**Bruxellensis. The Bloodletting Letter of 1539. An Annotated Translation and Study of the Evolution of Vesalius' Scientific Development**, 1948\* Galen on Bloodletting Peter Brain, 1986-08-07 Dr Brain has translated the works by the physician Galen on bloodletting which provides by far the most comprehensive account of the practice in antiquity Practical Medicine from Salerno to the Black Death Luis García Ballester, 1994 Essays on the practical aspects of medieval European medicine The Shattering of the Self Cynthia Marshall, 2003-05-22 In *The Shattering of the Self* Violence Subjectivity and Early Modern Texts Cynthia Marshall reconceptualizes the place and function of violence in Renaissance literature During the Renaissance an emerging concept of the autonomous self within art politics religion commerce and other areas existed in tandem with an established popular sense of the self as fluid unstable and volatile Marshall examines an early modern fascination with erotically charged violence to show how texts of various kinds allowed temporary release from an individualism that was constraining Scenes such as Gloucester's blinding and Cordelia's death in *King Lear* or the dismemberment and sexual violence depicted in *Titus Andronicus* allowed audience members not only a release but a shattering as opposed to an affirmation of the self Marshall draws upon close readings of Shakespearean plays

Petrarchan sonnets John Foxe's Acts and Monuments of the Christian Martyrs and John Ford's The Broken Heart to successfully address questions of subjectivity psychoanalytic theory and identity via a cultural response to art Timely in its offering of an account that is both historically and psychoanalytically informed The Shattering of the Self argues for a renewed attention to the place of fantasy in this literature and will be of interest to scholars working in Renaissance and early modern studies literary theory gender studies and film theory Observing the World through Images, 2013-11-21 The well illustrated articles in Observing the World through Images offer insights into the uses of images in astronomy mathematics instrument making medicine and alchemy highlighting shared forms as well as those peculiar to individual disciplines Themes addressed include the processes of image production and communication the transformation of images through copying and adaptation for new purposes genres and traditions of imagery in particular scientific disciplines the mnemonic and pedagogical value of diagrams the relationship between text and image and the roles of diagrams as tools to think with Contributors include Isabelle Pantin Jennifer Rampling Samuel Gessner Renee Raphael Karin Ekholm Hester Highton and Katie Taylor **The Healing Arts** Peter Elmer, 2004-03-09 The book will appeal to students teachers health workers and general readers who wish to develop a critical awareness of medicine in the past The essays are complemented by a selection of primary and secondary readings in the companion volume Health Disease and Society in Europe 1500 1800 A Source Book BOOK JACKET **The Body Embarrassed** Gail Kern Paster, 2018-09-05 Men and women in early modern Europe experienced their bodies very differently from the ways in which contemporary men and women do In this challenging and innovative book Gail Kern Paster examines representations of the body in Elizabethan Jacobean drama in the light of humoral medical theory tracing the connections between the history of the visible social body and the history of the subject's body as experienced from within Focusing on specific bodily functions and on changes in the forms of embarrassment associated with them Paster extends the insights of such critics and theorists as Mikhail Bakhtin Norbert Elias and Thomas Laqueur She first surveys comic depictions of incontinent women as leaky vessels requiring patriarchal management and then considers the relation between medical bloodletting practices and the gender implications of blood symbolism Next she relates the practice of purging to the theme of shame and assays ideas about pregnancy childbirth and nursing in medical and other nonliterary texts Paster then turns to the use of reproductive processes in the plot structures of key Shakespeare plays and in Dekker's Ford's and Rowley's Witch of Edmonton Including twelve vivid illustrations The Body Embarrassed will be fascinating reading for students and scholars in the fields of Renaissance studies gender studies literary theory the history of drama and cultural history *The Printing of the Medical Writings of Andreas Vesalius* Carmenina Tarquinio Tomassini, 1957 *Andreas Vesalius of Brussels, 1514-1564* Charles Donald O'Malley, 1964 **The Clock and the Mirror** Nancy G. Siraisi, 2015-12-08 Girolamo Cardano 1501 1576 renowned as a mathematician encyclopedist astrologer and autobiographer was by profession a medical practitioner His copious writings on medicine reflect both the

complexity and diversity of the Renaissance medical world and the breadth of his own interests In this book Nancy Siraisi draws on selected themes in Cardano s medical writings to explore in detail the relation between medicine and wider areas of Renaissance culture Cardano s medical advice included the suggestion that the studious man should always have at hand a clock and a mirror a clock to keep track of the passage of time and a mirror to observe the changing condition of his body The remark which recalls his astrological and autobiographical interests is emblematic of the many connections between his medicine and his other pursuits Cardano s philosophical eclecticism beliefs about occult forces in nature theories about dreams and free transitions between academic and popularizing scientific writing also contributed to his medicine As a physician he greeted two different types of medical innovation in his lifetime with equal enthusiasm improved access to the Hippocratic corpus and Vesalian anatomy Cardano presented himself as a practitioner with special gifts Yet his medical learning remained rooted in the Galenic tradition that he often criticized Meanwhile he negotiated a career in a medical community characterized by personal and social rivalries a competitive medical marketplace and strong institutional and religious pressures Originally published in 1997 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905
