suspect anything was working against her Despite harboring resentment against her mother for the womans unbelievable act her reason for getting Emily committed was taken supposedly to prevent Emily from assuming and accepting a promiscuous life style she accepted her fate and tried to fit in among the Yountville population as best she could She even made friends quickly with some of the residents in her residence building Stoneman Hall Like everyone else at Yountville Emily had to go to school an asylum requirement even though she was a college graduate She also had to work in two of the institutions industries and chose the Sewing Room and the Farm She especially liked the farm not so much the chickens but the hogs No matter who her supervisors were Lefty on the farm Miss Rose in the Sewing Room or Sarah in the superintendents office she took to them quickly as they did to her Emily was after all completely sane and was quite capable of relating to her supervisors just like any intelligent woman would The shift medical superintendent Dr Josey Anselmo was sharp in his own way He knew all the details that worked against Emily to make her a resident at Yountville so he took advantage of her outstanding clerical skills and made her his assistant secretary a position seriously questioned by Anselmos wife Mona who was also the hospitals nursing director Never before had an inmate been tapped for work in the Administration Building much less the superintendents office but Dr Anselmo persuaded everyone including Mona that he had the situation as well as Emily under his control In the end nothing could have been farther from the truth Little did the superintendent know that Emily vowed to retrieve and record as much dirt on the institution as she could find this following the botched sterilization of her close friend Katie Brewster who ended up in the asylums cemetery instead of her residence hall Emily saw the horror of the nurses dragging Katie off to the hospital one night in April 1909 and being the curious one she was overheard all of Katies pleadings moaning and cries prior to being anesthetized and then butchered in the hospitals operating room an experiment Superintendent Anselmo called her a guinea pig so doctors and nurses could learn how to perform and what to expect fro

Blood on Their Hands Cecil Lowry, 2024-04-04 From its invasion of Manchuria through to the Allies victory in 1945 the Japanese Imperial Army was guilty of widespread atrocities against its enemies and in particular the civilians of occupied countries Massacre human experimentation starvation forced labour and even cannibalism were commonplace during that period It has been estimated that the number of deaths which resulted from these atrocities range from anything from three to fourteen million people Using this appalling record the author explains in graphic detail the cruelty of Japanese military forces drawing attention to the impact on ordinary people He explores the possible reasons why people committed such horrendous acts Seventy eight years have passed since the surrender yet the Japanese government has never squarely acknowledge their crimes nor has it made an official apology Over the years since a handful of extreme right wing elements in Japan has depicted the war and the atrocities as the liberation of backward nations They have attempted to reinterpret bloody massacres as a self defensive holy war As his father Hugh Lowry suffered grievously as a Prisoner of War on the infamous Thai Burma Railway the author knows first hand of the lasting psychological and physical wounds suffered by

victims of Japanese brutality This disturbing book should serve as a warning that such extreme and widespread behaviour should never be repeated
