The Sense of Humor Willibald Ruch, 2010-12-14 No detailed description available for The Sense of Humor Consumer Culture and the Making of Modern Jewish Identity Gideon Reuveni, 2017-08-07 This book investigates the intersection between consumption identity and Jewish history in Europe **Farce** Jessica Milner Davis, 2017-07-05 Farce has always been relegated to the lowest rung of the ladder of dramatic genres Distinctions between farce and more literary comic forms remain clouded even in the light of contemporary efforts to rehabilitate this type of comedy Is farce really nothing more than slapstick the putting out of candles kicking down of tables falling over joynt stools as Thomas Shadwell characterized it in the seventeenth century Or was his contemporary Nahum Tate correct when he declared triumphantly that there are no rules to be prescribed for that sort of wit no patterns to copy and tis altogether the creature of imagination Davis shows farce to be an essential component in both the comedic and tragic traditions Farce sets out to explore the territory of what makes farce distinct as a comic genre Its lowly origins date back to the classic Graeco Roman theatre but when formal drama was reborn by the process of elaboration of ritual within the mediaeval Church the French term farce became synonymous with a recognizable style of comic performance Taking a wide range of farces from the briefest and most basic of fair ground mountebank performances to fully fledged five act structures from the late nineteenth century the book reveals the patterns

Racialization and Religion Nasar Meer, 2015-04-10. This volume locates the contemporary study of anti-Semitism and Islamophobia squarely within the fields of race and racism. As such it challenges the extent to which discussion of the racialization of these minorities remains unrelated to each other or is explored in distinct silos as a series of internal debates. By harnessing the explanatory power of long established organizing concepts within the study of race and racism this collection of articles makes a historically informed theoretical and empirical contribution to aligning these analytical pursuits. The collection brings together a range of perspectives on this subject including a comparison between Islamophobia in early modern Spain and twenty first century Europe an examination of the new anti-Semitism and an analysis of online anti-Muslim and anti-Semitic jokes. This book was originally published as a special issue of *Ethnic and Racial Studies*. **The Objects of Affection**
