Kater, 2004-11-30 In modern times the recruitment of children into a political organization and ideology reached its boldest embodiment in the Hitler Youth founded in 1933 soon after the Nazi Party assumed power in Germany Determining that by age ten children's minds could be turned from play to politics the regime inducted nearly all German juveniles between the ages of ten and eighteen into its state run organization The result was a potent tool for bending young minds and hearts to the will of Adolf Hitler Baldur von Schirach headed a strict chain of command whose goal was to shift the adolescents sense of obedience from home and school to the racially defined Volk and the Third Reich Luring boys and girls into Hitler Youth ranks by offering them status uniforms and weekend hikes the Nazis turned campgrounds into premilitary training sites air guns into machine guns sing-alongs into marching drills instruction into indoctrination and children into Nazis A few resisted for personal or political reasons but the overwhelming majority enlisted Drawing on original reports letters diaries and memoirs Kater traces the history of the Hitler Youth examining the means degree and impact of conversion and the subsequent fate of young recruits Millions of Hitler Youth joined the armed forces thousands gleefully participated in the subjugation of foreign peoples and the obliteration of racial aliens Although young they committed crimes against humanity for which they cannot escape judgment Their story stands as a harsh reminder of the moral bankruptcy of regimes that make children complicit in crimes of the state **Germany and the Second World War** Ralf Blank, Jörg Echternkamp, Karola Fings, Jürgen Förster, Winfried Heinemann, Tobias Jersak, Armin Nolzen, Christoph Rass, 2008-07-03 The Second World War affected the lives and shaped the experience of millions of individuals in Germany soldiers at the front women children and the elderly sheltering in cellars slave labourers toiling in factories and concentration camp prisoners and POWs clearing rubble in the Reich's devastated cities Taking a history from below approach the volume examines how the minds and behaviour of individuals were moulded by the Party as the Reich took the road to Total War The ever increasing numbers of German workers conscripted into the Wehrmacht were replaced with forced foreign workers and slave labourers and concentration camp prisoners The interaction in everyday life between German civilian society and these coerced groups is explored as is that society's relationship to the Holocaust From early 1943 the war on the home front was

increasingly dominated by attack from the air The role of the Party administration police and courts in providing for the vast numbers of those rendered homeless in bolstering civilian morale with miracle revenge weapons propaganda and in maintaining order in a society in disintegration is reviewed in detail For society in uniform the war in the east was one of ideology and annihilation with intensified indoctrination of the troops after Stalingrad The social profile of this army is analysed through study of a typical infantry division The volume concludes with an account of the various forms of resistance to Hitler's regime in society and the military culminating in the failed attempt on his life in July 1944 *Prisoners of War* Bob Moore, 2022-04-14 The Second World War between the European Axis powers and the Allies saw more than twenty million soldiers taken as prisoners of war While this total is inflated by the unconditional surrender of all German forces in Europe on 8 May 1945 it nonetheless highlights the fact that captivity was one of the most common experiences for all those in uniform even more common than frontline service Despite this and the huge literature on so many aspects of the war prisoner of war histories have remained a separate and sometimes isolated element in the wider national chronicles of the conflict constructed in the post war era Prisoners of every nationality had their own narratives of military service and captivity While it is impossible to encompass their collective histories let alone the individual experiences of all twenty million prisoners in a single volume Bob Moore uses a series of case studies to highlight the key elements involved and to introduce analyse and refine some of the major debates that have arisen in the existing historiography The study is divided into three broad sections captivity in Eastern and Western Europe during the war itself comparative studies of specific categories of prisoners and the repatriation and reintegration of prisoners after the war *German Women's Life Writing and the Holocaust* Elisabeth Krimmer, 2018-09-20 Examines women's life writing in order to shed light on female complicity in the Second World War and the Holocaust **Wehrmacht im Ostkrieg** Christian Hartmann, 2012-10-31 Wehrmacht in der NS Diktatur über 17 