diverse and wide ranging This book acknowledges and explores many of the South's musical communities and in doing so illustrates the importance of music in local communities It highlights the ways in which social connectedness local identity and individual lives are enriched through musical activities being interwoven through communities

*Collecting Music in the Aran Islands* Deirdre Ní Chonghaile, 2021-07-27 Collecting Music in the Aran Islands a critical historiographical study of the practice of documenting traditional music is the first to focus on the archipelago off the west coast of Ireland Deirdre Ní Chonghaile argues for a framework to fully contextualize and understand this process of music curation

**Music: Its Theologies and Spiritualities** Edward Foley, 2020-11-25 This volume is an exploration of the varied and sometimes unrecognized ways in which music especially in ritual contexts can serve as both a spiritual conduit as

well as a theological source With topics ranging from a Congolese choir in Ireland to the Orthodox chant in Georgia from postmodern reflections on new Passion compositions to reflections on the sacramentality of Black gospel music this volume offers a rich plumbing of very diverse yet well researched musical traditions case studies from around the globe for their spiritual and theological contributions Traditional Music and Irish Society: Historical Perspectives Martin

Dowling,2016-02-24 Written from the perspective of a scholar and performer *Traditional Music and Irish Society* investigates the relation of traditional music to Irish modernity The opening chapter integrates a thorough survey of the early sources of Irish music with recent work on Irish social history in the eighteenth century to explore the question of the antiquity of the tradition and the class locations of its origins Dowling argues in the second chapter that the formation of what is today called Irish traditional music occurred alongside the economic and political modernization of European society in the late eighteenth and early nineteenth centuries Dowling goes on to illustrate the public discourse on music during the Irish revival in newspapers and journals from the 1880s to the First World War also drawing on the works of Pierre Bourdieu and Jacques Lacan to place the field of music within the public sphere of nationalist politics and cultural revival in these decades The situation of music and song in the Irish literary revival is then reflected and interpreted in the life and work of James Joyce and Dowling includes treatment of Joyce s short stories *A Mother and The Dead* and the *Sirens* chapter of *Ulysses* Dowling conducted field work with Northern Irish musicians during 2004 and 2005 and also reflects directly on his own experience performing and working with musicians and arts organizations in order to conclude with an assessment of the current state of traditional music and cultural negotiation in Northern Ireland in the second decade of the twenty first century

*Twentieth-Century Music and Politics* Dr Pauline Fairclough,2013-02-28 When considering the role music played in the major totalitarian regimes of the century it is music s usefulness as propaganda that leaps first to mind But as a number of the chapters in this volume demonstrate there is a complex relationship both between art music and politicised mass culture and between entertainment and propaganda Nationality self other power and ideology are the dominant themes of this book whilst key topics include music in totalitarian regimes music as propaganda music and national identity migr communities and composers music s role in shaping identities of self and other and music as both resistance to and instrument of oppression Taking the contributions together it becomes clear that shared experiences such as war dictatorship colonialism exile and emigration produced different yet clearly inter related musical consequences **The Routledge Handbook to**

**Sociology of Music Education** Ruth Wright,Geir Johansen,Panagiotis A. Kanellopoulos,Patrick Schmidt,2021-03-29 The *Routledge Handbook to Sociology of Music Education* is a comprehensive authoritative and state of the art review of current research in the field The opening introduction orients the reader to the field highlights recent developments and draws together concepts and research methods to be covered The chapters that follow are written by respected experienced experts on key issues in their area of specialisation From separate beginnings in the United States Europe and the United

Kingdom in the mid twentieth century the field of the sociology of music education has and continues to experience rapid and global development It could be argued that this Handbook marks its coming of age The Handbook is dedicated to the exclusive and explicit application of sociological constructs and theories to issues such as globalisation immigration post colonialism inter generational musicking socialisation inclusion exclusion hegemony symbolic violence and popular culture Contexts range from formal compulsory schooling to non formal communal environments to informal music making and listening The Handbook is aimed at graduate students researchers and professionals but will also be a useful text for undergraduate students in music education and cultural studies

**Community-based Traditional Music in Scotland** Josephine L. Miller, 2022-10-17 This book examines the community based learning and teaching of traditional music in contemporary Scotland with implications for transnational theoretical issues The book draws on a broad range of scholarship and a local case study of a large organisation A historical perspective provides an overview of new educational formats emerging from the mid twentieth century folk music revival in Scotland Practices through which participants encounter and perpetuate the idiom of traditional music include social music making learning by ear and participatory and presentational elements of musical performances Individuals are shown as combining these aspects with their own learning strategies to participate in the contemporary community of practice of traditional music The work also discusses how experiences of learning contribute to identity formation including the role and practice of tutors of traditional music The author proposes conceptualising the teaching and learning of traditional music in community based organisations as a pedagogy of participation

**The Beat Cop** Michael O'Malley, 2022-05-18 Francis O'Neill was Chicago's larger than life police chief starting in 1901 and he was an Irish immigrant with an intense interest in his home country's music In documenting and publishing his understanding of Irish musical folkways O'Neill became the foremost shaper of what Irish music meant He favored specific rural forms and styles and as Michael O'Malley shows he was the beat cop actively using his police powers and skills to acquire knowledge about Irish music and to enforce a nostalgic vision of it

*The Progress of Music in Ireland* Harry White, 2005 This book collects a number of essays on the relationship between music cultural history and musicology in Ireland which taken together comprise a natural progression from the author's widely acclaimed monograph *The Keeper's Recital* 1998 The progress of music in Ireland contains essays on contemporary music and musical infrastructures in Ireland on Irish musical nationalism in the context of German and Czech traditions on the presence of music in the work of Brian Friel and Samuel Beckett on Joyce and music on university education and Irish musical education on the discourse of musicology in Ireland and on the work of Brian Boydell and Aloys Fleischmann as pioneers in Irish musical scholarship

*We'll Meet Again* Kate McQuiston, 2013-12 Unique and often startling encounters between music and the moving image in the films of Stanley Kubrick are trademarks of his style witness the powerful effects of Strauss's *Also Sprach Zarathustra* in 2001 *A Space Odyssey* and of Beethoven's 9th Symphony in *A Clockwork Orange* each excerpt vetted by Kubrick himself *We'll Meet Again* argues that for Kubrick music is neither post production afterthought nor background nor incidental but instead is core to films effects and meanings The book first identifies the building blocks in Kubrick's sonic world and illuminates the ways in which Kubrick uses them to support his characters and to define character relationships It then delves into the effects of Kubrick's signature musical techniques including the use of texture form and inscription to render and reinforce psychological ideas and spectator responses Finally it presents case studies that show how the history of the music plays a vital and dynamic role for the films As a whole the book locates Kubrick as a force in music reception

history by examining the relationship between his musical choices and popular culture and reveals the foundational role of music in his filmmaking

*Bad Music* Christopher J. Washburne, Maiken Derno, 2013-04-15 Why are some popular musical forms and performers universally reviled by critics and ignored by scholars despite enjoying large scale popularity How has the notion of what makes good or bad music changed over the years and what does this tell us about the writers who have assigned these tags to different musical genres Many composers that are today part of the classical canon were greeted initially by bad reviews Similarly jazz country and pop musics were all once rejected as bad by the academy that now has courses on these and many other types of music This book addresses why this is so through a series of essays on different musical forms and performers It looks at alternate ways of judging musical performance beyond the critical academic nexus and suggests new paths to follow in understanding what makes some music popular even if it is judged to be bad For anyone who has ever secretly enjoyed ABBA Kenny G or disco *Bad Music* will be a guilty pleasure
