**The 1920s Scrapbook**, 2008 The arts **The Weight of Their Votes** Lorraine Gates Schuyler, 2008-09-15 After the ratification of the Nineteenth Amendment in 1920 hundreds of thousands of southern women went to the polls for the first time In The Weight of Their Votes Lorraine Gates Schuyler examines the consequences this had in states across the South She shows that from polling places to the halls of state legislatures women altered the political landscape in ways both symbolic and substantive Schuyler challenges popular scholarly opinion that women failed to wield their ballots effectively in the 1920s arguing instead that in state and local politics women made the most of their votes Schuyler explores get out the vote campaigns staged by black and white women in the region and the response of white politicians to the sudden expansion of the electorate Despite the cultural expectations of southern womanhood and the obstacles of poll taxes literacy tests and other suffrage restrictions southern women took advantage of their voting power Schuyler shows Black women mobilized to challenge disfranchisement and seize their right to vote White women lobbied state legislators for policy changes and threatened their representatives with political defeat if they failed to heed women s policy demands Thus even as southern Democrats remained in power the social welfare policies and public spending priorities of southern states changed in the 1920s as a consequence of woman suffrage

**Borderline Americans** Katherine Benton-Cohen, 2011-03-04

Are you an American or are you not This was the question Harry Wheeler sheriff of Cochise County Arizona used to choose his targets in one of the most remarkable vigilante actions ever carried out on U S soil And this is the question at the heart of Katherine Benton Cohen's provocative history which ties that seemingly remote corner of the country to one of America's central concerns the historical creation of racial boundaries It was in Cochise County that the Earps and Clantons fought Geronimo surrendered and Wheeler led the infamous Bisbee Deportation and it is where private militias patrol for undocumented migrants today These dramatic events animate the rich story of the Arizona borderlands where people of nearly every nationality drawn by free land or by jobs in the copper mines grappled

with questions of race and national identity Benton Cohen explores the daily lives and shifting racial boundaries between groups as disparate as Apache resistance fighters Chinese merchants Mexican American homesteaders Midwestern dry farmers Mormon polygamists Serbian miners New York mine managers and Anglo women reformers Racial categories once blurry grew sharper as industrial mining dominated the region Ideas about home family work and wages manhood and womanhood all shaped how people thought about race Mexicans were legally white but were they suitable marriage partners for Americans Why were Italian miners described as living as no white man can By showing the multiple possibilities for racial meanings in America Benton Cohen's insightful and informative work challenges our assumptions about race and national identity

**Australia's Asian Sporting Context, 1920s - 30s** Sean Brawley, Nick Guoth, 2013-10-18 This book examines Australia's sporting relationships with the Asian region during the interwar period Until now Australia's sporting relationships with the Asian region have been neglected by scholars of Australian and Asian sports history and the broader field of Australia's Asian context Concentrating on the period of the 1920s and 1930s when sporting relationships between Australia and a number of Asian nations emerged in a variety of sports this book demonstrates the depth of these previously under examined connections The book challenges and complicates the broader historiography of Australia's Asian context a historiography that has been strongly influenced by the White Australia Policy and the Pacific War Why for example did white Australia so warmly welcome visiting Japanese sportsmen at a time when the Pacific region appeared to be inexorably sliding into a war that was informed by racial antagonisms This book examines sporting relations between Australia and seven Asian countries China Japan India Netherlands East Indies Philippines Malaya and Singapore and a range of sports including rugby football swimming hockey boxing cricket and tennis This book was published as a special issue of Sport in Society

**F. Scott Fitzgerald on Silent Film** Martina Mastandrea, 2022-08-15 F. Scott Fitzgerald on Silent Film recalibrates the celebrated author's early career and brings fresh understanding to the life of one of America's truly great literary figures Scholars have previously focused on Fitzgerald's connection with Hollywood when he worked in Tinseltown as a screenwriter in the 1930s However this ground breaking

research reveals the key role that Silent Hollywood played in establishing Fitzgerald's burgeoning reputation in the early to mid 1920s. Vividly written and drawing on a wealth of new sources, this book documents Martina Mastandrea's exciting discovery of the first film ever adapted from a work by Fitzgerald. Little Else Than a Memory Kristina Bross, 2014-05-01

Completely produced by students in the Purdue University Honors College, this book contains ten essays by undergraduate students of today about their forebears in the class of 1904. Two Purdue faculty members have provided a contextualizing introduction and reflective epilogue. Not only are the biographical essays written by students, but the editing, typesetting, and design of this book were also the work of Purdue freshmen and sophomores, participants in an honors course in publishing who were supervised by the staff of Purdue University Press. Through their individual studies, the authors of the biographies inside this book were led in interesting and very different directions. From a double name conundrum to intimate connections with their subjects, kin, their archival research was rife with unexpected twists and turns. Although many differences between modern-day university culture and the campus of 1904 emerge, the similarities were far more profound. Surprising diversity existed even at the dawn of the twentieth century. Students intimately tracked the lives of African Americans, women, farm kids, immigrants, international students, and inner-city teens, all with one thing in common: a Purdue education. This study of Purdue University's 1904 campus culture and student body gives an insightful look into what the early twentieth-century atmosphere was really like, and it might not be exactly what you'd think. **Votes for Women!** Marjorie Julian Spruill, Marjorie Spruill Wheeler, 1995

A collection of scholarly essays and primary documents which consider both sides of the woman suffrage question, particularly as it was debated in the South and in Tennessee, which in 1920 became the pivotal thirty-sixth state to ratify the Nineteenth Amendment. **Modernity and the Periodical Press**, 2022-11-07

Between 1880 and 1920, newspapers, magazines, and journals figured as the most important media for the public discussion of current events, as central nodes for the circulation of mass entertainments, and as windows into bustling art scenes. Periodicals thus presented themselves as crucial media for the negotiation and implementation of cultural modernization processes. *Modernity and the Periodical Press* explores this privileged role of the periodical press and focuses in particular on the often-neglected intersections between mass print culture and the practices of literary and artistic avant-gardes. In doing so, the volume examines a variety of materials that are shaped by the formats and themes of the periodical press, including Modernist little magazines, mass-marketed scrapbooks, advertising campaigns, comics, and more. The Incomparable Hildegard Monica Storme Gallamore, 2018-04-04

The Incomparable Hildegard, 1906-2005, began her career as a pianist in Milwaukee's silent movie theaters, which led to the Vaudeville stage. By the 1930s, she was singing in the cabarets of Paris and London, rubbing elbows with royalty, White Russians, and Josephine Baker. She then became a darling of the New York supper club scene, and her name became synonymous with high-class entertainment at venues like the Plaza Hotel's Persian Room. She started fashion trends, had her own signature Revlon nail and lip color, and was the first to have song hits in the World War II era. This
