

BOMBS ON TARGET

A compelling eye-witness account of
Bomber Command operations

Ron Mayhill, DFC

Bombs On Target A Compelling Eyewitness Account Of Bomber Command Operations

H Kauffman

Bombs On Target A Compelling Eyewitness Account Of Bomber Command Operations:

Bombs on Target Ron Mayhill, 1991-01-01 Beskriver bombeflyvinger dag og nat under 2 verdenskrig og det daglige liv på en bombeflyvestation *Flying against Fate* S. P. MacKenzie, 2017-08-04 During World War II Allied casualty rates in the air were high Of the roughly 125 000 who served as aircrew with Bomber Command 59 423 were killed or missing and presumed killed a fatality rate of 45 5% With odds like that it would be no surprise if there were as few atheists in cockpits as there were in foxholes and indeed many airmen faced their dangerous missions with beliefs and rituals ranging from the traditional to the outlandish Military historian S P MacKenzie considers this phenomenon in *Flying against Fate* a pioneering study of the important role that superstition played in combat flier morale among the Allies in World War II Mining a wealth of documents as well as a trove of published and unpublished memoirs and diaries MacKenzie examines the myriad forms combat fliers superstitions assumed from jinxes to premonitions Most commonly airmen carried amulets or talismans lucky boots or a stuffed toy a coin whose year numbers added up to thirteen counterintuitively a boomerang Some performed rituals or avoided other acts e g having a photo taken before a flight Whatever seemed to work was worth sticking with and a heightened risk often meant an upsurge in superstitious thought and behavior MacKenzie delves into behavior analysis studies to help explain the psychology behind much of the behavior he documents not slighting the large cohort of crew members and commanders who demurred He also looks into the ways in which superstitious behavior was tolerated or even encouraged by those in command who saw it as a means of buttressing morale The first in depth exploration of just how varied and deeply felt superstitious beliefs were to tens of thousands of combat fliers *Flying against Fate* expands our understanding of a major aspect of the psychology of war in the air and of World War II *The Aeronautical Journal*, 1992

Bomber Boys on Screen S. P. MacKenzie, 2019-08-08 Since the Second World War depictions of Royal Air Force operations in film and television drama have become so numerous that they make up a genre worthy of scholarly attention In this illuminating study S P MacKenzie explores the different ways in which the men of RAF Bomber Command have been represented in dramatic form on the big and small screen from the war years to the present day *Bomber Boys on Screen* is the first in depth study of how and why the screen drama image of those who flew those who directed them and those who provided support for RAF bomber operations has changed over time sometimes in contested circumstances Until now dramas that focus on Bomber Command have tended to be mentioned only in passing or studied in isolation despite the prevalence of surveys of both the British war film genre and of aviation cinema In *Bomber Boys on Screen* MacKenzie examines the development presentation and reception of significant dramas on a decade by decade basis Titles from the beginning of the war *The Lion Has Wings* 1939 to the start of new century *Bomber's Moon* 2014 are situated in the context of technical possibilities and limitations evolving social and cultural norms in the United Kingdom and elsewhere and the development of moral and utilitarian controversies surrounding the wartime bomber offensive directed against Nazi Germany While the focus

is on feature films and television plays reference is also made to documentaries memorials veterans organizations book titles war comics and other representations of the war fought by Bomber Command Whitaker's Book List ,1991 *Royal Air Force, 1939-1945: The fight is won*, by H. St. G. Saunders Denis Richards,1953 **The British National Bibliography** Arthur James Wells,1992 The Nuremberg Raid Martin Middlebrook,2009-06-25 A thorough history of the RAF Bomber Command attack on the German city during World War II by the author of *The First Day on the Somme* This book describes one twenty four hour period in the Allied Strategic Bomber Offensive in the greatest possible detail Author Martin Middlebrook sets the scene by outlining the course of the bombing war from 1939 to the night of the Nuremberg raid the characters and aims of the British bombing leaders and the composition of the opposing Bomber Command and German night fighter forces The aim of the Nuremberg raid was not unlike many hundreds of other Royal Air Force missions but due to the difficulties and dangers of the enemy defenses and weather plus bad luck it went horribly wrong The result was so notorious that it became a turning point in the campaign The target the symbolic Nazi rally city of Nuremberg was only lightly damaged and 96 out of 779 bombers went missing Middlebrook recreates the events of the fateful night in astonishing detail The result is a meticulous dramatic and often controversial account It is also a moving tribute to the bravery of the RAF bomber crews and their adversaries Praise for *The Nuremberg Raid* Employing hundreds of eyewitness accounts he shows the raid from the point of view of the German defenses and the civilians on the ground Factual and analytical this is a portrait of mechanized warfare at the level of personal experience Simon Mawer Wall Street Journal **Eyewitness RAF** James Goulty,2020-12-14 A detailed realistic picture of what it was like to serve in the Royal Air Force during WWII both on the ground and in the air using firsthand accounts Much has been written about the Royal Air Force during the Second World War memoirs biographies histories of Fighter and Bomber commands technical studies of the aircraft accounts of individual operations and exploits but few books have attempted to take the reader on a journey through basic training and active service as air or ground crew and eventual demobilization at the end of the war That is the aim of James Goulty s *Eyewitness RAF* Using a vivid selection of testimony from men and women he offers a direct insight into every aspect of wartime life in the service Throughout the book the emphasis is on the individual s experience of the RAF the preparations for flying flying itself the daily routines of an air base time on leave and the issues of discipline morale and motivation A particularly graphic section describes in the words of the men themselves what it felt like to go on operations and the impact of casualties airmen who were killed injured or taken prisoner What emerges is a fascinatingly varied inside view of the RAF that is perhaps less heroic and glamorous than the image created by some postwar accounts but gives readers today a much more realistic appreciation of the whole gamut of life in the RAF seventy plus years ago **The Cumulative Book Index** ,1992 A world list of books in the English language Miscellaneous Publications Great Britain. Ministry of Information,1941 **Royal Air Force, 1939-1945: Saunders, H. St. G. The fight is won** Denis Richards,Hilary Aidan St. George Saunders,1975

