## **20 Compelling Evidences That God Exists:**

*20 Compelling Evidences that God Exists* Kenneth Boa, Robert M. Bowman, 2002 Though millions say they believe in God not one can give a single reason why This resource tackles the most profound arguments from philosophy science sociology psychology and history and presents 20 clear concise evidences that make faith in God and specifically Jesus Christ reasonable

**Evidence for Faith 101** Bruce Bickel, Stan Jantz, 2008 Free of clichés or rhetorical arguments a primer on Christian apologetics tackles vital questions people of all ages and beliefs are asking presenting evidence from the world history and lives of people who have been changed by something bigger than themselves Original **The Power of Truth in Perilous Times** Marcus E. Drake, 2024-09-25 Real Hope in the Midst of a Culture Gone Awry Yes we live in this kind of culture and world However it is clear in the Bible that the more we pursue the knowledge of God as defined and described in Scripture and the more we are devoted to him the more he will work in us and through us during the perilous times in which we live Therefore in thinking about the extraordinary impact biblical truth can have on our society this book focuses on three vitally important areas in the Bible how God reveals his existence through nature and his Word how he discloses his character through his attributes and promises and how he calls his people to seek the knowledge of himself through the fear of the Lord and the bearing of his image Thus the purpose of this book is to lead believers into a deeper understanding of what God is like a deeper understanding of what he has promised to those who know him and a deeper understanding of the unshakable hope and strong encouragement we have in God's Word as we live in a confused and deteriorating culture Rather than simply decrying the devastating changes in our nation and world this book clearly proclaims the hope that is ours in the very nature and character of God himself the identity and security believers have in Christ and the biblical guidance we need in order to be salt and light in our generation A God centered truth loving Christ exalting approach to life changes everything

**10 Questions and Answers on Atheism and Agnosticism** Norman L Geisler, Alex McFarland, Robert Velarde, 2021-09-16 Leading apologists Dr Norman Geisler and Alex McFarland President of Southern Evangelical Seminary look at the important questions of life including What can we know about the existence of God What can we know about right and wrong Is belief in God compatible with science Is there scientific evidence supporting the belief in God If there is a good God why is there evil What about all the evil done in the name of God Is the Bible an unreliable collection of myths Is there meaning and purpose to life The booklet provides a comprehensive yet understandable examination of what atheists and agnostics believe and also explains the evidence for the biblical God *Fulfilled Through Fear* Dean C.

Halverson, 2025-06-20 When do we feel most alive It's when something or someone grabs our attention and causes us to live with a passion for those things that are outside us Think of falling in love or living for a cause That's what fearing God does It causes us to come alive by grabbing our attention and focusing us on the God who loves us Fearing God is not the same as being afraid of God Instead fearing God is being overwhelmed by the infinite loving dangerous God and being fulfilled by that

fear Finding fulfillment by fearing God challenges the popular belief that we will be most fulfilled when we follow our hearts  
Read this book with a heart that is open to being transformed      *Intuition of Significance* Albert Norton Jr.,2020-02-06  
There is a big gap between the orthodox Christian understanding of reality and that of the default materialism of the culture  
We tend not to recognize the default perspective as coherent doctrinal and dogmatic in the same way religion is understood  
to be This is partly because of the tendency to describe one's views by what they are not rather than what they are To say I'm  
not very religious for example is to say what one isn't not what one is The effect of this tendency is to obscure the  
metaphysical stance absorbed in place of religion leaving an illusory neutrality concerning spiritual truth Reality is the widest  
conceptual net we can cast The right first question is what constitutes all of reality Theism provides one answer materialism  
another We would do well to look critically at both This book traces the fault line between theism and materialism so as to  
follow the evidence where it leads evidence like the fact of being our incessant yearning our competing desires both for  
significance and insignificance and the subjective motivations we have with respect to beauty truth and morality all  
indicators of transcendent truth to which our physical surroundings point      **Prepared to Answer** Rob van de Weghe,2008

