**Blossoms from the East** John J. Nolde,1983-01-01      **Readings in the Cantos** Richard Parker,2022-07-01 The three volumes of Readings in the Cantos bring together in a ground breaking format a number of critical readings by world renowned scholars of the central modernist long poem The Cantos of Ezra Pound Each contributor approaches either a single Canto or a defined small group of Cantos in isolation providing a clear informative and interpretive reading that includes an up to date assessment of sources and an idea of recent critical approaches Together the contributors offer a remarkably diverse reading of The Cantos that at the same time demonstrates the coherence of Pound s text      Ezra Pound's Confucian Translations Mary Paterson Cheadle,1997 Provides bold insights into Pound s Fascism      *Ezra Pound and China* Zhaoming Qian,2003-04-03 DIVExplores Ezra Pound s long fascination with Chinese literature and culture div      *Ezra Pound and Neoplatonism* P. Th. M. G. Liebrechts,2004 This book is a detailed study of Ezra Pound s explicit and implicit use of elements of the Neoplatonic tradition in his prose and poetry and of the way it informed his poetics as well as his political and social economic views The book not only discusses the ideas of those Pound considered to be leading figures in the development of Neoplatonism such as Plotinus Dionysus the Areopagite Eriugena Dante Gernisthus Plethon and Thomas Taylor but more importantly it shows how and why Pound adapted and appropriated their notions to develop his interpretation of what he saw as an ongoing Neoplatonic tradition Through this adaptation of Neoplatonism Pound s work may be seen as an insightful commentary upon this religio philosophical tradition as well as a contribution to it      Cross-Cultural Ezra Pound Walter Baumann,John Gery,David McKnight,2021-05-15 This volume offers new interpretations of Pound s poetics as well as new perspectives on his critical reception globally It covers Pound s work from his beginnings as a young poet in Philadelphia in the first decade of the century through his most productive years as a poet critic and translator to the first critical treatments of his work in the 1940s and 50s and on to translations of The Cantos spanning the last fifty years      **Ezra Pound, Poet** Anthony David Moody,2007 The long awaited second volume of A David Moody s acclaimed three part biography The Epic Years examines Pound s middle years a period which was also his most productive      *Ezra Pound's Chinese Friends* Zhaoming Qian,2008-02-21 No literary figure of the past century in America or perhaps in any other Western country is comparable to Ezra Pound in the scope and depth of his exchange with China To this day scholars and students still find it puzzling that this influential poet spent a lifetime incorporating Chinese language literature history and philosophy into Anglo American modernism How well did Pound know Chinese Was he guided exclusively by eighteenth to nineteenth century orientalists in his various Chinese projects Did he seek guidance from Chinese peers Those who have written about Pound and China have failed to address this fundamental question No one could do so just a few years ago when the letters Pound wrote to his Chinese friends were sealed or had not been found This book brings together 162 revealing letters between Pound and nine Chinese intellectuals eighty five of them newly opened up and none previously printed Accompanied

by editorial introductions and notes these selected letters make available for the first time the forgotten stories of Pound and his Chinese friends They illuminate a dimension in Pound's career that has been neglected his dynamic interaction with people from China over a span of forty five years from 1914 until 1959 This selection will also be a documentary record of a leading modernist's unparalleled efforts to pursue what he saw as the best of China including both his stumbles and his triumphs     *Blossoms from the East* John J. Nolde, 1983     **Ezra Pound and Confucianism** Feng Lan, 2011-11-01 In *Ezra Pound and Confucianism* Feng Lan offers the first study of Ezra Pound's project of establishing a Confucian humanism as an alternative to Western modernism While Pound scholars are familiar with the American poet's commitment to Confucianism the question of how Confucianism systematically shaped Pound's thoughts has not been convincingly answered Lan shows that when confronted with what appeared to him a dehumanising modern world Pound discovered in Confucianism possible solutions to issues that he encountered in language politics and religion which Western intellectual tradition as a whole had failed to provide By integrating Confucian doctrines with received ideas from Western tradition Pound developed a humanist discourse and brought it to bear on the historical conditions of his time The result was a discourse characterized primarily by the following beliefs the human mind as the source of creation the individual's moral will as the basis of truth and social order the human partnership with the world of nature the self-perfectibility of human beings and their innate capability for internal transcendence in spiritual life Lan examines the strategies with which Pound reconstructed Confucianism into a systematic modern discourse focusing on his controversial translation of Confucian scriptures his rethinking of the nature of language and poetry his political theory of the individual and the state and his formulation of an unorthodox spirituality Situating Pound's works in diverse cultural historical and intellectual contexts *Ezra Pound and Confucianism* demonstrates that despite its frequent divergence from the Confucian canon Pound's Confucian humanism gives his poetry an ideological coherence enriches the Western humanist tradition and asserts its relevance to the historical and cross cultural development of Confucianism in modern times     **Whitmanism, Imagism, and Modernism in China and America** Guiyou Huang, 1997 This book is a cross cultural study of two major literatures of the late nineteenth and early twentieth centuries It traces the confluence of American and Chinese literatures in the early twentieth century when modernism reached its full powers in Europe and America and to a lesser extent in China The author examines how classical Chinese literature affected the birth of American modernism as represented by Ezra Pound he also investigates how American literature contributed to the formation and development of China's New Poetry     *Orientalism and Modernism* Zhaoming Qian, 1995 Chinese culture held a well known fascination for modernist poets like Ezra Pound and William Carlos Williams What is less known but is made fully clear by Zhaoming Qian is the degree to which oriental culture made these poets the modernists they became This ambitious and illuminating study shows that Orientalism no less than French symbolism and Italian culture is a constitutive element of Modernism Consulting rare and unpublished materials Qian traces Pound's and Williams's remarkable dialogues

