Webb,2016-10-04 Since decolonization began in the late 1940s a series of often lengthy and destructive separatist insurgencies have imposed severe financial economic and human costs upon the states of South Asia Whereas previous analyses of these conflicts have typically focussed upon the parent state or separatist group as the relevant unit of analysis this book adopts a broader framework arguing that separatism cannot be understood in isolation from the concept of state sovereignty This book explores the motives tactics successes and failures of South Asia s separatist movements by deconstructing sovereignty into its constituent components and offers an explanation for why separatism but not political violence has recently declined in the region Taking a comparative explanatory viewpoint it offers a comprehensive review of relevant explanatory theories dominant in the scholarly literature on separatism and an examination of their application to the South Asian states of India Pakistan Sri Lanka and Bangladesh As a thought provoking discussion of statehood and sovereignty this book will be of interest to students of political theory comparative politics international relations and South Asian politics      *A Guide to Intra-state Wars* Jeffrey S. Dixon, Meredith Reid Sarkees,2015-10-22 This title describes how civil war is defined and categorized and presents data and descriptions for nearly 300 civil wars waged from 1816 to the present Analyzing trends over time and

regions this work is the definitive source for understanding the phenomenon of civil war Parties and Political Change in South Asia James Chiriyankandath, 2016-04-14 Over the past seven decades and more political parties have become an essential feature of the political landscape of the South Asian subcontinent serving both as a conduit and product of the tumultuous change the region has experienced Yet they have not been the focus of sustained scholarly attention This collection focuses on different aspects of how major parties have been agents of and subject to change in three South Asian states India Pakistan and Sri Lanka examining some of the apparent paradoxes of politics in the subcontinent and covering issues such as gender religion patronage clientelism political recruitment and democratic regression Recurring themes are the importance of personalities and the corresponding neglect of institutionalisation and the lack of pluralism in intraparty affairs factors that render parties and political systems vulnerable to degeneration This book was published as a special issue of Commonwealth and Comparative Politics **Operation Blue Star** K. S. Brar, 1993 Faith, Gender, and Activism in the Punjab Conflict Mallika Kaur, 2020-01-14 Punjab was the arena of one of the first major armed conflicts of post colonial India During its deadliest decade as many as 250 000 people were killed This book makes an urgent intervention in the history of the conflict which to date has been characterized by a fixation on sensational violence or ignored altogether Mallika Kaur unearths the stories of three people who found themselves at the center of Punjab s human rights movement Baljit Kaur who armed herself with a video camera to record essential evidence of the conflict Justice Ajit Singh Bains who became a beloved people s judge and Inderjit Singh Jaijee who returned to Punjab to document abuses even as other elites were fleeing Together they are credited with saving countless lives Braiding oral histories personal snapshots and primary documents recovered from at risk archives Kaur shows that when entire conflicts are marginalized we miss essential stories stories of faith feminist action and the power of citizen activists *Counter Terrorism, the Pakistan Factor* Afsir Karim, 1991
