It was first published in October of 1880 by a Gadsden newspaperman William M Meeks. Over the years it chronicled much of the history of Marshall County. This book attempts to capture mentions of births, marriages, deaths, and obituaries. It also reproduces articles of interest and importance in the development of the county, all with a full name index. Here you can find all of Judge Louis Wyeth's History of Marshall County as well as an unnamed contributor who penned a series called Reminiscences of Old Times in Marshall County by an Old Citizen. This book contains several biographies of old citizens, traces the development of the Tennessee and Coosa Railroad, and reports on Rube Burrow and his alleged murderous romp across Sand Mountain. This book will be important to any student of the history and genealogy of Marshall County.

The Great Bahamian Hurricanes of 1899 and 1932 Wayne Neely, 2012. Hurricanes have long been a fact of life in the Bahamas. With extensive exposed coastlines jutting out of the Atlantic and uniquely flat lands and shallow coastal waters, these islands had seen many tempests before there was a Bahamas as we know it today. Hurricanes have shaped the islands' landscape and, in a sense, their people as well. In the history of the Bahamas, often considered a patriarchal society in which the hurricanes traditionally bore the names not of women but of the islands, they devastated the storms have impacted all aspects of everyday life. A growing number of studies covering many aspects of hurricanes have examined their social impacts. Even so, the historical ramifications of the hurricanes of the Bahamas and of the wider realm of the Caribbean have rarely been approached. The Great Bahamas Hurricane of 1899 and the Great Abaco Hurricane of 1932 hold special places in the archives of Bahamian history. These hurricanes were two of the worst natural disasters the country had experienced at the time, and even to this day, these storms are considered among the top ten most destructive Bahamian storms of all time. These two notable and very destructive Bahamian hurricanes resulted in the deaths of over 334 Bahamians in 1899 and 18 in 1932. Learn why, as author Wayne Neely explores the breadth and depth of each disaster, not only how they impacted the society at the time but how they impacted the progression of history.

Numbered Discourses Bhikkhu Sujato, SuttaCentral, SuttaCentral has published an entirely new translation of the four Pali Nikayas by Bhikkhu Sujato, which is the first complete and consistent English translation of these core texts. This is an ebook version of Bhikkhu Sujato's translation of the Aṅguttara Nikaya, which can also be read at SuttaCentral's website. The Numbered or Numerical Discourses are usually known as Aṅguttara Nikaya in Pali, abbreviated AN. However, the Pali tradition also knows the form Ekottara, one up or incremental, and this is the form usually found in the northern collections. These collections organize texts in numbered sets from one to eleven. Compared to the other nikayas, they are more oriented to the lay community. The Ekottarika-gāma, EA in Chinese, is a highly unusual text which features a range of variations within itself when it comes even to basic doctrines. It shares considerably less in common with the Pali Aṅguttara than the other collections do with their counterparts. In addition, there is a partial Ekottarika-gāma in Chinese as well as a variety of individual discourses and fragments in Chinese and Sanskrit. This

translation of A guttara Nik ya was updated on March 6th 2023
