Bonds Of Freedom Feminist Theology And Christian Realism:

The Bonds of Freedom Rebekah Miles,2001 Miles contends that an increasingly radical feminist emphasis on divine immanence and human boundedness has undercut key assumptions upon which feminism rests Niebuhr s realism she believes can be the source of a necessary correction

The Bonds of Freedom Rebekah L. Miles,2001 **The Bonds of Freedom** Rebekah L. Miles,2001-08-23 In this constructive study Miles proposes a new feminist theological ethic drawing together the contributions of Reinhold Niebuhr Sharon Welch and Rosemary Ruether Seeking to critically reappropriate the Christian realism articulated by Niebuhr she reinterprets solutions to problems emergent from his theology Miles presents feminist Christian realism as an alternative that can reclaim a positive interpretation of divine transcendence and human self transcendence while maintaining newer emphases on human boundedness and divine immanence Theologians and ethicists will find her critical reassessment of the three authors distinctive and her challenging proposal for a positive creative transformation a significant contribution to the development of feminist ethics

Gendering Christian Ethics Jenny Dagers,2012-11-30 Gendering Christian Ethics brings together ethical reflections by a new generation of European and American researchers Contributors are well versed in feminist theology and feminist theory chapters build on foundations laid by pioneers who first raised questions of gender and Christianity Christian ethics have a bearing on the conduct of Christian theology church or institution and on distinctive Christian ways of engaging with the wider world Gendering Christian Ethics addresses these inner and outer dynamics

Politics and the Order of Love Eric Gregory,2008-08-15 Augustine for all of his influence on Western culture and politics was hardly a liberal Drawing from theology feminist theory and political philosophy Eric Gregory offers here a liberal ethics of citizenship one less susceptible to anti liberal critics because it is informed by the Augustinian tradition The result is a book that expands Augustinian imaginations for liberalism and liberal imaginations for Augustinianism Gregory examines a broad range of Augustine s texts and their reception in different disciplines and identifies two classical themes which have analogues in secular political theory love and related notions of care solidarity and sympathy and sin as well as related notions of cruelty evil and narrow self interest From an Augustinian point of view Gregory argues love and sin constrain each other in ways that yield a distinctive vision of the limits and possibilities of politics In providing a constructive argument for Christian participation in liberal democratic societies Gregory advances efforts to revive a political theology in which love s relation to justice is prominent Politics and the Order of Love will provoke new conversations for those interested in Christian ethics moral psychology and the role of religion in a liberal society

maritime Southeast Asia in the twentieth century *Hsieh Liang-tso and the Analects of Confucius* Thomas W. Selover, 2005-01-20 Hsieh Liang tso c 1050 c 1120 known as master Shang ts ai was one of the leading direct disciples of Cheng Hao and Cheng I the two brothers who were the early leaders of the Confucian revival known as Neo Confucianism in Northern Sung China Hsieh was thus among the first to recognize and follow the insights of the Cheng brothers as definitive of the authentic Confucian tradition a recognition that became the conviction of the majority of later Confucian scholars and practitioners The present book is a focused analysis of the core value of Confucian thought namely jen humanity or co humanity through an investigation of Hsieh Liang tso s analysis of the Analects of Confucius Selover argues that Hsieh s handling of key issues in interpreting and applying the Confucian Analects his experiential reasoning and his deference to scriptural classics and earlier tradition bear important similarities to the practice of theology in Western religious traditions The volume also contains a translation of Hsieh s commentary on the Analects as well as a foreword by the renowned scholar of Confucianism Tu Wei ming **Ethics and Advocacy** Harlan Beckley, Douglas F. Ottati, Matthew R. Petrusek, William Schweiker, 2022-03-25 Ethics and Advocacy considers the connections and differences between critical reflection or moral arguments or narratives and advocacy for particular issues regarding justice and moral behavior and dispositions The chapters in this volume share an interest in overcoming polarizing division that does not enable fruitful give and take discussion and even possible persuasive justifications The authors all believe that both ethics and advocacy are important and should inform each other but each offers a divergent point of view on the way forward to these agreed upon ends Our shared goal is to avoid academic withdrawal and to speak relevantly to the important issues of our day while halting or at least mitigating the disruptive discourse almost shouting that characterizes our polarized current society **Beyond the Walls** Joseph Palmisano, 2012-10-25 Joseph Palmisano explores the interreligious significance of empathy for Jewish Christian understanding Drawing on the writings of Rabbi Abraham Joshua Heschel 1907 1972 and Edith Stein 1891 1942 he develops a phenomenological category of empathy defined as a way of remembering oneself with the religious other Palmisano follows Heschel s and Stein s personal and spiritual journeys through the darkest years of Nazi Germany He shows that Heschel s call to Christian interlocutors for a return to God is an ecumenical call to humanity to embrace perceived others a call to live life as a response to God s pathos This call finds a prophetic answer in Edith Stein s witness of empathy with regard to the Holocaust Stein a Catholic creates a dialectical bridge with the Jewish other neither distancing herself nor denying her Jewish roots Stein s simultaneously Jewish and Christian fidelity is a model for interreligious relations It is also a challenge to Catholics to remember their religion s Jewish heritage through new categories of witnessing and belonging with others Beyond the Walls is a critical contribution to the fostering of interreligious understanding offering both a model of the ideal Jewish Christian relationship in Heschel and Stein and criteria with which to evaluate contemporary initiatives and controversies concerning interreligious dialogue
