Blood and Arrows of Wits Aiye-ko ooto,2019-10-06 This historical piece transcends current events The current epic details the saga of a reigning king who faces uprising in a time of peace His heir apparent has health issues with no local answers The intruding pressures of the colonials doesn t make community matters any easier to manage However he had to choose to solicit their help for his sick heir while trying hard not to cede power to them Sagacious That you might say until you learn that he suffers recurring dreams of his own death This bothers him extremely We are about to find out where lays the crown where lays his legacy and where lays the path of the future *Blood Relations* Jes Battis,2015-01-27 The television series Buffy and Angel revolve around radical conceptions of family Indeed their coherence depends on the establishment of nontraditional families that admit vampires demons witches werewolves and other bizarre characters without censuring them for their peculiarities This work argues that what makes these characters enduring and engaging is their critical family connections for their most involved struggles occur not within the graveyard but around the dinner table just as the most challenging adversarial forces that they must face are not demons or vampires but the stuff of everyday life What does family encompass within these two series How does it relate to concepts of gender sexuality power and the supernatural as they emerge from the shows complex narratives This book explores such questions It also examines the chosen family an idea marketed specifically by successful programs such as Friends and Sex in the City within the past ten years juxtaposing it against various images of the fractured biological family displayed in both Buffy and Angel Through eight chapters addressing various family related aspects within both shows this work plots the trajectory of this unstable notion of family even as it is transformed remediated and rendered unrecognizable from a family values perspective by the unique and supernatural relationships that proliferate in Buffy and Angel **Midas Touch I: Alter** Saine J.
