This book answers such questions as how to protect name and copyright, what is and is not legal about sampling, what are the legal issues surrounding digital downloads and streaming, what are the jobs of managers, talent agents and publishers, what are common contractual relationships between independent and major labels. The new edition includes chapters not covered in depth by other books: social media law, TV talent shows, YouTube and international copyright. As in previous editions, the book features clause by clause contract analyses for 360 record deals, music publishing management and producer agreements.

Bridging the fields of critical legal studies and cultural studies, she analyzes copyright, trademark and intellectual property law, asking how the law constructs works of authorship and who owns the country's cultural heritage.