Millionen Soldaten Kaum eine deutsche Familie die nicht einen Angehörigen bei der Wehrmacht hatte Was waren sie Täter Opfer ganz normale Männer oder willige Vollstrecker Um ihren Anteil an Krieg und Besatzung präzise und anschaulich zu bestimmen konzentriert sich die Darstellung von Christian Hartmann auf fünf deutsche Divisionen Sie hatten unterschiedlicher nicht sein können Identisch sind dagegen ihr Einsatzraum die Sowjetunion und die Zeit das erste Jahr des Unternehmens Barbarossa Gerade die Analyse dieses Mikrokosmos bietet die Chance einer Forderung zu entsprechen die in der Debatte über die Wehrmacht oft zu hören war die einer realistischen wie differenzierten Darstellung dieser Armee ihrer Angehörigen und nicht zuletzt ihrer Funktionen die sie in Hitlers Kriegen hatte *A Companion to Women's Military History* Barton Hacker, Margaret Vining, 2012-08-17 This volume addresses the changing relationships between women and armed forces from antiquity to the present eight chapters review the existing literature an extended picture essay visually documents women's military work and eight chapters illustrate more restricted topics **One of Thousands: A Navigator in the European Air War** Frederick Fooy, 2015-04-06 Jules Julie Lasner volunteered for service after the United States

entered World War II and he was trained as a navigator in a B 17 Flying Fortress Lasner flew twenty seven missions over occupied Europe during the final phases of a strategic bombing campaign against Germany dodging the Luftwaffe's anti aircraft defenses in the cold wintry skies Based on interviews with Lasner as well as his wartime correspondence this book offers a glimpse into his experiences as a member of the 8th Air Force Along with thousands of others he pounded the Third Reich around the clock in a four engine bomber over the last eight months of the war This account offers an insider's look into the state of the German air defenses as well as some of the effects of the strategic bomb offensive Lasner's story shows that one person's experiences and decisions affect many people and it also reveals how he was affected by total war Go beyond the statistics that so often dehumanize conflict with *One of Thousands* Negotiating the Nazi Occupation of France Sandra Ott, 2025-02-19 The French the Basques and the myriad of foreigners who lived in wartime France often developed clever strategies for negotiating the Nazi Occupation of 1940-1944 This sometimes entailed living in harmony and cooperating with the enemy accommodating to the Germans presence or rejecting them through various modes of resistance and hostility People so often simply tried to survive the Occupation as best as they could and contrary to early perceptions of the French people Most were neither bad nor good in a murky moral universe that was decidedly not black and white As this book argues that murky universe needs to be explored beyond the solely French or German experience By largely focusing on daily life the authors create a space in which to explore relations among people of varying ethnic religious regional and national identities They also engage with multiple disciplines anthropology history visual studies genocide studies as well as transnational memory and gender studies *Die Wehrmacht* Rolf-Dieter Müller, Hans-Erich Volkmann, 2015-07-31 Das Thema Wehrmacht ist bis heute Gegenstand eines breiten öffentlichen Interesses das sich in höchst kontroversen und teilweise äußerst emotionalisierten Diskussionen artikuliert Zentrale Fragen hierbei sind Welche Rolle spielte die Wehrmacht im Machtgefüge des Dritten Reiches Wie bereitwillig passte sie sich den machtpolitischen und ideologischen Zielen des NS Systems an trug sie mit oder stand sie zu ihnen im Widerspruch Inwieweit lie sie sich von der Staatsführung für einen verbrecherischen Eroberungs und Vernichtungskrieg instrumentalisieren In welchem Ausmaß war sie selbst an den Verbrechen beteiligt indem sie völkerrechtswidrige Befehle ausführte oder sogar selbst ausarbeitete Wie viel Schuld traf die oberste Führung der Streitkräfte die verantwortlichen Befehlshaber das Offizierskorps die Unteroffiziere und Mannschaften Was war und wie war die Wehrmacht überhaupt **A Companion to World War II** Thomas W. Zeiler, Daniel M. DuBois, 2012-12-21 A Companion to World War II brings together a series of fresh academic perspectives on World War II exploring the many cultural social and political contexts of the war Essay topics range from American anti-Semitism to the experiences of French African soldiers providing nearly 60 new contributions to the genre arranged across two comprehensive volumes A collection of original historiographic essays that include cutting edge research Analyzes the roles of neutral nations during the war Examines the war from the bottom up through the experiences of different social classes

