Contested Rituals Robin Judd, 2011-05-02 In Contested Rituals Robin Judd shows that circumcision and kosher butchering became focal points of political struggle among the German state its municipal governments Jews and Gentiles In 1843 some German Jewish fathers refused to circumcise their sons prompting their Jewish communities to reconsider their standards for membership Nearly a century later in 1933 another blood ritual kosher butchering served as a political and cultural touchstone when the Nazis built upon a decades old controversy concerning the practice and prohibited it In describing these events and related controversies that raged during the intervening years Judd explores the nature and escalation of the ritual debates as they transcended the boundaries of the local Jewish community to include non Jews who sought to protect restrict or prohibit these rites Judd argues that the ritual debates grew out of broad shifts in German politics the competition between local and regional authority following unification the possibility of government intervention in private affairs the place of religious difference in the modern age and the relationship of the German state to its religious and ethnic minorities including Catholics Anti Semitism was only one factor driving the debates and it often functioned in unexpected ways Judd gives us a new understanding of the formation of German political systems the importance of religious practices to Jewish political leadership the interaction of Jews with the German government and the reaction of Germans of all faiths to political change

Human Sacrifice and the Supernatural in African History Mbogoni, Lawrence E.Y., 2013-11-03 Since time immemorial human beings the world over have sought answers to the vexing questions of their origins sickness death and after death the meaning of natural phenomena such as earthquakes

eclipses of the sun and moon birth of twins etc and how to protect themselves from such mysterious events They invented God and gods and the occult sciences witch craft divination and soothsaying in order to seek the protection of supernatural powers while individuals used them to gain power to dominate others and to accumulate wealth Human sacrifice was one way in which they sought to expiate the gods for what they believed were punishments for their transgressions One example the Ghana Asante Kingdom s very origins are associated with human sacrifice On the eve of war against Denkyira individuals volunteered themselves to be sacrificed in order to guarantee victory Later human sacrifice in Asante was mainly politically motivated as kings and religious leaders offered human sacrifice in remembrance of their ancestral spirits and to seek their protection against their enemies The Asante Kingdom is one of several examples included in this study of human sacrifice and ritual killing on the African continent Case studies include practices in Sierra Leone Tanzania Mainland Zanzibar Uganda and Swaziland Advertisements relating to the occult was a common feature of Drum magazine the popular South African magazine in Southern Eastern and Central Africa in late years of colonial and early years of postcolonial periods indicating a wide belief in these practices among the people in these countries Each case examined is introduced by an expose of folklore that puts in perspective beliefs in the supernatural and how folklore continues to perpetuate them Through careful study of these select cases this book highlights general features of human sacrifice which recur with striking uniformity in all parts of sub Saharan Africa and why they persist until today He draws upon extensive written sources to expose these practices in other cultures including those in Western societies
