1948 And After Israel And The Palestinians:

1948 and After Benny Morris, 1990 These essays by a leading Israeli new historian focus on Israeli decisions and the reasons behind the mass Arab exile from Palestine in 1948 Morris addresses the transfer of Majdal's Arabs to Gaza in 1950 the initial absorption of the Palestinian refugees in Arab host countries in 1948-9 and why some Arabs remained in their villages He then explores attitudes toward the Palestinian Arabs from the 1948 war to the differing perspectives of Israel's two main parties By examining past and present Israeli historiography Morris identifies and analyzes the major points of controversy between the old official Israeli histories and the new histories of the 1980s A History of the Israeli-Palestinian Conflict Mark Tessler, 2009-03-24 Mark Tessler's highly praised comprehensive and balanced history of the Israeli-Palestinian conflict from the earliest times to the present updated through the first years of the 21st century provides a constructive framework for understanding recent developments and assessing the prospects for future peace Drawing upon a wide array of documents and on research by Palestinians Israelis and others Tessler assesses the conflict on both the Israelis and the Palestinians terms New chapters in this expanded edition elucidate the Oslo peace process including the reasons for its failure and the political dynamics in Israel the West Bank and Gaza at a critical time of transition **The Israel/Palestine Question** Ilan Pappé, 1999 This study assimilates diverse interpretations of the origins of the Middle East conflict with emphasis on the fight for Palestine and its religious and political roots It draws largely on the historical revisionism of the last two decades **Israeli-Palestinian Conflict: from Balfour Promise to Bush Declaration** Gabriel G. Tabarani, 2008-03-25 In the coming five to ten years the highest number of key global security challenges is likely to be concentrated in the Middle East or be related to it And the traditional most significant challenge in the Middle East is the Arab-Israeli conflict and its core the dispute between Israelis and Palestinians It is a center of gravity around which the region has revolved and remains of vast political and symbolic significance Both in its own right and due to its positive or negative signaling effects reinvigoration of the peace process is a key challenge for regional and international policy makers in the coming years So what is the origin of this Israeli-Palestinian old conflict Why did we reach this point in that region Who to blame How we can find a just solution What will be the consequences if the conflict is not resolved Can a viable state be made in the West Bank and the Gaza Strip Gabriel Tabarani who is a specialist on Middle East affairs will try to find the answers in this book where he takes us back to that region through its history and facts analyzes some turning points in it which affected that region discovers the causes and the important aspects of the conflict and the obstacles to peace He presents all current events details and information from both sides of this conflict Furthermore this book offers some recommendations on how we can solve this conflict gives the light on all events and tries to answer all questions in a fair and balanced way The Israel-Palestine Conflict James L. Gelvin, 2005-08 The conflict between Israelis and their forebears on the one hand and Palestinians and theirs on the other has lasted over a century and generated more than its share of

commentaries and histories James L Gelvin's new account of that conflict offers a compelling accessible and up to the moment introduction for students and general readers Beginning in the mid nineteenth century when the inhabitants of Ottoman Palestine and the Jews of Eastern Europe began to conceive of themselves as members of national communities the book traces the evolution and interaction of these communities from their first encounters through to the present as well as exploring the external pressures and internal logic that has propelled their conflict The book which places events in Palestine within the framework of global history skilfully interweaves biographical sketches eyewitness accounts poetry fiction and official documentation into its narrative and includes photographs maps and an abundance of supplementary material

Justice and Peace in the Israeli-Palestinian Conflict Yaacov Bar Siman Tov, 2014-09-19 In this book the late Prof Yaacov Bar Siman Tov argues that the failure of the Israeli Palestinian peace process so far has been mainly the result of the inability of both sides to reach an agreed formula for linking justice to peace The issues of justice and injustice are focused mainly on the outcomes of the 1947-1949 first Arab Israeli War and specifically in the creation of the Palestinian refugee problem The conflicting historical narratives of the two sides regarding the question of responsibility for the injustice done to the Palestinians turn the Israeli Palestinian conflict into a classic case of linking the issues of justice and peace Yaacov Bar Siman Tov maintains that the narratives of justice and injustice in the Israeli Palestinian conflict have proved to be formidable barriers to peace Hence he recommends that justice should be compromised for the sake of peace The link between justice and peace is an important issue requiring both sides attention but given the wide and currently unbridgeable gap separating the two sides it should be postponed to the phase of reconciliation rather than being included in the process of conflict resolution The two state solution is endorsed as the best and practical solution and as a first step for a just peace in this conflict to be followed by reconciliation Highly topical this book is essential reading for scholars and researchers of International Relations Peace Studies and the Arab Israeli conflict