Without a Doubt Kenneth Richard Samples,2004-07 Without a Doubt provides answers to tough questions about  
Christianity that assure the heart and satisfy the mind of Christian seeker and skeptic alike      *The Eternal Godhead* Dr Scott  
Crenshaw,Scott Crenshaw,2009-11 Do you have unanswered questions Are you wondering who God is Are you wondering  
why you are here Is Jesus really God's Son Can I really have a relationship with God If these are some of the questions on  
your heart then Dr Crenshaw's book The Eternal Godhead will take you on a journey knowing God and how to have that  
relationship with Him Maybe you are already a student of the Word and seek to understand more and to be able to impart  
Truth to others If this is you then The Eternal Godhead will help you answer questions about topics such as sin the family the  
Church and the future Wherever you may be I hope and pray that this book will help you draw closer and have a more  
intimate relationship to The Eternal Godhead May God open your eyes on this journey that you are about to undertake  
Blanche Russell typist      *A Thematic Access-Oriented Bibliography of Jesus's Resurrection* Michael J. Alter,2019-12-31 The  
keystone of Christianity is Jesus's physical bodily resurrection Present day scholars can be significantly challenged as they  
forage through voluminous documents on the resurrection of Jesus The literature measures well over seven thousand sources  
in English language books alone This makes finding specific sources that are most relevant for specific scholarly purposes an  
arduous task Even when a specific book is relevant finding the parts of the book that are most relevant to the resurrection  
rather than other topics often requires additional effort A Thematic Access Oriented Bibliography of Jesus's Resurrection  
addresses these challenges in several ways First the bibliography organizes more than seven thousand English sources into  
twelve main categories and then thirty four subcategories which are designed to help you find the most relevant literature  
quickly and efficiently Embedded are pro and con arguments which support efficient access through brief annotations and

then annotate the diversity and complexity of the field of religion by including sources that represent a diverse range of views theistic e g Christian Jewish Muslim etc agnostic and nontheistic The objective of this bibliography is to provide convenient access to relevant sources from a variety of perspectives allowing you to browse or find the one source accurately and with ease

*The Things Above* Tyler M. Taber,2011-10 We live in a world where Christianity is not always thought to involve both the heart and the mind Yet Paul when encouraging us to keep seeking the things above Col 3 1 surely meant to use them both With an easy to use question and answer format The Things Above is designed to help students think through tough questions of the Christian faith in a way that is consistent with a biblical worldview With a pastoral touch and a friendly tone this book explores some of the following topics amongst many others How do I know God exists Who created God Do Christians have any evidence that Jesus was raised from the dead How were the books of the Bible put together Is the God of Islam the same as the God of Christianity

Faith Has Its Reasons Kenneth Boa,Robert M. Bowman Jr.,2012-01-05 A most accessible but thoroughly practical primer on apologetics

Archangel Raphael Mary LaSota,  
**The Perfect Leader** Ken Boa,2010-01-01 Ken Boa hits the mark You don t have to look very far today to come across popular ideas of leadership that try hard to mimic biblical principles The problem is that s all they do mimic Boa propels leadership a giant step forward with the revelation of the ultimate Christian leadership model Boa rejects the compromises found in much of today s teaching that force fit secular standards into a biblical mold ideas that hover around humanistic ideas of fairness kindness and basic morality Instead Boa challenges leaders to do a serious evaluation of their approach and to follow the leadership qualities exhibited by God in his Word

**The Anchor Course** Tom Goodman,2007-03 When Bono explained his Christian faith to a reporter the frontman for the band U2 said I m the sort of character who s got to have an anchor I want to be around immovable objects If you re ready to anchor your life to something solid this book will help Through the pages of The Anchor Course spiritual seekers can discover the meaning of Christianity and believers can develop their understanding of the faith

challenges of their non Christian friends and neighbors      *Globequake* Wallace Henley,2012 From globalization to the digital revolution secularization to the great recession change has never happened so fast and wide and deep as we have seen in recent years The nature of information and the speed with which it travels is unparalleled and it is changing our world in seismic ways that reach into every crevice of our lives It s as if the tectonic plates of society and culture are being torn apart and reshaped right under our feet We are living through a cultural GLOBEQUAKE How should we respond as families In business Through our churches With the hope and stability found not on this shifting ground but in the one who created the heavens and earth says pastor and best selling author Wallace Henley Drawing from his experiences in politics and journalism plus his deep biblical knowledge Henley s analysis is clear insightful and thought provoking There is no alarmist agenda here *Globequake* is a well reasoned guide to navigating the spheres of our lives in a godly manner even as those spheres wobble on their axes *Globequake* looks at current events and puts them in the context of the larger prophetic picture Cal Thomas syndicated and USA Today columnist and Fox News contributor      *Is The Truth Out There?* Darrick Dean,2008-07-19 Does truth change How can we determine fact from fiction Travel through history and science religion and the mind as we search to make sense of the world around us      **The Integration of Faith and Learning** Robert A.