Covers the causes key battles and consequences of the war Flak Edward B. Westermann, 2001 Air raid sirens wail searchlight beams flash across the sky and the night is aflame with tracer fire and aerial explosions as Allied bombers and German anti aircraft units duel in the thundering darkness Such cinematic scenes played out with increasing frequency as World War II ground to a close were more than mere stock material for movie melodramas As Edward Westermann reveals they point to a key but largely unappreciated aspect of the German war effort that has yet to get its full due Long the neglected stepchild in studies of World War II air campaigns German flak or anti aircraft units have been frequently dismissed by American British and German historians and by veterans of the European air war as ineffective weapons that wasted valuable materiel and personnel resources desperately needed elsewhere by the Third Reich Westermann emphatically disagrees with that view and makes a convincing case for the significant contributions made by the entire range of German anti aircraft defenses During the Allied air campaigns against the Third Reich well over a million tons of bombs were dropped upon the German homeland killing nearly 300 000 civilians wounding another 780 000 and destroying more than 3 500 000 industrial and residential structures Not surprisingly that aerial Armageddon has inspired countless studies of both the victorious Allied bombing offensive and the ultimately doomed Luftwaffe defense of its own skies By contrast flak units have virtually been ignored despite the fact that they employed more than a million men and women were responsible for more than half of all Allied aircraft losses forced Allied bombers to fly far above high accuracy altitudes and thus allowed Germany to hold out far longer than it might have otherwise Westermann's definitive study sheds new light on every facet of the development and organization of this vital defense arm including **Die Transportflieger der Luftwaffe 1956 bis 1971** Hans-Werner Ahrens, 2018-12-14 Die heutigen Einsätze der Bundeswehr sind ohne die militärische Transportfliegerei nicht möglich Das Motto der Transportflieger First in Last out war und ist Ausdruck ihres professionellen soldatischen Selbstverständnisses im weltweiten Einsatz von Anbeginn an Einsatz von Anbeginn an Bereits mit der Aufstellung der Luftwaffe hatte man ihnen neben reinen Versorgungsflügen auch den In und Auslandseinsatz für humanitäre Hilfe in die Wiege gelegt Generalmajor a D Hans Werner Ahrens erfahrener Transportflugzeugführer und letzter Kommandeur des 2010 aufgelösten Lufttransportkommandos hat unter Beteiligung zahlreicher Zeitzeugen die Konzeption den Aufbau die Organisationsstrukturen die Entwicklung der militärischen Transportfliegerei und ihre fordernden Einsätze von den Anfängen bis ins Jahr 1971 facettenreich und lebendig beschrieben Dabei werden die handelnden Personen genauso gewürdigt wie die stets flexible Bewältigung vielfältiger Herausforderungen Mit diesem Werk ist dem Autor die bislang fehlende historische Grundlagenarbeit über einen unverzichtbaren Dienstteilbereich der Luftwaffe in diesem richtungsweisenden Zeitabschnitt gelungen **Germany and the Second World War: Volume IX/I: German Wartime Society 1939-1945: Politicization, Disintegration, and the Struggle for Survival** Ralf Blank, Jörg Echternkamp, Karola Fings, Jürgen Förster, Winfried Heinemann, Tobias Jersak, Armin Nolzen, Christoph Rass, 2008-07-03 The Second World War affected the lives and shaped the

experience of millions of individuals in Germany soldiers at the front women children and the elderly sheltering in cellars slave labourers toiling in factories and concentration camp prisoners and POWs clearing rubble in the Reich's devastated cities Taking a history from below approach the volume examines how the minds and behaviour of individuals were moulded by the Party as the Reich took the road to Total War The ever increasing numbers of German workers conscripted into the Wehrmacht were replaced with forced foreign workers and slave labourers and concentration camp prisoners The interaction in everyday life between German civilian society and these coerced groups is explored as is that society's relationship to the Holocaust From early 1943 the war on the home front was increasingly dominated by attack from the air The role of the Party administration police and courts in providing for the vast numbers of those rendered homeless in bolstering civilian morale with miracle revenge weapons propaganda and in maintaining order in a society in disintegration is reviewed in detail For society in uniform the war in the east was one of ideology and annihilation with intensified indoctrination of the troops after Stalingrad The social profile of this army is analysed through study of a typical infantry division The volume concludes with an account of the various forms of resistance to Hitler's regime in society and the military culminating in the failed attempt on his life in July 1944