Home, History and Possession in Israel-Palestine Tovi Fenster, 2024-09-05 Taking a micro geographical approach to Israeli Palestinian relations this book analyses the history of space and place in West Jerusalem and Jaffa in the context of specific addresses Based on the unique and innovative archaeology of addresses methodology the book provides an in depth analysis of 11 specific sites This micro perspective paying particular attention to the history and past ownership of an individual property allows the author to draw new insights into the process of population exchange that took place in 1948 when Jewish people began to populate Palestinian deserted homes after the Nakba By looking at archival planning documents the histories of addresses as contact zones between previous and current owners are revealed Moreover the research on each address highlights new theoretical understandings encompassing the micro politics of the contact zone mediated agonism ruinations and beginnings creative destruction in urban planning the right to the city and the right to return the violence of property and fragmented settler colonialism The book concludes by proposing practical applications of the research in teaching and planning practice The book will prove

K. Persaud, 2019-07-19 The Jewish people have been and are indisputably the most persecuted people in the annals of history Today 53% of all hate crimes in the United States of America are directed at the Jewish People At the source of Jew hatred in its myriad forms is anti Semitism a sinister and vile mindset that has existed since Old Testament times or for thousands of years Anti Semites pervade social religious economic and political confines even mainstream Christianity and their dislike for people of Jewish ancestry often translate into mindless persecution and slaughter such as the atrocities perpetrated by the Nazis and their collaborators during the Second World War in the mid twentieth century whereby over six million Jews met their deaths in the Holocaust Anti Semitism instead of diminishing after the horrors of World War II showed no sign of abatement and it seems as though the entire world with a few exceptions like the Jewish nation of Israel itself and the United States of America is at loggerheads with Jews Even international peacekeeping and monitoring organizations like the United Nations and its numerous spinoff groups are known to discriminate sometimes barefacedly against Jews and Israel Middle Eastern Arabs and Muslims harbor intense loathing for Israel and Jews and notwithstanding their occupancy of over ninety nine percent of Middle Eastern territories seek to covet the less than one percent of land in which Israelis reside by any means necessary Despite the seemingly insurmountable hardships and challenges Jews have faced throughout the centuries they persist and even progress in today s societies They leave their enemies awe struck at their resilience and their will to survive It seems as though Israel and Jews in general enjoy a kind of divine providence ISRAEL and Jews around the world continue to stand tall today against all odds **The Israel-Palestine Conflict** Elizabeth Matthews, 2011-03-21 The Israel Palestine conflict is frequently characterised by the violence between the two sides beneath which lie a whole series of issues and disagreements This book uniquely brings together Israeli and Palestinian viewpoints on key topics providing an invaluable guide to the latest thinking on the major topics that the peace process will be based around *Palestinian Collective Memory and National Identity* M. Litvak, 2009-05-25 This book analyzes the evolution and cultivation of modern Palestinian collective memory and its role in shaping Palestinian national identity from its inception in the 1920s to the 2006 Palestinian elections *Routledge Handbook on Palestine* Michael Dumper, Amneh Badran, 2024-12-30 This Handbook provides a broad overview of Palestinian

history society politics and culture across different contexts and periods revealing the rich and varied dimensions of Palestine To capture the diversity of Palestinian scholarship and to introduce readers to a mix of approaches and perspectives both internationally established and emerging Palestinian scholars have contributed The Handbook attempts to avoid narrowly framing Palestine around the Israeli Palestinian conflict incorporating postcolonial approaches attentive to a broader range of hitherto overlooked actors While a significant proportion of the Handbook examines the contemporary period it is divided up into four sections that together provide a detailed overview of the main developments in the region A historical section that contextualizes the complex historical formation of contemporary Palestine perhaps best regarded as a country but not yet a state A section exploring the society geography economy and identity of Palestine A section on the political significance of Palestine covering the dynamics between Jewish nationalism Zionism and Palestinian nationalism A final section on culture touching on architecture literature music cuisine education and contemporary art Providing a deep analysis of the Palestinian perspective the Handbook will prove valuable reading for anyone interested in the history politics and society of Palestine and the Middle East
