The Irish Voice in America

Charles Fanning,2021-10-21 In this study Charles Fanning has written the first general account of the origins and development of a literary tradition among American writers of Irish birth or background who have explored the Irish

immigrant or ethnic experience in works of fiction The result is a portrait of the evolving fictional self consciousness of an immigrant group over a span of 250 years Fanning traces the roots of Irish American writing back to the eighteenth century and carries it forward through the traumatic years of the Famine to the present time with an intensely productive period in the twentieth century beginning with James T Farrell Later writers treated in depth include Edwin O Connor Elizabeth Cullinan Maureen Howard and William Kennedy Along the way he places in the historical record many all but forgotten writers including the prolific Mary Ann Sadlier The Irish Voice in America is not only a highly readable contribution to American literary history but also a valuable reference to many writers and their works For this second edition Fanning has added a chapter that covers the fiction of the past decade He argues that contemporary writers continue to draw on Ireland as a source and are important chroniclers of the modern American experience *John Ford at Work* Lea Jacobs, 2025-10 John Ford at Work Production Histories 1927-1939 explores the evolution of John Ford's career in the Hollywood studio system of the 1930s as the system itself changed in response to the coming of sound and the business downturn instigated by the Depression Based upon a decade of research utilizing the studio files of Twentieth Century Fox RKO and Samuel Goldwyn it delineates the director's collaborations with the producers screen writers actors and cinematographers that had the most impact on his production practices It traces the major literary cinematic and musical sources from which he drew It considers relevant changes in film technology and seeks to explain how they were incorporated into his style Films analyzed include 4 Sons The Black Watch Arrowsmith Air Mail The Lost Patrol The Informer Judge Priest Steamboat Round the Bend The Prisoner of Shark Island Wee Willie Winkie Stagecoach and Young Mr Lincoln **Catalog of Copyright Entries. Irish Literature in Italy in the Era of the World Wars Antonio Bibbò, 2021-12-14 This book addresses both the dissemination and increased understanding of the specificity of Irish literature in Italy during the first half of the twentieth century This period was a crucial time of nation building for both countries Antonio Bibb illustrates the various images of Ireland that circulated in Italy focusing on political and cultural discourses and examines the laborious formation of an Irish literary canon in Italy The center of this analysis relies on books and articles on Irish politics culture and literature produced in Italy including pamphlets anthologies literary histories and propaganda translations of texts by Irish writers and archival material produced by writers publishers and cultural and political institutions Bibb argues that the construction of different and often conflicting ideas of Ireland in Italy as well as the wavering understanding of the distinctiveness of Irish culture substantially affected the Italian responses to Irish writers and their presence within the Italian publishing field This book contributes to the discussion on transnational aspects of canon formation reception studies and Italian cultural studies

The Beginnings of Critical Realism in America Vernon Louis Parrington, 2013-05-31 This final volume of Vernon Louis Parrington's Pulitzer Prize winning study deals with the decay of romantic optimism It shows that the cause of decay is

attributed to three sources stratifying of economics under the pressure of centralization the rise of mechanistic science and the emergence of a spirit of skepticism which with teachings of the sciences and lessons of intellectuals has resulted in the questioning of democratic ideals Parrington presents the movement of liberalism from 1913 to 1917 and the reaction to it following World War I He notes that liberals announced that democratic hopes had not been fulfilled the Constitution was not a democratic instrument nor was it intended to be and while Americans had professed to create a democracy they had in fact created a plutocracy Industrialization of America under the leadership of the middle class and the rise of critical attitudes towards the ideals and handiwork of that class are examined in great detail Parrington s interpretation of the literature during this time focuses on four divisions of development the conquest of America by the middle class the challenge of that overlordship by democratic agrarianism the intellectual revolution brought about by science and the appropriation of science by the middle class and the rise of detached criticism by younger intellectuals A new introduction by Bruce Brown highlights Parrington s life and explains the importance of this volume **The Short Novels of John Steinbeck** Jackson J.
