Coca-Colonization and the Cold War Reinhold Wagnleitner,2000-11-09 Reinhold Wagnleitner argues that cultural

propaganda played an enormous part in integrating Austrians and other Europeans into the American sphere during the Cold War. In *Coca Colonization and the Cold War* he shows that Americanization was the result not only of market forces and consumerism but also of systematic planning on the part of the United States. Wagnleitner traces the intimate relationship between the political and economic reconstruction of a democratic Austria and the parallel process of cultural assimilation. Initially U.S. cultural programs had been developed to impress Europeans with the achievements of American high culture. However, popular culture was more readily accepted at least among the young who were the primary target group of the propaganda campaign. The prevalence of Coca-Cola and rock n roll are just two examples addressed by Wagnleitner. Soon the cultural hegemony of the United States became visible in nearly all quarters of Austrian life: the press, advertising, comics, literature, education, radio, music, theater, and fashion. Hollywood proved particularly effective in spreading American cultural ideals. For Europeans, says Wagnleitner, the result was a second discovery of America. This book is a translation of the Austrian edition published in 1991 which won the Ludwig Jedlicka Memorial Prize. **Sam Spiegel** Natasha Fraser-Cavassoni, 2003. This biography is the story of how a bankrupt refugee without a studio managed to produce several of the greatest films of all time: *The African Queen*, *On the Waterfront*, *The Bridge on the River Kwai*, and *Lawrence of Arabia*. Film credits aside, Sam Spiegel led a flamboyant and uncompromising life, and the full story has never been told until now, of photos.
