Blueprint for Developing Conversational Competence Patrick Stone, 1988 A presentation of theory procedures for developing the conversational ability of hearing impaired children The Handbook of Language and Speech Disorders Nicole Müller, 2012-09-17 The Handbook of Speech and Language Disorders presents a comprehensive survey of the latest research in communication disorders Contributions from leading experts explore current issues landmark studies and the main topics in the field and include relevant information on analytical methods and assessment A series of foundational chapters covers a variety of important general principles irrespective of specific disorders These chapters focus on such topics as classification diversity considerations intelligibility the impact of genetic syndromes and principles of assessment and intervention Other chapters cover a wide range of language speech and cognitive intellectual disorders *Handbook of Research on Socio-Cultural and Linguistic Perspectives on Language and Literacy Development* Salmon, Angela K., Clavijo-Olarte, Amparo, 2022-10-07 The teacher's role is to create opportunities that intrinsically motivate children to externalize their thoughts Human beings have multiple means of expression this is powerful when children have the opportunity to have a real voice The realities of children's experiences in their local communities are powerful resources for the language curriculum and help to create an understanding of the value the languages and cultures of children and teachers bring from a multicultural perspective Thus teachers can help children develop their cultural and linguistic identities to promote multiculturalism multilingualism and translingualism so they can thrive in a complex and changing world The Handbook of Research on Socio Cultural and Linguistic Perspectives on Language and Literacy Development approaches language and literacy development from a socio cultural and linguistic perspective This book offers global perspectives on language and literacy from international experts working with both children and educators It offers readers a diversity of voices and experiences of professionals in the field that can inform their teaching and research Covering topics such as critical literacy emotional engagement and multilingual resources this major reference work is an indispensable resource for administrators and educators of both K 12 and higher education pre service teachers teacher educators bibliotherapists librarians researchers and academicians **The Silent Garden** Paul W. Ogden, 1996 This sensitive guide is firm support in helping parents make their difficult choices *Language and Literacy Development in Children who are Deaf* Barbara R. Schirmer, 2000 The second edition of *Language and Literacy Development in Children Who are Deaf* provides the most current information about teaching language reading and writing to deaf children Models and strategies are clearly described and supported by theory current research and numerous examples of how these models and strategies can be used in classrooms with deaf students The book has been reorganized so teachers can easily follow how to assess a deaf child's current abilities in language and literacy develop appropriate instructional goals and choose from among a variety of effective teaching models and strategies **KEY TOPICS** The second edition discusses issues related to American Sign

Language bilingual education techniques incorporating technology into instruction and developing balanced literacy programs for deaf children Experienced teachers novice teachers and individuals becoming teachers of deaf children can use this information to develop a comprehensive language and literacy program for deaf students from preschool through high school MARKET For anyone who teaches reading or language to deaf children or who is involved in literacy development of deaf children *Social Competence of Deaf and Hard-of-Hearing Children* Shirin D. Antia,Kathryn H. Kreimeyer,2015-06-01 Social Competence of Deaf and Hard of Hearing Children addresses the development assessment and promotion of social competence in children who are deaf or hard of hearing DHH Most children readily develop social competence through the mutually dependent development of social skills and social relationships Why then write a book on the social competence of DHH children Hearing loss with its resulting communication challenges has the potential to impede the development of social skills and restrict social relationships In this volume Shirin D Antia and Kathryn H Kreimeyer highlight multiple strategies that teachers families and community members can utilize to promote the social competence of DHH children The authors approach this topic by first describing the development and expression of social competence in infants as well as in preschool and school age hearing and DHH children Socially competent children display a flexible repertoire of social behaviors that are appropriately utilized in varying social situations and which further children s social goals Since social competence develops initially through interactions between infants and their caretakers a primary consideration for children with hearing loss is that the infant and caretaker share a common communication approach to facilitate early interaction As infants become preschool age opportunities for interactions with other children increase and social interactions revolve around play The development of interactive and of pretend play requires children to communicate with one another to assume roles share fantasies and solve social conflicts DHH children must develop communication skills to participate in interactive play and hearing children may need guidance to successfully engage with DHH peers For school age children the importance of peer acceptance increases DHH children need supportive situations both within and outside of school to interact with peers develop friendships and refine the social behaviors that promote peer acceptance The authors present a variety of practical ways to assess the social competence of DHH children They emphasize the role of assessment in identifying social strengths and needs to establish a basis for any necessary intervention They then present ways to promote social competence with a separate focus on strategies appropriate for young DHH children and for school age DHH children For both age groups the authors address the role of families professionals schools and communities in helping children develop the skills needed to become socially competent individuals This book will be a valuable resource for the parents and families of DHH children for the general and special educators who teach these children and for the researchers who describe development and evaluate the effectiveness of strategies to promote the social competence of DHH children