with the great Chinese poets Qu Yuan Li Bo Wang Wei and Bo Juyi between 1913 and 1923 His investigation reveals that these exchanges contributed more than topical and thematic ideas to the Americans work and suggests that their progressively modernist style is directly linked to a steadily growing contact and affinity for similar Chinese styles He demonstrates for example how such influences as the ethics of pictorial representation the style of ellipsis allusion and juxtaposition and the Taoist Zen Buddhist notion of nonbeing being made their way into Pound s pre Fenollosan Chinese adaptations Cathay Lustra and the Early Cantos as well as Williams s Sour Grapes and Spring and All Developing a new interpretation of important work by Pound and Williams Orientalism and Modernism fills a significant gap in accounts of American Modernism which can be seen here for the first time in its truly multicultural character The New Ezra Pound Studies Mark Byron,2020 Essays on recent developments in Pound scholarship and research including newly available primary sources and methodological advances in cognate fields **Chinese Dreams** Eric R. J. Hayot,2009-12-14 Explores China s significant impact on the 20th century European avant garde **A Poem Containing History** Lawrence S. Rainey,1997 A suggestive survey of new approaches to a twentieth century classic Poetics of Loss in the Cantos of Ezra Pound Nick Selby,2005 This book examines how the modernist poetics exemplified in Ezra Pound s epic poem The Cantos are unavoidable bound in with the ideological forces underpinning his advocacy of fascism Overall it argues that Pound s reactionary urge to redefine a lost culture couples with his sense of textual annihilation of a validating poetic centre is the cultural ground on which his ideal of fascist republic rests The Ezra Pound Encyclopedia Demetres P. Tryphonopoulos,Stephen J. Adams,2005-04-30 Ezra Pound forever changed the course of poetry The author of a vast body of literature his enormous range of references and use of multiple languages make him one of the most obscure authors and because of his Fascism anti Semitism and questionable sanity one of the most controversial This encyclopedia is a concise yet comprehensive guide to his life and writings Included are more than 250 alphabetically arranged entries on such topics as Arabic history Chinese translation dance Hilda Doolittle Egyptian literature Robert Frost and Pound s publications The entries are written by roughly 100 expert contributors and cite works for further reading Ezra Pound forever changed the course of poetry His vast body of poetry and critical works make him one of the 20th century s most prolific writers and his influence has shaped later poets great and small His enormous range of references deliberate obscurity and use of multiple languages make him one of the most difficult authors and because of his Fascism anti Semitism and questionable sanity one of the most controversial figures in American literary history This encyclopedia is a concise yet comprehensive guide to his life and writings **The Modernist Response to Chinese Art** Zhaoming Qian,2003 The Modernist Response to Chinese Art is a work of both erudition and sympathy that reveals the root of modernist poets otherwise baffling interest in and use of Chinese art Most impressive perhaps is the depth of their embrace of it as Qian has so convincingly documented Patricia C Williams **Sixteen Modern American Authors** Jackson R. Bryer,1990 Praise for the earlier edition Students of modern

**Cybernetic Aesthetics** Heather A. Love, 2023-09-28

*Cybernetic Aesthetics* draws from cybernetics theory and terminology to interpret the communication structures and reading strategies that modernist text cultivate In doing so Heather A Love shows how cybernetic approaches to communication emerged long before World War II they flourished in the literature of modernism s most innovative authors This book engages a range of literary authors including Ezra Pound John Dos Passos Gertrude Stein Virginia Woolf and James Joyce and cybernetics theorists such as Norbert Wiener Claude Shannon Ross Ashby Silvan Tomkins Margaret Mead Gregory Bateson and Mary Catherine Bateson Through comparative analysis Love uncovers cybernetics relevance to modernism and articulates modernism s role in shaping the cultural conditions that produced not merely technological cybernetics but also the more diffuse notion of cybernetic thinking that still exerts its influence today