Royal Air Force: The fight is won, by Hilary St. George Saunders Denis Richards,1953 Royal Air Force, 1939-1945: The fight is won, by H. St. G. Saunders Denis Richards,1953 **The Pathfinders** Will Iredale,2021-07-15 THE SUNDAY TIMES BESTSELLER Military History Matters Book of the Year Bronze Award Winner Compelling sensitive colourful and moving Saul David Telegraph Fascinating and utterly gripping James Holland Absorbing Daily Mail Book of the Week The incredible story of the crack team of men and women who transformed RAF Bomber Command and helped the Allies deliver decisive victory over Nazi Germany The Pathfinders were ordinary men and women from a range of nations who revolutionised the efficiency of the Allies air campaign over mainland Europe They elevated Bomber Command initially the only part of the Allied war effort capable of attacking the heart of Nazi Germany from an impotent force on the cusp of disintegration in 1942 to one capable of razing whole German cities to the ground in a single night striking with devastating accuracy inspiring fear and loathing in Hitler s senior command With exclusive interviews with remaining survivors personal diaries previously classified records and never before seen photographs The Pathfinders brings to life the characters of the airmen and women many barely out of their teens who took to the skies in legendary British aircraft such as the Lancaster and the Mosquito facing almost unimaginable levels of violence from enemy fighter planes to strike at the heart of the Nazi war machine **Journey's End** Kevin Wilson,2010-06-10 A brilliant insight into life in the air and on the ground Observer In February 1945 British and American bombers rained down thousands of tons of incendiaries on the city of Dresden killing an estimated 25 000 people and destroying one of the most beautiful cities in Europe The controversy that erupted shortly afterwards and which continues to this day has long overshadowed the other events of the bomber war and blighted the memory of the young men who gave their lives to fight in the skies over Germany Journey s End neither condemns nor condones the bombing of Dresden but puts it in its proper context as part of a much larger campaign To the young men who flew over Germany night after night there were other much more pressing worries the V2 rockets that threatened their loved ones at home the brand new German jet fighters that could strike them at speeds of over 600mph They lived life at a heightened tempo during these final unforgiving months of the bomber war when no quarter was given on either side As the climactic volume in Kevin Wilson s acclaimed bomber war trilogy Journey s End chronicles the brutal endgame of a conflict that caused such devastation and tragedy on both sides **Royal Air Force Bomber Command Losses of the Second World War: Aircraft and crews lost during 1939-1940** W. R. Chorley,1992 This is the first volume in the series which deals with the losses sustained by the RAF Bomber Command during the 2nd World War It has already found favour with historians and those friends and relatives affected by the loss **Jahresbibliographie** Bibliothek für Zeitgeschichte (Germany),1994 **Target London** Christy Campbell,2012-03-29 During the darkest days of the Second World War the Allies listened intently to the messages of the enemy Every whisper built a picture of the threat to come weapons that were terrifying in their murderous capabilities Target London is the dramatic tale of the inception of the German V weapons the

Allies epic race to discover the truth about them and the rockets effects on the streets of London Investigative historian Christy Campbell brilliantly interweaves the many strands of this gripping episode At the heart of this tale is London the target of Nazi Germany s plan to crush British morale *The Aeroplane* ,1947-07

Right here, we have countless book **Bombs On Target A Compelling Eyewitneb Account Of Bomber Command Operations** and collections to check out.
